## Drs. Mori & Teri White, DDS

### Sedation Dentistry Calms Fears...

Take a *pill* and *snooze* through your dental appointment.

**F**or many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

*Drs. Mori & Teri White  
practice cosmetic,  
implant and family  
dentistry at 2802 8th  
Street, Woodward, OK

## July 4 a reminder of what is important in life

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

I hope you had a good 4th of July. That is time I think a lot of us get wrapped into the festivities and get-togethers and often forget about the lives that were lost so that you and I can have the freedoms we have.

It is one thing to donate your time for something but it is a whole different story

to put your life on the line and possibly lose it so that the rest of America can have a great time with freedom of speech, freedom of religion, freedom to own property and many more freedoms that we often take for granted.

That's why I think it is extremely important to show respect. Respect for the

flag, respect for when someone is praying and respect for others. You may think the opposite of what I stand for by my peculiar sense of humor.

But from a very early age—actually day one—when I adopted the boys they were told to hold the door open for others and particularly for a woman. And that they should say thank you when someone does something for them. In fact, I would often wash off grapes or peel apples for them when they were younger and they soon learned very fast when I handed it to them they had one second to say thank you or I wouldn't let them have the fruit.

We try to say thank you to all our customers when they sell cattle at the sale. One gal working at the sale said a few years ago that telling the customers "thank you" was simply kissing their rear. I said, "I disagree. The day I get too proud to say thank you then a person is simply too high and mighty."

I just was corrected. I didn't know that when someone asks you who your favorite child was that I didn't know I was supposed to pick one of my own.

If you get a loan at the bank you will be paying on it for 30 years. If you rob a bank you will be out in 10 years.

I was headed to the store and I asked

my wife if she wanted anything. She said, "Yes, I want a sense of meaning and purpose in my life. I want fulfillment and completeness within my soul."

She said, "I want to connect to God and discover the spiritual side of me."

I hollered back and said, "Be more specific. Do you want beer or vodka?"

*Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Sapulpa, Oklahoma.*

### Woodward Livestock Auction Report

THURSDAY, JULY 8, 2021

Receipts: 2,135 Last Reported: 3,565 Last Year: 4,701

Compared to the last sale two weeks ago on June 24th: Feeder steers 3.00 to 8.00 higher. Feeder heifers steady to 5.00 higher.

Steer and heifer calves lightly tested but a much stronger undertone was noted. Quality average. Demand moderate to active. Supply included: 100% Feeder Cattle (62% Steers, 37% Heifers, 2% Bulls). Feeder cattle supply over 600 lbs was 90%

## Altosid IGR Mineral Tub

**It's a fact! The constant biting of horn flies inflicts excessive stress on cattle. Fly counts can reach up to 2000 flies per animal, taking up to a gallon of blood in a 135-day fly season. Control horn flies all season with Altosid IGR Wind & Rain Mineral Tubs and you will see a difference in your heard. Begin putting Altosid IGR out in the spring. Continue feeding Altosid IGR throughout the summer until 30 days after the first frost to help prevent horn flies.**

**WIND AND RAIN® STORM® FLY CONTROL MINERAL CONTAINS ALTOSID®**

**ALTOSID® IGR SOLUTION**  
Altosid is ingested with cattle's mineral or feed. As they graze, cattle disperse IGR via their manure.

Adult horn flies live 2 to 4 weeks, taking 20 to 30 blood meals per day.

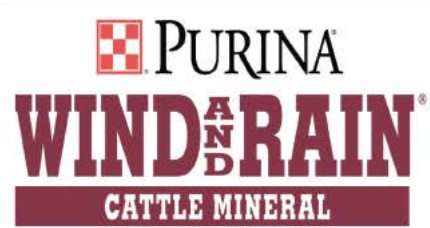

In 1 to 2 days, eggs hatch into larvae. After 3 to 5 days, the larvae molt into pupae.

Altosid breaks the life cycle here, preventing pupae from molting into adults.

Female flies leave the animal for a few seconds to lay eggs in fresh manure less than five minutes old.

**Also available in sacks!**

## Today in Ag

with Jimmy Clark

**LISTEN MONDAY-FRIDAY 12-NOON!**

## KECO 96.5 FM

**Let's Talk About Agriculture**

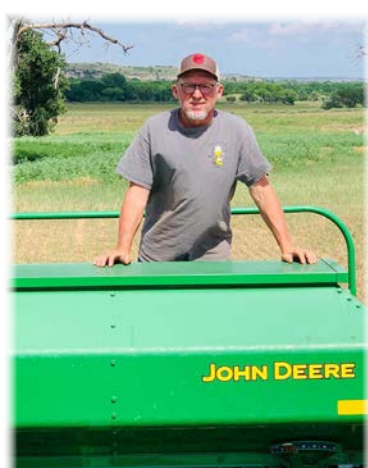

*"I actually love putting up hay, especially alfalfa. It's the smell of alfalfa when you're baling it. There's no other smell like it in the world." That's what Jimmy Clark said when asked why he loves agriculture. But his love of ag goes beyond the five senses. "I love the unity of the farming community," Jimmy said. "The way folks help each other out." Jimmy is bringing his love of the land to 96.5FM KECO weekdays at noon with his new show, "Today in Agriculture, With Jimmy Clark."*

**SCHEDULE OF GUESTS**

**(DWC) DEEP WATER CULTURE STYLE GROW**  
We pride ourselves on a quality hydroponic grow process which ensure proper nutrients to our plants.

