## Drs. Mori & Teri White, DDS

**Sedation Dentistry Calms Fears...**  
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

*Drs. Mori & Teri White

## PROTEIN TUBS

Hi Pro Protein tubs are a free choice supplement designed for beef cattle on forage diets providing less than 8% protein. The low moisture, cooked molasses products are in non-returnable plastic containers or biodegradable tubs that will enhance intake and utilization of available forages, while reducing labor for producers.

Products: Hi-Pro 25% Tub w/ 5% Fat  
Hi-Pro 38% Hi-Energy Tub w/ 12% Fat  
Both available in plastic or bio tub.

## Numbers appear shorter right now

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

I believe at least in our area the cattle numbers are shorter than some so-called experts believe. If you look at the number of cattle being sold at auction compared to previous years I think that tells part of the story.

I do think with feeders getting a lot higher several months ago that brought quite

a few feeders to the sale or feedlots. Thus for the most part at the sale you see some feeders but more calves. I agree that this time of year this normally happens but I

think there are less feeders available now than usual.

And I have said that before but with the cow packer being very aggressive on heavy bred cows to get the blood of that unborn calf for experimentation or one article said to add it to fake meat to make it taste like beef. I'm not positive on that last comment but it is possible.

I would guess there were 30 heavy bred cows that sold last Tuesday at my sale that went to slaughter to get the blood of unborn calf and then use meat of cow also.

We had 500 cows, bulls and calves Tuesday. And if 150 of those were medium to heavy bred then one-fifth of those eliminated a calf born next year and possibly fat ready for processing April 2023, or in a year and a half. And I am told the packer is doing that in every area that I have talked to.

Maybe it's my suspicious nature but when the packer is making \$1,000 per head he might be killing more cattle than he is reporting. It's called greed on top of greed.

I hear right now there are some hearings going on in Washington about packer control and their monopoly. But if the right people are not holding them to the fire then it will merely be for show and they will come back with the same results as they did the last time with the fire in the Holcomb packing house in August 2019 and saying, "We couldn't find anything."

If you do not think those masks save lives than you are wrong. Yesterday a friend of mine went out with his girlfriend and on the way he passed his wife and she did not recognize him. That mask definitely saved his life.

I tried a new breakfast place the other day and was looking at the menu. When the waitress asked for my order, I said, "I will take a quickie." She slapped me. An older woman next to me said, "It's pronounced quiche, dear."

*Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

**Woodward Livestock Auction Report**

THURSDAY, OCT 21, 2021

Receipts: 3,709 Last Reported: 2,640 Last Year: 3,319

Compared to last week: Feeder steers and heifers steady. Steer and heifer calves mostly steady.

Demand was moderate for the calves and good for the yearling type cattle. There are large spreads depending on condition of the calves. Quality was average. Supply included: 100% Feeder Cattle (55% Steers, 37% Heifers, 8% Bulls). Feeder cattle supply over 600 lbs was 56%.

**Understanding What We Read**

(For students of the Bible)  
 THE HOPE OF MANKIND

Each spring we Christians celebrate the death and resurrection of our savior Jesus Christ. Why did this have to happen? First we need to understand what caused man to be disconnected from the most Holy God. "Wherefore, as by one man sin entered into the world, and death by sin; and so death passed upon all men, for that all have sinned" (Romans 5:12). Who was this man that brought this death sentence upon us? "For as in Adam all die..." (1st Corth15:22). So don't blame God when a loved one dies, Adam is the one that brought our death sentence, due to his disobedience (In the Garden along with Eve, Genesis 3). Because of the sinful nature of man, the only way to even have a chance to reconnect with God was by the death of his sinless son Jesus. "For as by one man's disobedience many were made sinners, so by the obedience of one shall many be made righteous" (Rom 5:19). Even though Adam brought sin and death upon himself and all of us, we all have a chance to get back into the grace of God, due to the death of Jesus, if we follow his stipulations. "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life" (John 3:16). To believe in him covers many broad parameters. We should not only believe what Jesus tells us but we should understand who he is. Paul said he was a man (human being) who is our mediator or go between to petition God (1st Tim 2:5). Paul said in order to be saved we must keep in memory that Christ died, he was buried for 3 full days and was resurrected out of the death state (1st Corth 15). So what about everyone else that have died? Do they have a hope? (Find by studying John 5:28,29). Jesus said: "Greater love hath no man than this, that a man lay down his life for his friends. Ye are my friends, IF ye do whatsoever I command you" ( John 15:13,14). Jesus said "Beware of false prophets" Is this a command? If so, how do we make ourselves aware then? (1 Thessalonians, John 5). Study takes effort. Isn't it worth it?

