## Prices are not in sync with the market

I have preached it and preached it and there are a few others that have too.

But if this last surge in beef prices with a decline in fat cattle hasn't gotten your attention then you are either an idiot, have your head under a rock or you are working for

for fear of retaliation from the packer.

One of those four brackets pretty well should say where you stand. There are a handful of large producers who are also getting filthy rich. But there are a lot of medium-sized feedlots getting \$1 per hundred more than what they quote as a top end and that should say band together and say enough is enough.

Last week Choice beef was quoted at \$292.50 per hundred-weight and Select at \$279. If you figure half Choice and half Select with a yield of 63% that figure of \$180.02 is what we should be getting for fats. That

gives the packer \$810 per head profit while we are losing money and the packer has the offal to more than pay the processing.

I challenge you to demand every county cattle organization, plus state organizations and national cattle organizations to not only say but show you what they are doing to bring awareness to this. If you see nothing than they are doing nothing. And if you have a kid that is not up to par the best way to get his attention is to cut off his money source.

So do the same if you see nothing. Cancel your membership.

We are at a do-or-die situation for cattlemen—wake up!

Two ole grumpy men from a retirement center were sitting on a bench under a tree. When Chester turned to Slim and said, "Slim, I'm 83 years old now and I am full of aches and pains." He said, "Slim, I know you are about my same age. How do you feel?"

Slim says, "I just feel like a newborn baby." Chester said, "Really? Like a newborn baby?"

Slim said, "Yep—no hair, no teeth and I think I just wet my pants."

## Understanding What We Read

### WHAT IS TRUTH

(Continued from last week) Matthew 11:28 (NASB), "Come to Me, all who are weary and burdened, and I will give you rest. (29) Take My yoke upon you and learn from Me, for I am gentle and humble in heart, and YOU WILL FIND REST FOR YOUR SOULS. (30) For My yoke is comfortable, and My burden is light." When we learn more of Jesus, then the more we try (or should try) to imitate him. I learned so many things of Him. I learned of His compassion toward people. I learned that He has a love for people like no other. I came to a point that I did not want just to know about Him, but I wanted to know Him, for who He really is. I wanted to know more of love and His compassion. I not only wanted to know more of Him, but I wanted to be more like Him. Have I reached that point yet? Just when I think I may have, I see myself coming short, and then I hang my head in shame at times and ask the Lord Jesus to please forgive me. Not only do we learn of His compassion and His love, but just listen what He commands of us, who name the name of Christ in John 13:34-35. "A new commandment I give unto you. That ye love one another; as I have loved you, that ye also love one another (35) By this shall all men know that ye are my disciples, if ye have love one to another." The key to living in this life is to have Jesus living in our hearts. May God help us in the days ahead to be more like our Lord May there be such a desire to be like Him, that we settle for nothing less. Till next time. ## Deadly Crash Near Eakly

May 10, 2021 - A Weatherford woman died from injuries she sustained in a one vehicle accident in Caddo County.

According to the accident report provided by the Oklahoma Highway Patrol, the mishap occurred Friday afternoon, just after 1:30 when while driving a 2002 GMC Yukon southbound on State Highway 58 near Eakly, 23-year-old Jami Deevers became distracted while talking to one of the two passengers.

OHP says this caused the vehicle to depart the road to the right for approximately 316 feet before entering back onto the road. The driver would then over correct the vehicle, causing it to roll two full times before coming to rest in a ditch.

During the wreck, a passenger, 70-year-old Donna Chasenah of Weatherford, was ejected for approximately 80 feet. The other passenger, 24-year-old Isaiah Harjo also of Weatherford, was pinned inside the vehicle for approximately 30 minutes before being freed by the Eakly Fire Department.

Both Deevers and Harjo were treated and released at Weatherford Regional Hospital, however Chasenah was flown to OU Medical Center where she was admitted in critical condition with head, arm, leg, and trunk internal and external injuries. She would later succumb to her injuries later that night.

OHP says Chasenah was the only occupant in the vehicle not wearing a seat belt at the time of the crash.

## President Randy L. Beutler Endowment Established at SWOSU

May 6, 2021 - Southwestern Oklahoma State University (SWOSU) with locations in Weatherford and Sayre has announced the establishment of the President Randy L. Beutler Endowment.

The endowment will provide financial assistance in perpetuity to SWOSU students, faculty and programs in honor of outgoing SWOSU President Randy L. Beutler. Beutler plans to retire at the end of June.

The SWOSU Foundation, Inc. Board of Trustees, along with a generous group of over 70 preliminary underwriters from throughout Oklahoma and the United States, have already contributed almost \$80,000 to the endowment it was also announced that the public is now invited to contribute to help the fund exceed \$100,000, with each contribution to be recognized personally by President Beutler.

Beutler was named the 17th president of SWOSU in February 2010. When he retires on July 1, 2021, he will be completing nearly 12 years leading the institution, becoming the fourth longest-serving president in institutional history.

Under his leadership, the largest building project in the history of the university, the 93,000 square foot Pioneer Cellular Event Center, was completed. A partnership with Yukon Public Schools was conceived and implemented and Beutler has also worked closely with the President’s Leadership Class, which he developed while working under former SWOSU President, the late John Hays.

He currently is a partner in Beutler-Redd Ranches, Limited, a cow-calf ranch that operates north of Elk City.

