Dry range continues to expand each day

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

It is getting drier by the day and seems to cover a very large area. Thankfully futures for fat cattle and feeder cattle are a good price, which will allow cattlemen to grow their calves as long as the ration cost does not get ridiculous. We sold some 500-pound steers long weaned at \$2 per pound. And we also sold some steers at 458 pounds that brought \$222 per hundredweight and figures \$1,016.76.

Actually, our entire sale I thought got along good as far as a good price for the seller. Hopefully it will rain or even snow—if the wind doesn't blow. There are two things that I feel are very important for our government. And that is to get people back to work and quit paying them to do nothing. And let's go back to the thought of America first and bring as much of our factories home. It can be done if they will put a tax on their overseas goods and services and level the playing field. If they want to pay their workers \$0.30 an hour big deal.

My third son came to the sale barn early this morning. Needless to say, there is nothing wrong with his appetite. And while everyone else is ordering breakfast he ordered a cheeseburger with extra cheese. So the cook—in trying to prove a point and kinda being ornery—

cooked him a burger with American cheese, pepper jack cheese, Swiss cheese, cheddar cheese and then sprinkled shredded cheese on top. I don't know how familiar you are with Revelations in the Bible or whether you believe or not but I was listening to a preacher who was preaching on "Can you take the mark of the beast accidentally?" That is after Jesus returns to Earth and takes the believers to heaven. The ones left to buy or sell will have to have a mark on their head or hand of 666. The evangelist is Tiff Shuttlesworth on YouTube. Please listen to him and make up your own mind. You don't want to be here during those seven years.

I felt very uncomfortable yesterday when I drove into the cemetery and the GPS blurted out, "You have reached your final destination." Friends are like panties. Some crawl up your butt. Some snap under pressure. Some don't have the strength to hold you up. Some get a little twisted. Some are your favorites. Some are holy. Some are naughty. And some actually cover your butt when you need them to.

Smile then someone will wonder what you are up to.

Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Elk City Couple Charged with Child Abuse

January 24, 2022 - An Elk City couple were arrested and charged recently with child abuse after their 1-month-old baby suffered multiple fractures to her body.

According to a probable cause affidavit 22-year-old Dalton Ray Denny and 19-year-old Kristen Denay Gilbreath were charged last week in Beckham County District Court after police were contacted by the Department of Human Services on January 10 regarding an infant that had been admitted into OU Children's Hospital with a broken leg. Police would discover that after an examination at the hospital, the 42-day-old infant had 6 confirmed fractures in her body in all different stages of healing – and it was documented by medical professionals that the injuries were specific for child abuse.

During an interview with Gilbreath, she would tell police that Denny had been rough with the baby when he become frustrated. While speaking with Denny, he would allegedly confess to handling the child rough a couple of nights before the baby was taken to the hospital.

He subsequently would write an apology letter about the incident.

Bond for both Denny and Gilbreath was set at \$100,000 each.

Shamrock's St. Patrick's Day Celebration to Return

January 20, 2022 - After a one year hiatus, a popular St. Patrick's Day event is returning.

It was announced recently by the Shamrock, Texas St. Patrick's Association that after being called off because of the pandemic last year, Shamrock's St. Patrick's Celebration event will return March 17 – 20.

Officials have announced that this year's theme is “Reflecting on the Past, Looking to the Future” and will also double as the event's “Diamond Jubilee” due to it being the 75th anniversary of the popular celebration.

Event organizers say if anyone is wanting more information on how to enter a float into the Saturday morning parade, or enter the Miss Irish Rose competition, to visit “Texas St. Patrick's Day Celebration in Shamrock” on Facebook.

Clinton Teen Shot in Face

January 20, 2022 - A Clinton teen is recuperating after being shot in the face.

According to news reports, the incident took place on Tuesday night when police say a 17-year-old shot a 15-year-old in the face and arm with a .22 caliber handgun while in a home located in the 300 block of South Sixth Street.

