WHITE DENTAL CARE

Sedation

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears... Take a pill and snooze through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Drs. Mori & Teri White practice cosmetic, implant and family dentistry at 2802 8th Street, Woodward, OK 73801

Telephone 580-256-4301

Today in Ag

2021 sales season quickly coming to a close

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

Most sale barns around will have three more weeks of sales after Thanksgiving and a few are having four weeks' worth.

Feeders stay short in numbers with quite a lot of weaned calves showing up. Most of our area has some wheat pasture but most of the talk around our area is

we could sure use another rain. But that is normal for most of our area—we are always looking for another rain.

Feeder futures for the spring are mostly \$164 to \$169 per hundredweight with

the fall months being at \$176 to \$177. A few days before, one month topped over \$180 on the late fall feeder month.

It's quite an interesting business with the packer making a killing. Imagine what our feeders and calves would be worth if we had been getting a fair price on our fat cattle these past two years or longer.

Early in the week fat cattle were priced at \$142 to \$144. Don't you find it ironic that we sell off fat cattle futures? I bet you can find a money trail of who is selling the board to keep the futures and fat cattle from getting higher. I have an order buyer friend who argues with me that the packer doesn't sell the board. I would say isn't it ironic that the board stays cheaper and we base our fat cattle off that.

I still believe we are some shorter in total numbers than the government wants to think we are. The problem is even if we get shorter on numbers than the packer probably uses money to persuade more beef imports.

Working at an unemployment office has to be a tense job—knowing if you get fired you still have to come in the next day for work.

You know I love to see those stuck-up females from high school that are now built like the lunch lady.

There was a couple that had been married 50 years. The wife told her husband, "I think I am losing my mind." He said, "That is probably true because you have given me a piece of it every day since we got married."

A wife said to her husband, "Did I get fat during the quarantine?" The husband said, "You weren't exactly skinny before it began."

The time of death was 11 p.m. The cause of death was COVID.

Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Sapulpa, Oklahoma.

PROTEIN TUBS

Hi Pro Protein tubs are a free choice supplement
designed for beef cattle on forage diets providing
less than 8% protein. The low moisture, cooked
molasses products are in non-returnable
plastic containers or biodegradable tubs that
will enhance intake and utilization of available
forages, while reducing labor for producers.

Products: Hi-Pro 25% Tub w/ 5% Fat
Hi-Pro 38% Hi-Energy Tub w/ 12% Fat
Both available in plastic or bio tub.

Name It, We Paint It!

Understanding What We Read

STUDENTS OF THE BIBLE

EVIL THOUGHTS: The following questions were asked to a world renowned evangelist: "Where do evil thoughts come from? Does Satan put them there?" The evangelist answer: "At times the devil apparently does put evil thoughts in our head, or even directly incites us to do evil..." God Almighty commands all who would remain in his grace to the following: "This is my beloved son...Hear ye him" (Math 17:5). Jesus did not believe in a Satanic Demon, personal evil angle ejected from the presence of God in heaven. Let Jesus tells us the true origin of evil. Jesus was well acquainted with the religious beliefs of the world. Jesus emphasized and stressed that his church understand the subject clearly. "Hearken unto me every one of you and understand." Then he begins his important lesson on the origin of all evil. Jesus named the following evils: 1) Evil thoughts 2) Adulteries 3) Fornications 4) Murders 5) Thefts 6) Covetousness 7) Wickedness 8) Deceit 9) Lasciviousness 10) An evil eye 11) Blasphemy 12) Pride 13) Foolishness (Mark 7:14-23). Remember, God commands us to "HEAR YE HIM" Where does Jesus say evil originates from? "All these evil things come from within, and defile the man...from within, out of the heart of man..." No outside evil demon. Jesus says evil comes from our heart or mind! Did he lie to us? Jesus commanded: "Beware of false prophets". Don't be deceived by the traditions of men.

GET \$40 BACK

Firearm purchases must be made at retail between

NOVEMBER 30 AND DECEMBER 31, 2021.

Ask your Winchester Repeating Arms Dealer for more information. Redeem online at rebates.winchesterguns.com. Valid for the consumer purchase of new, eligible firearms purchased between November 30 and December 31, 2021. Offer available in the U.S. and Canada only.

Terms and Conditions: Offer valid only on the consumer retail purchase of eligible new Winchester Repeating Arms firearms between November 30, and December 31, 2021. This offer is valid for end-users only. Browning and Winchester Repeating Arms employees, sales representatives, authorized dealers and their sales staff, and members of their immediate families are not eligible for this promotion. Limited to one Winchester Repeating Arms Holiday Rebate submission per firearm/serial number. Qualifying purchases must be made from available in-store inventory; no rain checks or prepayments for out-of-stock retail inventory allowed. To submit your Winchester Repeating Arms Holiday Rebates, go to rebates.winchesterguns.com, fill out the online application completely, and upload all supporting documents as required. All applications must be submitted online no later than midnight January 15, 2022. All submitted proofs of purchase become property of Winchester Repeating Arms and will not be returned. All unauthorized duplicates or invalid submissions will be automatically rejected. Rebate will be issued in funds of the country in which the eligible product purchase was made. Allow 6-8 weeks for processing and delivery of rebate. Offer void where prohibited, taxed, or restricted by law. Offer valid in the United States and Canada only. All purchasers must be citizens or legal residents of the United States or Canada. Winchester Repeating Arms reserves the right to request additional information to verify rebates and claims. False information renders the rebate submission void. Violators may be prosecuted. If these terms and conditions are not met, the rebate will not be honored. Winchester Repeating Arms reserves the right to modify, change, or discontinue this program at any time.

