Cow killing market has promising prices

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

The cow killing market has hung in there better than most years and most years some packers get so many cows sent off these big ranches directly to their packing house that it throws them out of the market.

Going directly to the slaughterhouse with your cows and bulls might save com-

mission but I have always heard they use these cows to cheapen their other cows up. Also, if you go directly you do not get the advantage of a cow being pregnant. And I

can tell you there are a lot of times a rancher will say they are all old and there will be several middle aged on there.

Also, if you sell directly often there are 3- to 5-year-old cows that will go back to the country to be rebred or some younger ones to the feedlot.

I would say now there is a good demand for younger bred cows and pairs but to me there are middle-aged bred cows that are too cheap. Also, some of those toothless heavy-bred old cows might be an excellent buy. We sold some of them for \$675 to \$725.

Big yearling steers and heifers are in short supply and the true yearlings off grass are a very good price.

There are several fields of wheat that has stooled out better and faster than I thought it would for no longer than it has been planted. However, I had a friend from eastern Oklahoma who called and said, “Can you find me some wheat pasture?” I said, “Basically to get good wheat pasture you would need to go 70 miles east or south.”

What I call wheat pasture most good farmers in a better area would say is not very good. But I reminded him it is more important to know the person you are putting your cattle on than the price.

Rocky mountain oysters are the original sack lunch. I do not have a bucket list by my first “screw it list” is a mile long.

A turtle has learned to breathe through its backside. Humans have not reached this stage of evolution although many have learned to talk through it.

A friend of mine has been trading stocks on the stock market daily. But in my day the only time we started panic buying was when the bartender hollered last call.

Sandra said to Dewayne—“Let’s enjoy our Saturday and Sunday.” Dewayne replied, “OK, I’ll see you on Monday.”

Editor’s note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family’s ranch near Slapout, Oklahoma.

Woodward Livestock Auction Report

THURSDAY, OCT 28, 2021

Understanding What We Read

(For students of the Bible)

ANTICHRIST:

Some are preaching that the word antichrist refers to a specific person that will appear near the end of the world deceiving people. To be anti is to be against or contrast to someone or something. To teach something contrary to the teachings of Christ should be considered anti. Is there going to be a one world ruler before the second coming of Christ? Not according to the prophecy of Daniel: "...but they shall not cleave one to another, even as iron is not mixed with clay. And in the days of these kings (notice plural) shall God of heaven set up a kingdom which shall never be destroyed...but it shall break in pieces and consume all these kingdoms (notice plural)..." (Daniel chap2). A careful reading of the scripture reveals who are the antichrist teachers to beware of: "For many deceivers are entered into the world, who confess (or acknowledge) not that Jesus Christ is come in the flesh. This is a deceiver and an antichrist" (2nd John :7). A careful understanding is needed of the word flesh. It is translated from the Greek word sarx; meaning human nature or human being. Jesus was born just like you and I, 100% human being. Remember "No man hath seen God". How many men saw Jesus? "...and as ye have heard that antichrist shall come, even now are there many antichrists (plural)..." (1st John 2:18). No need looking for the antichrists to come, they have been around a long time. Deception is what got man in trouble from the beginning. So how do we keep from being deceived? "Beloved, believe not every spirit (or teaching), but try (test) the spirits...because many false prophets are gone out into the world" (1st John 4:1). Jesus warns us: "Take heed no man deceive you" (Math 24:4). Another commandment.

WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...

Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

(DWC) DEEP WATER CULTURE STYLE GROW
We pride ourselves on a quality hydroponic grow process which ensure proper nutrients to our plants.

QUALITY FLOWER, SHAKE & TRIM AVAILABLE

Why grow DWC? Faster growth - Plants grown in deep water culture intake more oxygen directly from the air than from the oxygen dissolved in water. DWC allows the roots to absorb large quantities of oxygen also allowing the intake of balanced nutrients. This leads to accelerated growth throughout the plant's life, bringing quality medical cannabis to the patients quicker. In DWC, growers have control over nutrients, which means growers can fix nutrient problems quickly. DWC growers are also least likely to have their garden attacked by bugs or pests (though it's definitely still possible). Therefore, it reduces the need for pesticides, allowing us to keep your medicine clean and sticky!! We believe DWC is the best way to grow cannabis.