**RED ROCK remedies**  
[www.redrockremedies.com](http://www.redrockremedies.com)

We are a growhouse located in Central Oklahoma.

**WE DELIVER STATEWIDE!**

GELATO • LSD • DREAM QUEEN • STORM CHASER • BLUEBERRY MUFFIN • PINEAPPLE UPSIDE DOWN CAKE

**(DWC) DEEP WATER CULTURE STYLE GROW**  
We pride ourselves on a quality hydroponic grow process which ensure proper nutrients to our plants.

**QUALITY FLOWER, SHAKE & TRIM AVAILABLE**

Why grow DWC? Faster growth - Plants grown in deep water culture intake more oxygen directly from the air than from the oxygen dissolved in water. DWC allows the roots to absorb large quantities of oxygen also allowing the intake of balanced nutrients. This leads to accelerated growth throughout the plant's life, bringing quality medical cannabis to the patients quicker. In DWC, growers have control over nutrients, which means growers can fix nutrient problems quickly. DWC growers are also least likely to have their garden attacked by bugs or pests (though it's definitely still possible). Therefore, it reduces the need for pesticides, allowing us to keep your medicine clean and sticky!! We believe DWC is the best way to grow cannabis.

## Caddo Co. I-40 Accident Takes Hammon Man’s Life

October 21, 2021 - A Caddo County accident on Interstate 40 Monday morning has taken the life of a Hammon man.

According to the Oklahoma Highway Patrol, 35-year-old Dane Kauk passed away after his 2017 Toyota Tacoma struck a 2022 Freightliner that was slowing down in the east bound lanes on I-40 near the 94 mile marker due to the roadway being closed because of a previous crash.

OHP reported that Kauk was transported to Weatherford Regional Hospital and was pronounced deceased at the hospital.

OHP says there were no passengers in either vehicle at the time of the accident and that both drivers were wearing seat belts.

The driver of the semi was uninjured.

## Clinton Man Accused of Neglecting Adult Son – Charged

October 21, 2021 - A Clinton man is wanted after being charged with abuse by a caretaker – a felony, after allegedly neglecting his adult son.

As a result, the son passed away in a Montana hospital in September.

According to a probable cause affidavit, 55-year-old Richard Anson Bird was charged with the crime on October 13 after Clinton police received an investigative report from Adult Protection Services regarding the case. The affidavit stated that a Clinton detective was contacted by the case worker stating that the man died in the hospital as a result of neglect and abuse. The court document said that the man was diagnosed with heart arrhythmia, high levels of potassium, kidney failure, and bed sores. It also reported that the man was on life support before he passed away.

The report stated that between July 3 and September 7, the man was taken to several hospitals, including Great Plains Regional Medical Center in Elk City, for various injuries and illnesses, and was considered a vulnerable adult due to his inability to walk because of a hip injury.

The report stated that he was blind in one eye, had cataracts in the other, and required regular dialysis treatments. It also stated that he was confined to his bed and was unable to take care of himself.

The affidavit stated that the man was taken to AllianceHealth Clinton on August 9 with acute renal failure and multiple wounds in various stages. While there, the suspect would state that he had not given his son his insulin in a week. He would proceed to leave the man at the hospital for five days with no contact while he went to Montana. When Bird returned, he discharged his son out of the hospital against medical advisement.

The report said that the son would return to the hospital, but due to how severe his conditions were, he was transferred to GPRMC’s intensive care unit. There medical professionals discovered methamphetamines in the son’s blood and burn marks on his chest and upper arms. The affidavit stated that once again, the son was taken from the hospital against doctor’s advise, despite the fact that the son needed dialysis the next morning.

It was later discovered that the son was admitted into a Montana hospital on September 7, where he would succumb to his injuries and illnesses.

Along with the felony charge, an outstanding warrant for the arrest of Bird was also issued. Once arrested, and if convicted, Bird could face up to 10 years in prison along with a fine not exceeding \$10,000.

As of press time, Bird has not been arrested.