By Paragon News Director
Jared Atha

Weatherford Man Convicted of Second-Degree Manslaughter

December 7, 2021 - A Weatherford man who was originally charged for the murder of his girlfriend has been convicted of second-degree manslaughter, and could be out of jail soon due to time already served.

27-year-old Zackary Otto Sherwood was originally charged with second-degree murder in the death of his girlfriend.

Sherwood’s charges were later lowered to second-degree manslaughter during his bench trial that concluded on Friday.

A Custer County judge would sentence Sherwood to four years in the Department of Corrections with all but two years suspended and credit for time served. Sherwood also will be required to attend substance abuse counseling within 90 days of release, have no contact with the victim’s family and be subject to random drug testing.

Sherwood’s defense attorney Daniel Pond argued that Sherwood was trying to unload the weapon at the time of the incident, and that the shooting was unintentional.

During her final statements, District Attorney Angela Marsee would claim Sherwood was under the influence of illegal drugs at the time of the shooting, and had requested that Sherwood be charged with first-degree manslaughter.

A probable cause affidavit would show that Sherwood would tell investigators that he did chamber a shell in a 410-gauge shotgun in a Weatherford hotel room that he and the victim were in. He would state that the gun went off when he pushed the bolt to the gun forward, without his finger on the trigger.

Man Shoots Gun During Thanksgiving Dispute

December 6, 2021 - An Elk City man was arrested on Thanksgiving Day after allegedly firing a gun outside a residential home in Elk City city limits.

According to a probable cause affidavit, 24-year-old Christopher Dean Godfrey was arrested on the morning of November 25 after police were dispatched to the home located in the 1100 block of Bedford Drive. The affidavit stated that when police arrived they were told by a woman who the suspect was in a relationship with, that the two had gotten into a dispute and Godfrey had allegedly retrieved a gun and threatened to shoot everyone in the house.

The report stated that the home was occupied by the suspect along with the woman and three minors.

Police would use their P.A. system to instruct Godfrey to exit the home. When he did, Godfrey would eventually be detained.

While talking with one of the minors, she would reveal that during the dispute, Godfrey allegedly retrieved a gun and tried to hand it to the minor, telling her to take the gun and shoot him. When she refused, Godfrey allegedly discharged the weapon near the minor’s head.

Police were unable to find a gun in the home, however they were able to recover a spent shell casing in the driveway.

Godfrey was arrested and booked into the Elk City Jail. It was later determined that Godfrey was a convicted felon, and was not allowed to possess a firearm.

He would be charged on November 29 in Beckham County District Court with one count of possession of a firearm after conviction or during probation, one count of discharging a firearm during the commission of a felony, and one count of domestic abuse.

Bond for Godfrey was set at \$50,000.

His next court date has been scheduled for December 9.

PROTEIN TUBS

Hi Pro Protein tubs are a free choice supplement
designed for beef cattle on forage diets providing
less than 8% protein. The low moisture, cooked
molasses products are in non-returnable
plastic containers or biodegradable tubs that
will enhance intake and utilization of available
forages, while reducing labor for producers.

Products: Hi-Pro 25% Tub w/ 5% Fat
Hi-Pro 38% Hi-Energy Tub w/ 12% Fat
Both available in plastic or bio tub.

We are a growhouse/processor located in Central Oklahoma.
WE DELIVER STATEWIDE!

STORMCHASER • DREAM QUEEN • BLUEBERRY MUFFIN • ALL GAS OG • GIRL SCOUT COOKIE • BANANA MANGO

(DWC) DEEP WATER CULTURE STYLE GROW
We pride ourselves on a quality hydroponic grow process which ensure proper nutrients to our plants.

QUALITY FLOWER, SHAKE & TRIM AVAILABLE

Why grow DWC? Faster growth - Plants grown in deep water culture intake more oxygen directly from the air than from the oxygen dissolved in water. DWC allows the roots to absorb large quantities of oxygen also allowing the intake of balanced nutrients. This leads to accelerated growth throughout the plant's life, bringing quality medical cannabis to the patients quicker. In DWC, growers have control over nutrients, which means growers can fix nutrient problems quickly. DWC growers are also least likely to have their garden attacked by bugs or pests (though it's definitely still possible). Therefore, it reduces the need for pesticides, allowing us to keep your medicine clean and sticky!! We believe DWC is the best way to grow cannabis.
