Sell old cows when they're priced high

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

I heard the neighbors talking about a guy who was stealing hay. Guess they thought he had been doing it for a long time. So they finally put up cameras on two different locations at two different stacks of hay. Sure enough they found out who it was. Several were bad mouthing him. They said he was feeding some of it but selling most of it. But after they told me the whole story I said,

“Well, he isn’t all bad cause he was selling the hay for \$40 per bale. So at least he was selling the hay cheap.

For the last two weeks before this one, killing cows and bulls have taken a long jump up in price. And even though we received a small snow a week ago the weather was pretty enough to gather several if they had some to sell. And we had the smallest number of cows that we have had in several years.

A lot of those butcher cows bring in the \$90s per hundredweight and three weeks ago a bull that would bring \$92 per hundredweight would probably bring over \$110 per hundredweight.

For several years the packer, in my opinion, has been buying those heavy bred cows and killing them for the blood of the unborn calf and then using the cow meat too. But that takes a lot of cows that would normally be calved out and maybe sold the next year or even several years later. It takes a lot of beef off the market. Sort off your old cows while they are high.

If the United States doesn’t wake up and stop China from buying everything in the U.S. we are going to be in trouble fast. We should never let a foreign country own any part of our food supply or source. If you look at the politicians who are for China they all have kids that have big investments there. Wake up, America, and quit voting for them. I don’t want to live under a dictator.

I was in church Sunday and the preacher was leading the children’s story. He asked the kids, “Why do you think I wear this collar?” One kid answered, “because it kills ticks and fleas.”

There were three women who died together in an accident and went to heaven. When they get there, St. Peter says, “We only have one rule here in heaven—don’t step on the ducks!” So they entered heaven and ducks were everywhere and it was almost impossible not to step on a duck. So before long the first woman stepped on a duck. Along came St. Peter with the ugliest man she had ever seen and chains put them together and he said, “This is your punishment.”

The second woman soon stepped on a duck, too, and St. Peter brought another extremely ugly man and chained them together. The next day he brought a tall, muscular extremely good-looking guy and St. Peter chained him to the third woman. She said, “Wow, how am I this lucky?” The man said, “I stepped on a duck.”

Editor’s note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family’s ranch near Slapout, Oklahoma.

WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...

Take a ***pill*** and ***snooze*** through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environ-ment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especial-ly those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Drs. Mori & Teri White practice cosmetic, implant and family dentistry at 2802 8th Street, Woodward, OK 73801

Telephone 580-256-4301

Understanding What We Read

FOR STUDENTS OF THE BIBLE
What Is Man?

(Continued from last week: "What is man?") Let us not forget that the Bible has made it very clear that man is the one that "lieth down and riseth not till the heavens be no more." This makes the importance of the resurrection of the dead very clear. The same person that dies is the same person that will come forth to eternal life if he dies in Christ. Look at it in Job 14:12. "Man lieth down and riseth not till the heavens be no more." Whoever lies down will lay there until the heavens be no more. At that time, he will come forth never to die again only if he has died in Christ. What if he did not die in Christ? This I will address later. But what about the Soul? The Bible has made it very clear that the form laying there on the ground was the one that became a living Soul. It is the same person that will be brought up in the morning of the resurrection. The Bible tells us in Genesis 5: 5 So all the days that Adam lived were 930 years, and he died. Genesis 5: 8 So all the days of Seth were 912 years, and he died. Just read for yourself the fifth chapter of Genesis and ask yourself these questions: If man continues to live after the death of the body, why in this chapter does it tell us so and so lived so many years and he died? Why didn't the Almighty inform us of this thing you call an "immortal soul"? The truth, my friend, could have never been clearer here in this chapter: The person that lived is the same person who died. . . stopped living . . . ceased living. This verse here becomes clearer . . . Psalms 146: 3 Do not trust in noblemen, in mortal man, in whom there is no salvation.4 His spirit {(the Hebrew is RUACH), its meaning is wind, air, breath. The KJV word instead of "spirit" is "breath"} departs, he returns to the earth; On that very day his plans perish. This is different from popular opinion that has the Spirit being the real thinking part of man. When the truth of the matter is that all it is, is the force that causes man to live that leaves the man and puts man in the state of know nothing and do nothing until Jesus comes which is called the sleep of death. Therefore, we can understand Psalms 6:5 look at it-For there is no mention of You in death; In Sheol, who will praise You? We need to find out why man must die. Does the Bible tell us? We'll find out next time. Until then, keep searching the scriptures.