## Sweetwater Man Charged with Lewd Acts with a Child

May 5, 2021 - A Sweetwater man was arrested Tuesday after being charged with two felony counts of lewd or indecent acts to a child under the age of 16 in Beckham County District Court.

A warrant was issued last week for the arrest of 66-year-old Lanny Dean Holland after a nearly year long investigation showed that he allegedly had touched his granddaughter inappropriately on multiple occasions while living in the home.

The girl was 10-years-old during the time of the alleged acts.

According to a probable cause affidavit filed by the Oklahoma State Bureau of Investigation, a report of alleged child sexual abuse was made to the Beckham County Sheriff’s office on May 30, 2020 by the child’s parents. During a forensic interview with the child, she would claim that Holland inappropriately touched the child on multiple occasions inside the home, and at one time while the two were inside the living quarters of the family’s horse trailer while at the Clinton Livestock Auction in February, 2020.

During an interview with authorities on June 3, 2020, Holland would deny the allegations.

While serving a search warrant of the home where most of the incidents would have taken place, authorities would find a pair of the child’s gym shorts in Holland’s bed.

Along with the felony charges, Holland would also be charged with engaging in a pattern of criminal offenses.

Court records show Holland was arrested on Tuesday.

A conference hearing has been scheduled in Beckham County for Holland on June 28.

#### HOW MUCH DAMAGE CAN FLIES ACTUALLY DO?

The negative impact that flies have on the beef industry, during the summer, is staggering! Horn flies alone, cost the beef industry an estimated \$1 billion.

#### -NEGATIVE IMPACT OF FLIES TO YOUR HEARD-

- Flies are a threat to your bottom line.
- Bunching of animals and changes in grazing patterns.
- Cattle congregate in the driest, dustiest areas to help combat flies. As a result, cattle overgraze in those areas, and under-utilize other areas
  - Decreased milk production
- Reduced weight gain and reduced weight of weaning calves

#### OUR FOCUS?

We focus our attention on helping ranchers protect their cattle against flies through the summer, thus reducing stress, helping with grazing behaviors and increasing milk production and weight gains.

**Happy cows make for happy calves and happy ranchers!**

**(DWC) DEEP WATER CULTURE STYLE GROW**  
 We pride ourselves on a quality hydroponic grow process which ensure proper nutrients to our plants.

Why grow DWC? Faster growth - Plants grown in deep water culture intake more oxygen directly from the air than from the oxygen dissolved in water. DWC allows the roots to absorb large quantities of oxygen also allowing the intake of balanced nutrients. This leads to accelerated growth throughout the plant's life, bringing quality medical cannabis to the patients quicker. In DWC, growers have control over nutrients, which means growers can fix nutrient problems quickly. DWC growers are also least likely to have their garden attacked by bugs or pests (though it's definitely still possible). Therefore, it reduces the need for pesticides, allowing us to keep your medicine clean and sticky!! We believe DWC is the best way to grow cannabis.

**FEATURED STRAIN OF THE MONTH!**

**DREAM QUEEN**

*Dream Queen is a hybrid marijuana strain made by crossing Blue Dream with Space Queen. Dream Queen produces effects that will leave you in a euphoric, uplifted state after just a puff or two. This strain hints of pineapple, bubblegum, citrus and menthol. Within minutes of one deep puff off my pipe I felt uplifted, energized, creative (happy) minded and ready to go play in my garden. After a day of one thing after another, another, this is exactly what I needed. Thank you RED ROCK REMEDIES for this refreshing, uplifting TOP SHELF medicine!*

Located south of Mooreland on Hwy 50 4 miles, then west on County Road 44 for 1 mile, then south on NS 211 for 1/4 mile. County Road 44 for 1 mile, then south on NS 211 for 1/4 mile. Selling 118± Acres of Woodward Co. Land! This land has several beautiful home sites. Located just minutes from Mooreland or go west to Hwy 270 and right into Woodward. There is a 1980 mobile home with 3 bedrooms, a water well, and electricity. East in the pasture is a second water well that is powered by a windmill. Hunting in this area is excellent. It's a rare opportunity to buy in this area.  
**Seller: Larry Alen Pruitt Revocable Trust and Linda Pruitt Revocable Trust, and Margaret Cole POA**

**LAND AUCTION**  
**FRIDAY, MAY 21 10 A.M.**  
**Auction Location: Smith & Co. Auction Facility**  
**Selling 436± Acres in 3 Tracts South of Mooreland, OK**  
**Tract 1 - 321.12 Acres:** This is a reputation farm known for many years as the Herman Harper Place. There is an older home constructed in 1910 sitting in a beautiful area surrounded by several trees and a 50 x 60 steel machinery shed. There is a water well at the house and two water wells in the pasture. The pasture has good exterior fences, a small improved grass field just south of the home, and the balance in mature grass. The land has county road access from the west side and a mild rolling type terrain that supports livestock grazing as well as excellent hunting.  
**Tract 2 - 39.4 Acres:** Tract #2 has lots of trees and the remnants of an old homestead. Fence is decent on one side and could use improvement on the other 3 sides.  
**Tract 3 - 49.87 Acres:** Tract 3 is located SW across Tract 2 and another land owner with no easement. This land has the North Canadian River on it and fences are good on the west side but could use improvement on the other sides. The acreage represented is per the assessor's office and takes into account the river accretion.
