WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...

Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Musings about our country's direction

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

It makes me wonder about where this country is headed when you hear reports that parents and children who were separated when they entered the United States seeking asylum may be eligible to receive \$450,000 each for a total of \$900,000. Wow, in my opinion, that is simply looking for ways to give money away.

Last week we had a very good feeder market selling 943-pound steers at \$161.75 and 802-pound mixed colored steers at \$164. And 12 off-colored and crossbred steers weighing 841 that brought \$155. It pays to sell where

a sale barn has 14 feeder buyers as I thought those off-colored steers might bring \$135 and they brought \$155.

A man who brought a string of cows in to sell asked me if we should preg check them and I said absolutely yes. He then asked, "How much does it cost to have them preg checked then?" Some of his open cows brought \$62 per hundredweight and weighed 1,100 pounds, which is \$682 per head. We sold a lot of his cows for \$850 to \$1,050 per head.

If you have a sale barn that is working for you and you don't go to a sale that often then most definitely ask the owner or manager what to do. We always do our best to get the most we can for the seller. He is the one paying the commission. But also it means never lying to the buyer or stretching the truth.

Sunday the preacher talked about finding your purpose in life. He said everyone of us has a purpose for being here. And sometimes your purpose is not always on the front line and sometimes you are called to do things you do not think you can do.

The preacher said we all know who Billy Graham was but I want to know the one who got him on the right track. Perhaps it was a Sunday school teacher. Or ask who was Mother Teresa's example? People who have a purpose have hope.

A husband said to his wife, "Ever since I met you I have wanted to make love to you badly." She said, "I guess you have succeeded."

Weather people have finally figured out why Buffalo, New York, is so hard hit by bad weather during the winter months. It's because the city is at that precise point where the cold air coming down from Canada meets the hot air coming from Washington, D.C.

My sister says I keep pushing her buttons. But if that were true I'm sure I would have found the mute button by now.

America! A country so rich and so strong that we can reward the lazy and punish the productive and still survive.

Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

Woodward Livestock Auction Report

THURSDAY, NOV 4, 2021

(DWC) DEEP WATER CULTURE STYLE GROW
We pride ourselves on a quality hydroponic grow process which ensure proper nutrients to our plants.

QUALITY FLOWER, SHAKE & TRIM AVAILABLE

Why grow DWC? Faster growth - Plants grown in deep water culture intake more oxygen directly from the air than from the oxygen dissolved in water. DWC allows the roots to absorb large quantities of oxygen also allowing the intake of balanced nutrients. This leads to accelerated growth throughout the plant's life, bringing quality medical cannabis to the patients quicker. In DWC, growers have control over nutrients, which means growers can fix nutrient problems quickly. DWC growers are also least likely to have their garden attacked by bugs or pests (though it's definitely still possible). Therefore, it reduces the need for pesticides, allowing us to keep your medicine clean and sticky! We believe DWC is the best way to grow cannabis.

Understanding What We Read

(For students of the Bible)

“Know ye not that ye are the temple of God, and that the Sprit of God dwelleth in you? If a man defile the temple of God , him shall God destroy...” (I Corth 3:16,17) What is Paul referring to? Is he telling us that drinking a can of beer or using tobacco will defile us in God’s eyes? No! Now we are not advising one to participate in such activity, but when I hear church leaders telling us the use of tobacco or alcohol is a sin, something is not spiritual! Jesus himself drank wine. Are we going to call Jesus a sinner? There is a way to become drunken without consuming an alcoholic beverage. “...they are drunken, but not with wine; they stagger, but not with strong drink.”(Is 29:9) This verse is referring to a spiritual drunkenness. This is the type of drunkenness that defiles man. Drunk with false religion. Man, throughout history, thinks he knows how please God, but does he? “This people draweth nigh unto me with their mouth, and honoureth me with lips; but their heart is far from me. But in vain they worship me, teaching for doctrines the commandments of men”. (Math 15:8-9) Example: the trinty doctrine, 3 gods in one, man made or biblical? Beware, when God clearly tells us there is no other gods but one! To adhere to any other teaching is blasphemous to God himself. “Not that which goeth into the mouth defileth a man; but that which cometh out of the mouth defileth a man....For out of the heart(mind) proceed evil thoughts, murders, adulteries, fornications, thefts, false witness, blasphemies, these are the things which defile a man...”(Math 15:8-20). Could the problem be, that those that are spiritually drunk, do not even know they are drunk with false religion? Prove all things.....