According to the suspect, he was unaware that the gun was loaded when he pointed the pistol at the victim.

Officers got involved after being dispatched to the intersection of Modelle Avenue and Gary Boulevard after the 17-year-old's vehicle broke down in an attempt to take the victim to Alliance-Health Clinton.

Eventually the victim was transported to the hospital where he was treated for his wounds. He would later be transferred to Oklahoma Children's Hospital in Oklahoma City where surgery was performed early Wednesday morning.

Police said the injuries the boy sustained did not appear to be life threatening.

After interviewing both the suspect, and an 11-year-old witness, police said that the suspect did not know that the gun was loaded when he pointed it at the victim. It was determined that the bullet entered the boy's cheek and traveled into his arm.

It was also determined that the suspect had purchased the gun from an unknown individual, and due to the suspect's age – police say that is illegal.

Police said an investigation into who sold the teen the gun is ongoing.

Understanding What We Read

FOR STUDENTS OF THE BIBLE

What Is Man?

Greeting's again in the name of Jesus, our wonderful Lord. It is always good to be able to come into people's homes by the written word of God. I hope you are keeping the papers and handing them out when you can. It is the desire of my heart that maybe, just maybe, there could be a church started because of these papers. We need to get right into the lesson. This isn't about me . . . it is about the Word of the Lord. I am still in the thought: What does my Church teach? I was in a conference in Atlanta, Georgia, and heard Greg S. Deuble. He had written a book entitled, "They never told me this in church before." This idea came to me . . . why not do a radio program on this subject, "What does my Church Teach?" Have people ask themselves what does my church teach? This was started on the Blessed Hope radio program and, sad to say, it ended before I was able to finish. Now, I have often wondered, because of such blindness and such a closed mind to the gospel, how many people will never come to the truth because of the Blessed Hope Program being taken off the air. I want to go now to the subject of man. As we continue our message on the subject, What does my church teach, I would like for you to ask yourself this question: "What am I being taught about man?" Is man made mortal or immortal? Did God create a body for something that could not die? If so, what need did he have of a body in the first place? Did you ever stop to think that man is a created being? What is he composed of? Was man immortal before God created him? What happens to man in death? Does the Bible answer these questions for us? Is the truth important at all on this subject? Let me ask you this question: If the Bible contains the truth, would it not be more logical to believe the truth than to believe something that is not contained in the Bible, since we are informed in II Thess. 2:13 that part of the requirements of being saved is the belief of the truth? If not, then why was God so specific in the detail of his creation of man? Then the question arise: What is man? David asked this question in Psalm 8:4: "What is man that you take thought of him, [or remember him] and the Son of man that you care for him?" As I turn this subject around to man, I hope that I can in some way present some great truths that will turn your thoughts toward the truths of the Bible and maybe help someone to turn from a way of error to the great truths of the Great God of the Bible. Now notice what was asked in the verse just quoted: "What is Man?" Does the Bible give us any answer to this question? (To be continued for the next few weeks)

(DWC) DEEP WATER CULTURE STYLE GROW
We pride ourselves on a quality hydroponic grow process which ensure proper nutrients to our plants.

QUALITY FLOWER, SHAKE & TRIM AVAILABLE

Why grow DWC? Faster growth - Plants grown in deep water culture intake more oxygen directly from the air than from the oxygen dissolved in water. DWC allows the roots to absorb large quantities of oxygen also allowing the intake of balanced nutrients. This leads to accelerated growth throughout the plant's life, bringing quality medical cannabis to the patients quicker. In DWC, growers have control over nutrients, which means growers can fix nutrient problems quickly. DWC growers are also least likely to have their garden attacked by bugs or pests (though it's definitely still possible). Therefore, it reduces the need for pesticides, allowing us to keep your medicine clean and sticky!! We believe DWC is the best way to grow cannabis.