Why grow DWC? Faster growth - Plants grown in deep water culture intake more oxygen directly from the air than from the oxygen dissolved in water. DWC allows the roots to absorb large quantities of oxygen also allowing the intake of balanced nutrients. This leads to accelerated growth throughout the plant's life, bringing quality medical cannabis to the patients quicker. In DWC, growers have control over nutrients, which means growers can fix nutrient problems quickly. DWC growers are also least likely to have their garden attacked by bugs or pests (though it's definitely still possible). Therefore, it reduces the need for pesticides, allowing us to keep your medicine clean and sticky!! We believe DWC is the best way to grow cannabis.

**FEATURED STRAIN  
OF THE MONTH!**

**STORM CHASER**

**STORM CHASER (hybrid)** is a cross of Skywalker x Kasher Chem x Zookies, which makes it a wonderful heavy indica strain. It's great for insomnia, as well as anxiety, ADHD, bipolar disorder, migraines, and PMS. It's particularly effective at pain relief. The taste is pungent and sweet, with earthy tones. The indica stress relief of this versatile strain makes it a good choice for patients looking for some mental and physical relief. This strain is great for your mind and body! Thank you RED ROCK REMEDIES for this smooth and relaxing TOP SHELF medicine!

- reviewed by Gertie Daniels, Oklahoma's Cannabis Connection

## Understanding What We Read

FOR STUDENTS OF THE BIBLE

WHAT DOES MY CHURCH TEACH?

(Continued) Having lifted his eyes to heaven and praying to his Father proves that Jesus was not the God of the Bible, when he called Him Father any small amount of study should and does show that He is His son. Can we find a verse that we can rely on to prove that Jesus is God's Son We sure can John 3:16 "For God so loved the world that he gave his only BEGOTTEN Son that whosoever believeth in Him should not perish but have everlasting life." Again remember when Jesus was baptized by John the record of it is found in Matthew 3: 13-17 13 Then Jesus arrived from Galilee at the Jordan, coming to John to be baptized by him. 14 But John tried to prevent Him, saying, "I have the need to be baptized by You, and yet You are coming to me?" 15 But Jesus, answering, said to him, "Allow it at this time; for in this way it is fitting for us to fulfill all righteousness." Then he allowed Him. 16 After He was baptized, Jesus came up immediately from the water; and behold, the heavens were opened, and he saw the Spirit of God descending as a dove and [b]settling on Him, 17 and behold, a voice from the heavens said, "This is My beloved Son, with whom I am well pleased." Here is another good question if Jesus is God who is Jesus Christ? I ask you this question can an immortal being shed blood? Look at this verse in John 20:17 Jesus said to her, "Stop clinging to Me, for I have not yet ascended to the Father; but go to My brothers and say to them, 'I am ascending to My Father and your Father, and My God and your God.'" How could Jesus have made anything any plainer than what he did here? Jesus Father is also our father, and His God is also our God. How hard is that to understand? If Jesus has a God and His God is our God as well then it is a fact beyond doubt that he himself {Jesus} could not be the same God that he has. His God is his Father, and his God is also our Father. Therefore, Jesus cannot be God. Paul made that abundantly clear in 1st Timothy 2: 4 who wants all people to be saved and to come to the knowledge of the truth. 5 For there is one God, and one mediator also between God and mankind, the man Christ Jesus, 6 who gave Himself as a ransom for all, the testimony given at the proper time. If you are being taught that Jesus is anything more than a man, you are not being taught what Jesus taught of himself. You are not being taught what Paul spoke of Jesus as. Paul taught that us is a man, a human being. It is even more a fact of truth that a son can never be as old as His father. ## THE NEW BD7600 BOX DRILL

Introducing the new BD7600 Series Box Drills – with legendary durability and performance.

- NEW feeder cups meter by speed, adjusting for different application rates by changing the meter wheel rpm
- NEW box design and structure demonstrate industry-leading durability and flexibility
- The disc blade coulters are offset with alternating leading edges to enhance stability and reduce side-shifting
- Optional hydraulic drive reduces moving parts for easy operation
