FOR SALE

1,760+ ACRES

Some of my neighbors have said I'm going broke. So, I better sell before the bank forecloses on me.

This farm is on the Washita River and Sandstone Creek.

The farming land is very poor. Grass will not keep a goat alive. Fences will not hold a milk cow. The four irrigation wells will not produce enough water to drown a rat, plus they are broke down three-quarters of the time. This farm is a First-Generation Farm - one of the few in this location.

Selling as one unit - \$3,200/Acre

If interested, contact Tom Goodwin, Attorney at Law, Cheyenne - 580-497-3466

EXPLORING ENERGY NEWS

America's Energy Reliability

By: Mark A. Stansberry,
Award-Winning Author
Energy Advocate
and Chairman
of The GTD Group
www.nationalenergytalk.com
FACEBOOK: National
Energy Talk

"Creating Together the People's Energy Plan" was the subtheme of my book entitled, America Needs America's Energy. A dependable energy plan is necessary for all of us. Our nation, states, cities, corporations and consumers are all faced with the challenge of "striving for energy efficiency and environmental preservation."

In mid-February of this year, unusual weather made an impact on Texas and other regional states. The Energy Reliability Council of Texas (ERCOT) was challenged in their preparation for energy reliability. Texas' infrastructure was under a multi-energy-sector's failure. For almost four days or more, Texans did not have access to their energy needs, and problems mounted.

Planning is essential at all levels! ERCOT's council members were mainly from out of state. This is an example of how we must meet the challenge of having qualified individuals lead in this nation, based upon their knowledge of their particular sector. In this nation, we have an individual leading our climate change initiative who travels using jet fuel and doesn't carry the example of combining energy usage and environmental preservation. Another example is an individual who has served on a natural gas company board, but does not support fossil fuels. In

order to have a plan, we need to have direction and consistency.

All forms of energy need to be a part of the national dialogue, in order to have a smooth transition as possible. In order to have a transition, the use of oil and natural gas is an important part of America's energy future. The infrastructure alone, in the oil and gas industry, is vital to not only energy usage, but economic prosperity and national security. All natural resources are important to future generations. A plan needs to be in place that transitions America and that unites us, not divides us.

The energy industry is a very complex sector. According to the Office of Energy Efficiency and Renewable Energy, "You probably don't think about what's happening behind the scenes every time you flip a light switch or turn on the air conditioner, but there is a lot that goes into "keeping the lights on." Beyond the watts that you use, which is what your local utility uses to calculate your electric bill, there are a number of additional parts necessary to keep electricity flowing." The Office of Electricity, US Department of Energy, says "Modernizing America's electricity infrastructure is one of the U.S. Department of Energy's top priorities. The nation's electric grid needs to be more efficient, reliable, and secure."

The nine points of the current Administration's plan are the following:

- 1) Take executive action on Day 1 to not just reverse all of the damage Trump has done, but go further and faster.
- 2) Work with Congress to

Mark A. Stansberry

enact in 2021, President Biden's first year in office, legislation that, by the end of his first term, puts us on an irreversible path to achieve economy-wide net-zero emissions no later than 2050.

3) Rally the world to urgent and additional action.

4) Make a historic investment in clean energy and innovation.

5) Accelerate the deployment of clean technology throughout our economy.

6) Make environmental justice a priority across all federal agencies.

7) Hold polluters accountable.

