## Last sale of the year for many cattle auctions

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

Most cattle auctions are having their last week of sales for the year. We had our cow sale and sold 1,060 cows, bulls and a few calves. Most packers will put some cows on feed particularly to have enough cows for filler to keep the processing plant numbers to where they need to be.

I used to buy killing cows about 30 years ago and the plant that I bought for would feed some cows but at that time they wanted to only feed them 42 or 43 days. After that it became

less efficient. That may not be the case now.

Feed is high enough so for the average producer to put cows on feed he would have to get a big swing up in price to make it work. Some packers are buying those medium-bred cows and feeding them to heavy bred to harvest them before they calve.

We need a rain and I guess we are one day closer than we were yesterday. The wind blew terrible last Friday and it was supposed to be extremely windy on Dec. 15. Sorting cattle in the wind by yourself can test your religion. You open the gate and push the calf and the gate closes on its own and the calf runs by.

Calf prices have actually stayed better in price than you might expect with it getting dry.

Some hedges for feeders and maybe fats look pretty tempting. With \$179.50 per hundredweight feeders and fats five months later at \$142—well, maybe that works—but I'm not sure with high feed.

Did you ever notice that when you put the two words together THE and IRS that it spells THEIRS?

A friend told me being young is exciting but being old is comfortable. But my thinking is who wants to be comfortable?

Some people try to turn back their odometers and act like they are younger than they are. Not me. I want people to know why I look this way. I've traveled a long way and a lot of the roads were not paved.

We were talking about a lady who could draw a picture that everything on a calf looked realistic—even the hair on the calf's nose. I asked a gal sitting at the table if she could draw that good? Her dad said, "She draws." I said, "Really." He said, "Yes, she draws flies."

#### THE ORIGIN OF CHRISTMAS

Christmas (or Mass of Christ): It's that time of year again when families and friends get together to exchange gifts and spend time together, including myself and family. The tradition of gift giving, Santa Claus, decorating Christmas trees, etc., transpired over the years from many celebrations in Europe and elsewhere. Most Christian faiths also celebrate the birth of Jesus. Most Biblical historians say, according to Bible evidence, it appears that Christ was born in the early fall time of year. How did this tradition of celebrating December 25th as the birth of Christ come into being then? This celebration came into the Christian churches after 300 AD. Throughout the world, even before the birth of Christ, many pagans worshipped a variety of false gods. One of the traditions of the pagans of northern Europe was the celebration of winter solstice, also known as Yule. Yule was the symbol of the pagan sun god called Mithras observed as being born on the shortest day of the year (Dec 21). As the sun god grew, the days became longer. In order to get the pagans into the churches, these pagan traditions were for a time accepted at some Christian churches until about 375 AD when the church of Rome announced that the birth of Christ had been "discovered" to be December 25th, replacing Yule (Old world History)! It is one thing to make December 25th a holiday, but quite another to make it a Holy Day. Are we saying it is wrong to meet with family and friends and exchange gifts? No! Surely God wants his creation to enjoy our lives with family and friends. But if we want to do something Biblical to please God, we are commanded the following: "...a voice came out of the cloud, which said, This is my beloved Son (Jesus), in whom I am well pleased; hear ye him. (Math 17:5)". What does Jesus tell us what is going to happen to those that are dead and buried? "Marvel not for the hour is coming, in the which all that are in the graves shall hear his voice, And shall come forth (not come down from heaven)...(John 5:28,29). Was God born or was Jesus his son? Jesus tells us he is not God "...I go unto the Father: for my Father is greater than I (John 14:28)." "And this is life eternal, that they know thee the only true God, and Jesus Christ (a human being born, like you and I), whom thou (God) sent (John 17:3)". Enjoy your time with loved ones this holiday season as we don't know what tomorrow will bring us, Ecc 9:12.

### (DWC) DEEP WATER CULTURE STYLE GROW

We pride ourselves on a quality hydroponic grow process  
which ensure proper nutrients to our plants.

### QUALITY FLOWER, SHAKE & TRIM AVAILABLE

Why grow DWC? Faster growth - Plants grown in deep water culture intake more oxygen directly from the air than from the oxygen dissolved in water. DWC allows the roots to absorb large quantities of oxygen also allowing the intake of balanced nutrients. This leads to accelerated growth throughout the plant's life, bringing quality medical cannabis to the patients quicker. In DWC, growers have control over nutrients, which means growers can fix nutrient problems quickly. DWC growers are also least likely to have their garden attacked by bugs or pests (though it's definitely still possible). Therefore, it reduces the need for pesticides, allowing us to keep your medicine clean and sticky!! We believe DWC is the best way to grow cannabis.

## Utah Man Dies in Custer Co. I-40 Accident

December 20, 2021 - A semi-truck driver died in Custer County on Friday after he crashed into a different semi-truck.

According to the collision report provided by the Oklahoma Highway Patrol, 47-year-old Kim C. Gardner of Santaquin, Utah, was pronounced dead at the scene of the crash on Interstate 40, nine miles west of Clinton.

OHP says the accident occurred when a 2019 Freightliner driven by a Bakersfield, California, man was stopped for traffic in a construction zone in the westbound lanes of I-40. Gardner was driving a 2015 Peterbilt semi-truck west on I-40 when he came upon the Freightliner and failed to stop, crashing into the rear of the vehicle.

Gardner was ejected from the Peterbilt as it went off the right side of the road and into a ditch.

Debris from the crash struck a 2018 Chevy Silverado.

Neither the driver of the Freightliner nor the driver of the Silverado were injured.

OHP says the collision is still under investigation.

## Western Oklahoma Native Receives Medal of Honor

December 16, 2021 - President Joe Biden on Thursday awarded the Medal of Honor — the country's highest military award for valor — to three U.S. soldiers for their conspicuous gallantry in Iraq and Afghanistan.

One of the recipients is from right here in western Oklahoma.

Master Sergeant Earl D. Plumlee, who was born in Clinton, received the honor for the actions he took as he engaged insurgents at a U.S. base near Ghazni, Afghanistan on August 28, 2013.

Plumlee joined the Oklahoma Army National Guard in 1998, and following his high school graduation from Merritt High School in 2000, he joined the U.S. Marine Corps, where he served until 2008. In 2009, he enlisted in the U.S. Army.

In Afghanistan, when insurgents blew a sixty-foot breach in the base's perimeter wall and poured into the base, wearing Afghan National Army uniforms and suicide vests, Plumlee sprung into action.

Along with five special operations members, Plumlee mounted two vehicles and raced to the detonation site. Plumlee engaged the insurgents — killing two of them, one with a well-placed grenade and the other by detonating the insurgent's suicide vest using precision sniper fire, according to the White House.

At one point, Plumlee ran to a mortally wounded soldier, with no regard for his own safety, and brought him to safety, rendering first aid.

Plumlee currently serves as a Senior Weapons Sergeant with Headquarters and Headquarters Company, 1st Special Forces Group at Fort Lewis, Washington.
