WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...

Take a ***pill*** and ***snooze*** through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Cold weather is an attention getter

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

Wow, the first weekend of 2022 was cold and now we are supposed to have more days with a big dip way down in temperature.

Jan. 4 the temperature was 64 degrees Fahrenheit and Jan. 6 it was supposed to be 25 degrees for the high. These really cold days with wind chills in the negative give a calf that is in the sick pen a good reason to kick the buck-

et. This business is so interesting last year this same time I weaned calves and had heck with the health.

This year I'm weaning at the same time and so far it has been good but I hate to say that too quick. This time I gave them all a nasal gel shot except for 10 head because I looked down and had forgotten to mix the blue liquid with the other bottle. So, I guess 10 head got water.

Oh well, if you do something dumb when you are young then you blame it on being young and careless. If you are middle aged and do something dumb you simply say, "Well, I am busy and I have a lot on my mind." Then if you do something dumb and getting some age on you then you hate to admit it 'cause you know they will say, "He's just getting old."

If we don't get some rain soon, I'm afraid a lot of calves will come back early to the market. We got an inch and a half of snow, but I don't think it added any moisture because you have to have some growth or stubble to hold the snow. And with the wind this past week

even a field that was no-tilled all that stubble blew off.

I saw in Iowa that farm ground had set a record in price selling at \$19,000 per acre but shortly after an 80-acre field brought \$22,600 per acre. It was all farm ground with a wind turbine on it.

I saw where one promotion said, "Try our 30-day fitness then feel like the best version of yourself."

First of all, who can last 30 days and second of all who wants the best version of himself.

A friend of mine sent me this thought that it is better to wake up and pee than to pee and wake up.

All my friends tell me I should cut down on my drinking. So now I only have one vodka before going to bed. Last night I went to bed eight times.

This past week I went into the local restaurant and the young college gal waitress had a T-shirt on that said, "Team Jesus." She walked up to our table and said, "Do you get to play much?" Still a puzzled look. Then I said, "Well, I see your T-shirt says Team Jesus—and I wondered if you got to play on that team."

She said, "All the time when you are around." excessively and letting their wives drive.

Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

Multi County Oil Equipment Thieves Captured in Western Oklahoma

January 10, 2022 - After a joint investigation involving multiple sheriff's departments, three Kingfisher men were arrested last month in Roger Mills County after being found with stolen catalytic converters that were allegedly taken from processors on well sites.

According to the probable cause affidavit that was released last week, the arresting process was a tricky one, with the suspects leading authorities on high speed pursuits in both Beckham and Roger Mills Counties.

According to the court document, 41-year-old Jefferie Adam Warren, 37-year-old Gregory Wayne Webster, and 27-year-old Victor Ray Quick were arrested during the morning of Christmas Eve after the Blaine County Sheriff's Office contacted the Beckham County Sheriff's Office in reference to an investigation into the suspects regarding the theft of oil field equipment from well sites. After obtaining a search warrant for the GPS tracking on a suspect, Warren, Blaine County officials had pinged the suspect's cell phone in Beckham County, at an oil field location.

When authorities arrived to the location, they would find the suspects who would quickly get into their pickup truck and flee the scene, driving through barbed wire fences in an attempt to elude authorities.

The pursuit and attempted capture of the suspects would continue through out the early morning hours through both Roger Mills and Beckham Counties, involving both County Sheriff's Departments. Authorities would get a good idea of where the suspects were located by continuing to track Warren's cell phone.

Eventually the Oklahoma Highway Patrol was called in to assist in the search.

By the use of the OHP's airplane, the suspect vehicle was eventually spotted in a field northwest of Berlin – where the pursuit would continue.

The affidavit stated that the pickup would drive through several cattle gates before becoming disabled, allowing authorities to apprehend and arrest all three suspects.

All three suspects received multiple charges including larceny of oil and gas equipment, trespassing and conspiracy.

All three were also booked into the Beckham County Jail.

SCAM ALERT

A phishing email is going around asking licensees to verify their email address using a link. DO NOT click the link or respond to the scam email, which comes from a Gmail account unaffiliated with OMMA.

The scam follows a legitimate OMMA email sent Tuesday morning from **omma@public.govdelivery.com** updating licensees on new software. Licensees should receive an email from **no-reply@omes.ok.gov** with login credentials for the new licensing system around January 18th.