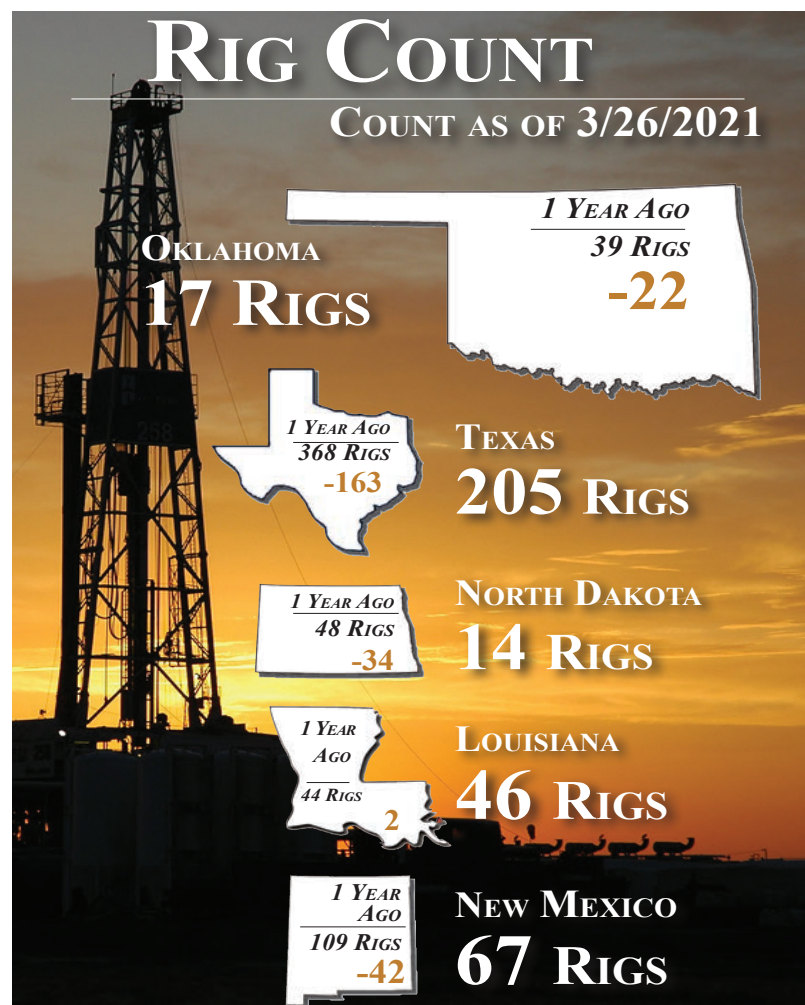

8) Create 10 million good-paying, middle-class, union jobs.

9) Fulfill our obligation to the communities and workers that have risked their lives to produce fossil fuels that made it possible for America to win world wars and become an industrial power.

In order for the U.S. to be successful in energy policy, the oil and gas industry has to be factored in. The message to OPEC+ and countries throughout the world, is that we maintain our energy resources, work force, security and geopolitical influence.

This is part one in a series on America's energy reliability. Your input is needed. Contact your representatives to let them know how you feel/think!

America needs America's energy! All forms. All American. Future generations are depending on us to keep the American dream alive!

Farm & Ranch

Tax rates need to be watched

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

The problem I have with that is that it just gives corporations one more reason to move their business overseas rather than just keep it here. I'm sure China loves that plus some other foreign countries.

Income and payroll taxes, small business and capital gains and dividend taxes are likely to go up.

All I got to say is if you are in line to inherit some property or cash from

someone then my advice is to do your best to keep them alive until we change policies, or another administration. The president told everyone he was going to raise taxes but the only problem I see is all these protesters against Trump some never paid a tax yet and don't plan on it. And for sure some of them it could have been their first paid job and that was to protest.

Even though

it made smaller receipts at the auction the snow and rain was welcomed even as bad as I hate snow. I believe that was the wettest snow I have ever seen. We should have an excellent start for grass and a great push for wheat.

Would someone call the packers and ask them if they shouldn't be getting more of the profit on these fat cattle? Cause I'm afraid they will shut the door

and quit killing cattle cause now if the big four kill 80% of the 650,000 cattle each week and only make \$400 per head that only leaves them \$208 million to split up between the four of them each week.

I wouldn't put this story in but it is the truth. There were three guys named Troy, Trey and Tat. A friend met these three guys and then he said, "Are you three related?" Troy said, "We are

triplets." This friend said, "Now, how can you three be triplets when two of you are 6-foot tall and one of you is only 4-foot tall?" Troy said, "We were breast fed and there

was no teat for tat."

Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

Woodward Livestock Auction Report

THURSDAY, MARCH 25, 2021

Receipts: 2,974 Last Reported: 2,345 Last Year: 2,823

Compared to last week: Feeder steers 1.00 to 3.00 lower. Feeder heifers 1.00 to 3.00 higher. Steer calves mostly steady on a light test. Heifer calves 4.00 to 6.00 lower. Demand was moderate. Quality average. Supply included: 100% Feeder Cattle (39% Steers, 59% Heifers, 2% Bulls). Feeder cattle supply over 600 lbs was 69%.

Member Services Cashier

Job Description: Northfork Electric Cooperative is looking for an upbeat individual to serve as the face of our cooperative in this full-time position.

About Us: We are a member-owned not for profit cooperative that provides rural electricity in West Central Oklahoma.

About the Role: As the first person members engage with when entering the cooperative, you will be responsible for greeting both in person and via telephone to ensure all members and visitors are dealt with in a professional and timely manner. Among the responsibilities of the role are:

- Process payments
- Maintain and daily reconcile the cash drawer
- Assist members with inquiries about electric usage, bills, or other questions
- Process service order requests

About You: The ideal candidate will have the following skills and experience:

- Minimum High School Diploma or Equivalent
- General Office and Cashier Experience
- Caring Attitude
- Detail Oriented
- Excellent Communication Skills
- Knowledge of core computer programs and an aptitude for working with new systems & software

If this sounds like a fit for you, please send your resume to tawny@nfecoop.com or fill out an application at our Sayre office at 18920 E 1170 RD. Applications are also available online at www.nfecoop.com under employment opportunities. Posting closes March 31, 2021.