Elk City Man Dies in I-40 Wreck

February 11, 2022 - An Elk City man died from injuries he suffered in a vehicle crash in Custer County on Thursday.

According to the accident report provided by the Oklahoma Highway Patrol, 29-year-old Jacob Wing was pronounced dead at the scene of the crash on Interstate 40 West, four miles west of Clinton.

OHP said Wing was driving a 2012 Nissan Altima west on I-40 when he slowed down for congested traffic. A 2018 Chevy Silverado 2500 was traveling behind the Altima. The Chevy’s driver did not properly slow down and crashed into the rear of the Altima at approximately 4:35 p.m.

Both vehicles left the roadway upon impact, entered a construction zone and overturned.

The driver of the Chevy, a 38-year-old Oklahoma man, refused medical treatment.

OHP said neither driver was wearing a seatbelt when the crash occurred.

Russ Files Bills to Protect Students from Inappropriate Material

February 11, 2022 - Rep. Todd Russ, R-Cordell, has filed legislation that seeks to protect school-aged children from inappropriate material in school and public libraries.

House Bill 3702 would require any Oklahoma school district, charter or virtual charter school, state agency, public library, or university that offers digital or online library database resources to students in kindergarten through twelfth grade to do so only if the vendor, person, or entity providing the resources verifies that all the resources comply with the provisions of the new law.

“The protection of our children is of the utmost importance,” Russ said. “Unfortunately, even though we have current state laws that define inappropriate material, we are still finding examples of this in our public school classrooms and libraries throughout the state on a regular basis. We must do a better job of safeguarding young minds from obscene material.”

Under the proposed new law, public schools, agencies, libraries and universities would be required to have safety policies and technology protections in place for K-12 students.

A user would be prohibited and prevented from sending, receiving, viewing, or downloading materials that are child pornography or obscene materials, as defined in current state statutes, or materials that depict child sexual exploitation as defined in current state statute. Filters or blocks to such materials are easily available and would be required.

Contractors failing to comply would face loss of payment and be considered in breach of contract. Libraries would be required to submit a report by Dec. 1 each year to the speaker of the House and the president pro tempore of the state Senate detailing any issues related to provider compliance with technology protection measures.

The legislation likewise specifies that employees of Oklahoma school districts, charter or virtual charter schools, state agencies, public libraries, or universities shall not be exempt from state law which prohibits indecent exposure to obscene material or child pornography as defined in state statute.

If passed and signed by the governor, the law would become effective Nov. 1.

Clinton Man Charged With Embezzlement

February 10, 2022 - A Clinton man has been charged after being accused of embezzling over \$10,000.

According to a probable cause affidavit, 61-year-old William Allen Folsom Jr. was charged in Custer County District Court with one felony count of embezzlement on January 31 after being arrested on January 28 when Clinton police executed a search warrant at the suspect’s body shop in Clinton.

The affidavit stated that police were notified on January 25 by a woman that her car had been stolen by Folsom. The victim told police that sometime in April 2021, she had taken the vehicle to Folsom for needed repairs due to an accident she had been involved in. The victim said that she had made four separate payments for the repairs to Folsom that totaled out at just over \$10,000 – however she stated that she still hasn’t had her vehicle repaired, as it remained in Folsom’s shop.

During the execution of the search warrant, police were able to locate the victim’s vehicle in the shop. The court document stated that the vehicle had still not been repaired.

This isn’t the first time Folsom has been accused of improprieties.

According to court records, two cases of breach of contract have been filed against Folsom last month.

For the latest charge, Folsom is scheduled to appear in court for a preliminary hearing on March 4.

BUILDING THE BEST SINCE '76

THE NEW BD7600 BOX DRILL

Introducing the new BD7600 Series Box Drills – with legendary durability and performance.

- NEW feeder cups meter by speed, adjusting for different application rates by changing the meter wheel rpm
- NEW box design and structure demonstrate industry-leading durability and flexibility
- The disc blade coulters are offset with alternating leading edges to enhance stability and reduce side-shifting
- Optional hydraulic drive reduces moving parts for easy operation
