A season with so much meaning

Jerry Nine
Woodward

Woodward, OK

Christmas time was here again. Christmas has so many different meanings for all of us.

For a lot of people it is time to get together with family and friends. For others it can be a very sad time as they experience their first Christmas without someone they loved. And for some it can be sad as they were not fortunate enough to be born in a family that ever knew love.

I adopted four boys at three different times and each time in the classes I took they stressed that a kid who grew up not feeling loved left major problems and scars for life. If I were younger I

would have adopted more kids. I have always been a sucker for the underdog in many different situations.

Life is short and I think the older you get you realize that and your priorities change.

I challenge each of you to have every member of your family do something nice for someone this Christmas time. As a dad, I can tell you some out of the nicest gifts are those handmade items or drawings that simply say, "I love you."

At church Sunday as part of the Christmas program, organizers had a few recorded testimonies of hope. One young lady struggled with addiction for nine years. On the verge of losing her son and husband and also considering suicide one day she fell to her knees and asked Jesus to help her.

She had tried everything else and had already tried to fight the addiction by herself. She is now clean and on a better path.

The cattle market for both fat cattle and feeder cattle has been much better for several months. But imagine where would be financially if we had organizations and feedlots and politicians and cattlemen that had the guts to stand up for what is right. I still believe our best bet is to get three grocery chains together and build a packinghouse owning only 15% each and the public owning the rest of the shares. The grocery stores would pull a lot of retail business with them.

'Twas the night before Christmas and out on the ranch the pond was frozen and so was the branch. The snow was piled up belly deep to a mule. The kids were all home on vacation from school. And happier young folks you never did see. Just all sprawled around a watchin' TV. Then the power went off and the TV went dead.

When Grandpa came in from out of the shed. Those lines must be down so in the dark he found his guitar. He started singing Christmas carols like Silent Night and the one about the star. Then Pop read a passage from the Bible you see. And the youngsters finally agreed it was a good eve.

Grandpa woke early not to tell the kids his trick. He said, "The power company sure got the line repaired quick." Last night for the sake of some old-fashioned fun. He had pulled the switch, the old son of a gun.

Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

(DWC) DEEP WATER CULTURE STYLE GROW
We pride ourselves on a quality hydroponic grow process which ensure proper nutrients to our plants.

QUALITY FLOWER, SHAKE & TRIM AVAILABLE

Why grow DWC? Faster growth - Plants grown in deep water culture intake more oxygen directly from the air than from the oxygen dissolved in water. DWC allows the roots to absorb large quantities of oxygen also allowing the intake of balanced nutrients. This leads to accelerated growth throughout the plant's life, bringing quality medical cannabis to the patients quicker. In DWC, growers have control over nutrients, which means growers can fix nutrient problems quickly. DWC growers are also least likely to have their garden attacked by bugs or pests (though it's definitely still possible). Therefore, it reduces the need for pesticides, allowing us to keep your medicine clean and sticky!! We believe DWC is the best way to grow cannabis.

Drought Conditions Deteriorate Across Western Oklahoma

December 27, 2021 - Drought conditions in western Oklahoma continue to get worse and worse with the majority of one county in the area considered to be in an “extreme drought”.

According to the latest data from the U.S. Drought Monitor, all except the northwest corner of Beckham County is considered to be in an “extreme drought”. Parts of Greer County, the western side of Washita County, and all of Harmon County are described as being in “extreme drought” conditions as well.

According to the data that was released on Thursday, the rest of western Oklahoma is described as being in “severe drought” conditions.

Landowner Detains Burglary Suspect

December 23, 2021 - Two Clinton women were arrested and charged recently after allegedly attempting to steal items from a rural home north of Clinton.

The owner of the property would successfully detain one of the suspects before authorities arrived.

According to the probable cause affidavit, 39-year-old Amber Lynn Smith and 51-year-old Tina Ann Hall were arrested on December 7 after Custer County Sheriff’s Deputies were dispatched to the property after the landowner had discovered the two women attempting to take items from the property.

Authorities would find one suspect, Smith, fleeing the scene but would be pulled over a short time later near the Clinton Airport. Smith had allegedly left the second suspect, Hall, at the scene of the crime.

The court document would reveal that a search of the vehicle would find a clear glass pipe the deputy believed was used to smoke methamphetamine.

Later during the impound process for the vehicle the affidavit stated that authorities would find a license identifying the other woman, Hall, and a small green container with suspected marijuana inside.

Speaking with the property owner, she would tell authorities that when she arrived at the property she observed the car backed into the driveway of the home. There she would find Smith in the passenger seat of the car. After being confronted, Smith would allegedly exit the vehicle, get into the driver’s side, and drive off – leaving her accomplice behind who was still in the home.

The affidavit stated that Hall would come out of the home, where the property owner would detain her until the deputy arrived.

Both Hall and Smith were charged with second-degree burglary – a felony. Smith received a charge of possessing drug paraphernalia.

Understanding What We Read

FOR STUDENTS OF THE BIBLE

“Jesus saith unto her (Mary), Touch me not; for I am not yet ascended to my Father: but go to my brethren, and say unto them, I ascend unto my Father, and your Father; and to my God, and your God” (John 20:17). Where is Jesus telling Mary he is going to ascend to? To his Father, God himself. What is the nature of Jesus? Is he God himself? Is he his own Father? How are we to understand this scripture? To have a savior, our savior had to completely die, period. God cannot die. The only begotten son of God, Jesus, a human being, born of a woman just like you and I, is that savior. One of the most quoted scriptures: “For God so loved the world that he sent his only begotten son...” (John 3:16). Whom sent his son? The Father, God himself. Jesus didn’t send himself, he wasn’t even born yet. A further analysis of the word’s, “he” and “his” in John 3:16 are each singular pronouns meaning one. If God and Jesus are the same then the words “he” needs to be changed to “they” and the word “his” needs to be changed to “their” in John 3:16, which would be an abomination to Gods holy word. According to the scriptures the true nature of Jesus: “For there is ONE God, and One mediator between God and men, the MAN Christ Jesus” (1st Tim 2:5). Doesn’t it seem right to know the true nature of God and Jesus his son, the man who died for us? Let the scripture answer: “And this is life eternal, that they might know thee the only true God, and Jesus Christ whom thou hast sent” (John 17:3).