NFEC is an equal opportunity provider and employer.

“Possibly Intoxicated” Driver Crashes Vehicle – 9 Youth Inside

March 29, 2021 - A vehicle carrying nine juvenile passengers ranging in ages between 11 and 2 – all from Clinton and Weatherford – was involved in a two vehicle accident Saturday night in Canadian County near Calumet.

According to the Oklahoma Highway Patrol, the driver was possibly intoxicated.

The OHP report said that the mishap occurred four miles south of Calumet at the intersection of U.S. Highway 66 and U.S. Highway 270 when 40-year-old Freddie Stone of El Reno was traveling west-bound on U.S. 66 in a 2005 Nissan Murano when he failed to stop at the stop sign at the intersection of the highways. The driver failed to see the 2015 Peterbuilt tractor that was in the process of clearing the intersection, and struck the semi. As a result of the crash, the Murano went under the trailer before departing the roadway – striking utility pole lines.

Stone was airlifted to OU Medical Center in Oklahoma City where he was admitted with a traumatic brain injury and facial fractures. He was last listed to be in critical condition.

Of the nine juveniles in the vehicle, only one was admitted into the hospital. A 7-year-old boy from Weatherford was taken to OU Children’s Hospital in Oklahoma City with a spinal injury.

Four were treated and released at SSM Health St. Anthony Hospital in El Reno with trunk external injuries. The youngest occupants, a 4-year-old female from Clinton, a 3-year-old female of Weatherford, and a 2-year-old male from Weatherford were all uninjured in the crash.

OHP listed the condition of Stone as being “possibly intoxicated” and says he was wearing a seat belt at the time of the mishap. It is not known how many, if any, of the children were wearing seat belts or in car seats.

The driver of the semi was uninjured.

Semi Leads Multiple State Agencies on High Speed Pursuit

March 29, 2021 - A semi truck led multiple agencies from two states on a high speed pursuit recently after an alleged road rage incident in the state of Texas.

The suspect was ultimately caught and arrested in Beckham County.

According to the probable cause affidavit the Beckham County Sheriff’s Department was notified of a 2006 Freightliner that was leading Texas law enforcement on a high speed pursuit on eastbound Interstate 40 on the morning of March 22. When the semi crossed into Oklahoma, Sherriff’s Deputies were waiting, and picked up the pursuit near the 5 mile marker. The semi, driven by 41-year-old Mervin Lynn Peachy of Mifflin, Pennsylvania, eventually came to a stop where a deputy gave verbal commands to exit the vehicle – however the suspect refused. The deputy along with help from a Corporation Commission Officer extracted Peachy through the driver’s side window after smashing it open.

Peachy was arrested and booked into the Beckham County Detention Center without incident.

The court document stated that a search of the vehicle would produce a small baseball bat in the dash – in front of the driver.

After further investigation, it was revealed in the affidavit that the chase started after Peachy allegedly had ran another motorist off the roadway in Gray County, Texas. Wheeler County Dispatched advised that the pursuit was in excess of 84 mph.

Court records also reveal that Peachy has a history of evading police with an evading a peace officer conviction in California in 2008.

Peachy was charged in Beckham County with endangering others while eluding or attempting to elude a police officer, and resisting an officer.

Bond was set for Peachy at \$20,000.

His first court date is scheduled for April 12.

A support group for bereaved parents, grandparents and siblings, The Compassionate Friends, meets the third Monday of each month at 7 pm at The Farm Bureau community room, 2702 West Modelle in Clinton, for further information, email tcfwesternoklahoma@gmail.com. tfc

Understanding What We Read

For Students Of The Bible

We Christians celebrate the death and resurrection of our savior Jesus Christ. Why did this have to happen? First we need to understand what caused man to be disconnected from the most Holy God. “Wherefore, as by one man sin entered into the world, and death by sin; and so death passed upon all men, for that all have sinned” (Romans 5:12). Who was this man that brought this death sentence upon us? “For as in Adam all die...” (1st Corth15:22). Because of the sinful nature of man, the only way to even have a chance to reconnect with God was by the death of his sinless son, Jesus. “For as by one man’s disobedience many were made sinners, so by the obedience of one shall many be made righteous” (Rom 5:19). Even though Adam brought sin and death upon us, we all have a chance to get back into the grace of God, due to the death of Jesus, IF we follow his stipulations. “For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life” (John 3:16). To believe in him covers many broad parameters. We should not only believe what Jesus tells us, but we should understand who he is. Paul said he was a man (human being) who is our mediator or go between to petition God (1st Tim 2:5). Paul said in order to be saved we must keep in memory that Christ died, he was buried for 3 full days and was resurrected out of the death state (1st Cor 15) (Can God die?) “Greater love hath no man than this that a man lay down his life for his friends. Ye are my friends, IF ye do what- soever I command you” (John 15:13, 14). Jesus suffered a terrible price in order for us to have a chance of eternal life. Just as sure as God brought Jesus out of his tomb and made him alive again, can we trust the power of God that he will bring all of our loved ones out of their grave to be made alive again (John 5)? All of the prophets believed this, they died, are still in their graves and awaiting Jesus return (Hebrews 11). Jesus tells us where they will live in Matthew 5:5, but on a renewed earth cleansed with fire (2 Peter 3:11).