New Mexico Man Leads Law Enforcement on High Speed Chase

November 5, 2021 - A Sante Fe, New Mexico man was arrested and charged last month after leading law enforcement on a high speed pursuit on Interstate 40.

The probable cause affidavit stated that the pursuit originated in Texas, continued through three counties, and saw speeds reach up to 130 miles per hour.

The court document stated that Elk City Police along with deputies from the Beckham County Sheriff's Department and Wheeler County, Texas Sheriff's Department were all involved in the pursuit of 49-year-old Cedrych Steffan Young, just after midnight on October 21.

Records show that the chase originated in Wheeler County in the east-bound lanes of I-40. Once in Beckham County, Elk City Police assisted in the pursuit when the suspect vehicle exited onto Merritt Road, continued north before turning back south at the intersection of Merritt Road and Route 66. The report showed that the vehicle would re-enter eastbound I-40 and began traveling at excessive speeds and up to 130 miles per hour.

Officials say the suspect “brake checked” numerous times causing pursuing officers to take evasive actions to avoid hitting the vehicle.

Later while in Washita County, the suspect reportedly took Exit 47 at Canute but would immediately re-enter I-40 in an attempt to distract law enforcement. However doing this caused the fleeing vehicle to slow down due to congested traffic, allowing a pursuing officer to perform the tactical vehicle intervention move or TVI on the vehicle, sending it into the cable barriers in the median.

Officials were able to quickly apprehend and arrest Young. He would be transported to the Elk City Jail.

A search of the vehicle would find a modified light bulb commonly used to smoke methamphetamine. Residue in the bulb would later test positive to being meth. Police would also find a spring loaded air pistol that appeared to have been modified to appear as a real fire-arm.

Young was charged on October 25 in Beckham County District Court with one count of endangering others while eluding or attempting to elude a police officer, possession of a firearm after a former felony conviction, and unlawful possession of drug paraphernalia.

DWI Suspect Leads Law Enforcement on High Speed Chase

November 4, 2021 - An Elk City man was arrested in Beckham County recently after leading law enforcement on a high speed pursuit.

According to authorities speeds at one point reached as high as 120 miles per hour.

A probable cause affidavit said that 36-year-old Derek Edward Rylant was observed swerving in the westbound lanes of 20th Street in Elk City by an Elk City Police Officer on patrol in the early morning hours of October 24. The report stated that Rylant would turn north onto Pioneer Avenue, where he allegedly continued to swerve. At this point the officer activated his emergency lights to conduct a traffic stop, however the pickup continued northbound. Eventually while traveling westbound on 3rd Street, the pickup would reach speeds of approximately 120 miles per hour before turning north onto Merritt Road. The court document stated that Rylant would reach speeds of approximately 90 miles per hour, and 80 miles per hour. The suspect would also allegedly “brake check” the pursuing officer, causing the officer to swerve to avoid contact with the suspect's vehicle.

Later the suspect would reportedly “brake check” another pursuing officer, this time making contact. This would cause Rylant to lose control of the pickup, veer off into a ditch where it would come to rest on the pickup's driver side.

The report stated that Rylant had to be extracted through the passenger side window. Officer's noted that Rylant had a smell of alcohol coming from his person.

Rylant was placed in hand restraints and eventually transferred to Great Plains Regional Medical Center where he would consent to a blood test while being evaluated for injuries.

Rylant was arrested and charged on October 27 with one count of endangering others while eluding or attempt to elude police, driving under the influence of alcohol, and assault and battery with a dangerous weapon.

Bond for Rylant was set at \$30,000. His next court date is scheduled for December 6.