EXPLORING ENERGY NEWS

Oklahoma's Energy Pathways

By: Mark A. Stansberry,
Award-Winning Author
Energy Advocate
and Chairman
of The GTD Group
www.nationalenergytalk.com
FACEBOOK: National
Energy Talk

On October 14, 2021, The National Association of Royalty Owners (NARO) convention was in its fourth day at the Omni Hotel, Oklahoma City. The same day, the Oklahoma Oil and Gas Expo, hosted by SOER (Sustaining Oklahoma's Energy Resources), was being held at the Bennett Event Center, at the Oklahoma City Fairgrounds.

NARO was founded over forty years ago. NARO has twelve chartered state organizations. All chapters provide education, political action and state conventions. NARO keeps royalty owners across the US informed and working together on issues of importance to their properties.

The Oklahoma Oil and Gas Expo celebrated its 24th year. SOER was established to encourage new processes and technological advancements to sustain the oil and natural gas industry in the future for the benefit of the citizens of Oklahoma, and to advance activities to support marginally producing oil and natural gas wells. SOER's workshops, roundtables, technology grants and the successful Oklahoma Oil & Gas Expo serve to carry out the mission to support our state's small producers. Both SOER and the

Oklahoma Energy Resources Board (OERB) are champions for and are funded by the people of Oklahoma Oil & Natural Gas. By merging the two, the missions of both have been enhanced. SOER is a proud supporter of Oklahoma's oil and natural gas industry and is leveraging this merger into new opportunities for producers and royalty owners.

Shawn Wilson, one of the hosts of Exploring Energy radio show, expressed his excitement about both organizations and events in what they contribute to the oil and gas industry. Shawn and Butch Black, co-hosts of the Exploring Energy show, were on hand at their booth at the Oil and Gas Expo. Shawn felt there was so much optimism at the event, where around 2,000 attended. He thought the quality of the people and the event were exceptional and "top-notch."

The day was very special to me. Early that morning, I spoke at NARO's annual convention, speaking on the subject, America's Energy Pathways: Natural Gas, Infrastructure and the Digital Transformation. There were approximately 250 royalty owners in attendance that morning. The subject also applies to Oklahoma, because Oklahoma's energy pathways mirror our national interests. I stated, "NARO is the foundational pathway to America's energy future and success."

Later on that morning, I attended the Oil and Gas Expo. Like Shawn, I felt

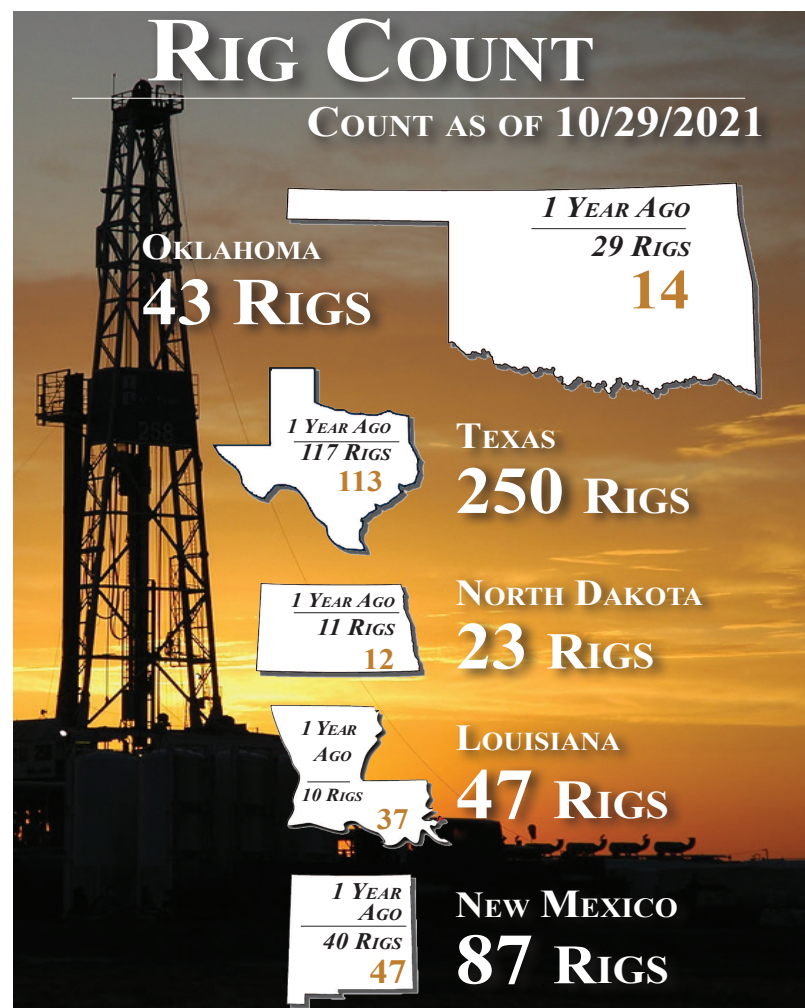

Mark A. Stansberry

the enthusiasm in the room. The oil and gas industry was well represented.