RED ROCK remedies

www.redrockremedies.com

We are a greenhouse located in Central Oklahoma.

WE DELIVER STATEWIDE!

GELATO • LSD • DREAM QUEEN • STORM CHASER • BLUEBERRY MUFFIN • PINEAPPLE UPSIDE DOWN CAKE

(DWC) DEEP WATER CULTURE STYLE GROW

We pride ourselves on a quality hydroponic grow process which ensure proper nutrients to our plants.

Why grow DWC? Faster growth - Plants grown in deep water culture intake more oxygen directly from the air than from the oxygen dissolved in water. DWC allows the roots to absorb large quantities of oxygen also allowing the intake of balanced nutrients. This leads to accelerated growth throughout the plant's life, bringing quality medical cannabis to the patients quicker. In DWC, growers have control over nutrients, which means growers can fix nutrient problems quickly. DWC growers are also least likely to have their garden attacked by bugs or pests (though it's definitely still possible). Therefore, it reduces the need for pesticides, allowing us to keep your medicine clean and sticky!! We believe DWC is the best way to grow cannabis.

FEATURED STRAIN OF THE MONTH!

STORM CHASER

Storm Chaser is an indica leaning hybrid cross of Skywalker - Kosher Chem - Zookies that offers a sweet grape like aroma, with heavy earth undertones. I got this strain from my friends at Red Rock Remedies out of Guthrie. The buds were fluffy, light green with hints of purple and light orange pistils, very sticky but broke down decently well and smoked slowly thanks to it! The taste matched the smell pretty accurately, but also offered a clean, almost purified note. I did notice this flower gave me the munchies pretty bad, but then I slept like a baby so I highly recommend for that (lol!), migraines or headaches, anxiety and depression. - reviewed by Jonell, Best Buds

Blue Dream	Sundae Driver	Power Plant	Ice Cream
			
			
Blue Dream Blue Dream is a slightly sativa dominant hybrid (60% sativa / 40% indica) strain that is a potent cross between the hugely popular Blueberry X Haze strains.	Sundae Driver Sunday Driver is an evenly balance hybrid strain (50% indica / 50% sativa) created by crossing delicious Fruity Pebbles X Grape Pie strains.	Power Plant Power Plant is a relatively upbeat strain and is an inbred descendant of native South African sativas, though it also has some indica genes 65:35 sativa/ indica ratio.	Ice Cream Ice Cream is an indica dominant marijuana strain with an indica/sativa content of 60/40%. It is hybrid cannabis produced by Paradise Seeds

Understanding What We Read

For Students Of The Bible

We Christians celebrate the death and resurrection of our savior Jesus Christ. Why did this have to happen? First we need to understand what caused man to be disconnected from the most Holy God. "Wherefore, as by one man sin entered into the world, and death by sin; and so death passed upon all men, for that all have sinned" (Romans 5:12). Who was this man that brought this death sentence upon us? "For as in Adam all die..." (1st Corth15:22). Because of the sinful nature of man, the only way to even have a chance to reconnect with God was by the death of his sinless son, Jesus. "For as by one man's disobedience many were made sinners, so by the obedience of one shall many be made righteous" (Rom 5:19). Even though Adam brought sin and death upon us, we all have a chance to get back into the grace of God, due to the death of Jesus, IF we follow his stipulations. "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life" (John 3:16). To believe in him covers many broad parameters. We should not only believe what Jesus tells us, but we should understand who he is. Paul said he was a man (human being) who is our mediator or go between to petition God (1st Tim 2:5). Paul said in order to be saved we must keep in memory that Christ died, he was buried for 3 full days and was resurrected out of the death state (1st Cor 15) (Can God die?) "Greater love hath no man than this that a man lay down his life for his friends. Ye are my friends, IF ye do what-soever I command you" (John 15:13, 14). Jesus suffered a terrible price in order for us to have a chance of eternal life. Just as sure as God brought Jesus out of his tomb and made him alive again, can we trust the power of God that he will bring all of our loved ones out of their grave to be made alive again (John 5)? All of the prophets believed this, they died, are still in their graves and awaiting Jesus return (Hebrews 11). Jesus tells us where they will live in Matthew 5:5, but on a renewed earth cleansed with fire (2 Peter 3:11).

WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.