Later that afternoon, I went to the Masonic Temple in Guthrie, Oklahoma, where Gray Frederickson and I are producing a film documentary, which highlights an important time in the oil industry history during World War II. More information about the documentary will be forthcoming, including announcements about the sponsors, narrator, and release date.

The Oklahoma oil and gas industry is alive and well. The industry will meet the challenges ahead, focusing on the fact that future generations are depending on us. Many thanks to NARO and SOER, along with OERB, for their great oil and gas leadership for our State and our Nation!

Carter Man Succumbs to Injuries

November 1, 2021 - A Carter man has succumb to injuries he sustained in a motorcycle accident that occurred in Cotton County last month.

According to the Oklahoma Highway Patrol, 48-year-old Hugh N. Bullard died on Sunday (October 31) at United Regional Hospital in Wichita Falls, Texas. Bullard had been hospitalized at the facility and was being treated for injuries he sustained in the one vehicle accident that occurred near Temple, Oklahoma on the afternoon of October 23.

OHP says while riding his 2015 Green Indian Motorcycle on OK-5A two miles west of Temple, Bullard failed to negotiate a left hand turn in the road and departed the road to the right. As a result the motorcycle rolled two times coming to rest in a ditch. OHP says the driver was thrown approximately 41 feet from the motorcycle.

Bullard was initially admitted into the Texas hospital with head, arm, leg, trunk external and internal injuries.

OHP reported that Bullard was not wearing a helmet at the time of the crash.

Weatherford Man Accused of Child Sexual Abuse

November 1, 2021 - A Weatherford man has been charged after being accused of sexually abusing his two teenage daughters.

According to a probable cause affidavit, 41-year-old Devin Widener Smoot was arrested on October 21 after the alleged abuse was revealed by the victims. The court document stated that the Custer County Department of Human Services contacted the Weatherford Police Department after the 17-year-old victim told them that the alleged abuse occurred when she was 14.

During an interview with Weatherford Police, the child would tell a detective that the abuse occurred multiple times between June or July of 2019 and November 2019. She said her mother became aware of the abuse when her 18-year-old sister spoke of similar abuse to her.

The affidavit stated that later that day, police brought in Smoot for questioning. He would confirm to police his address, which matched the living address of the victims, but when asked about the alleged abuse that took place, he would refuse to answer any questions without a lawyer present.

Smoot was then detained by a Weatherford detective.

The court document stated that while serving a search warrant at the residence, an investigator conducted an interview with Smoot's wife. She would confirm that her daughters did tell her about the incidents, and also stated that Smoot would allegedly enter the bathroom that the family shared while the juveniles would be showering.

Smoot was formally charged in Custer County District Court with two felony counts of child sexual abuse. His bond has been set at \$150,000.

A preliminary hearing for Smoot has been scheduled for December 3.

Local Schools Represent Western Oklahoma Well at SWOSU Homecoming

November 1, 2021 - Southwestern Oklahoma State University in Weatherford celebrated Homecoming on Saturday (October 30), and winners of the various competitions have been announced by the university.

Western Oklahoma schools were well represented at the festivities.

In the marching band contest, 18 bands participated in the parade. Sayre High School was named the outstanding band in the parade competition and won \$250 from the SWOSU Student Government Association. Sayre High School also won the outstanding drum major award. Sayre's band also took home 1st place honors in class 3A, along with outstanding color guard and outstanding music.

Other band winners at the parade included, among others, the Elk City High School marching band taking 1st place honors in class 4A. Elk City also took home outstanding color guard and outstanding music honors. Burns Flat / Dill City took 3rd place honors in class 2A.

Natalie Kinder of Arapaho and Ryan Agyemang of Yukon were crowned Homecoming Queen and King during halftime of the SWOSU football game. Kinder and Agyemang were sponsored by the Student Government Association.
