WHITE DENTAL CARE

**Drs. Mori & Teri White, DDS**

**Sedation Dentistry Calms Fears...**  
Take a *pill* and *snooze* through your  
dental appointment.

**F**or many Americans, going to the dentist is a  
frightful event. If you are one of the 145 million  
people who avoid the dentist due to fear, we  
have the solution... Sedation Dentistry.

You can now experience your dental appointment  
through a totally relaxed and comfortable environ-  
ment. With the help of Sedation Dentistry, you will  
wake up to find that your dental appointment is over  
and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish  
more dentistry in one appointment which means fewer  
visits to the dentist.

Sedation Dentistry is available for everything from  
simple restoration to the most complex procedures.  
We are very sensitive to our patients needs, especial-  
ly those with high fear and apprehension. Now we  
can put an end to anxiety with this safe and wonderful  
technique of sedation.

We are proud to be able to offer Sedation Dentistry  
and offer hope to those who have been avoiding the  
dentist due to fear. If you would like to know more,  
call our team with your questions.

## Lingering drought has put more cattle on market earlier

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

We are definitely selling cattle a little earlier than usual with the drought. A week ago, we received a couple of inches of snow but most of the wheat fields didn't keep much snow on them as the wind put most of it in the bar ditch.

I should have been a weatherman cause several days ago they were predicting moisture then

two days later they said our area was not going to get any. Now I see they are predicting moisture again. And some of those weathermen get paid quite well for that. And being a cattleman, I have never got paid well when I guess wrong.

Whatever the case, please pray for rain. We have been through a drought before, and it is always very challenging. However, this is the first drought I have been through where our feeder futures are very high for several months out. I am very thankful for that cause otherwise our calves would be very cheap, particularly

with high grain and hay prices.

It is going be a very interesting year with all that is going on with the government and what we have going on. The influx of illegals coming across the border plus our questions of what Russia might do makes you wonder whether the cattle market can be that stable.

In the banking industry many banks look at credit scores and cash flow. They might care less how much you are worth. If you happen to have lost money for a couple of years, then tell me how do you establish the ability to have cash flow?

Last week we had a very good market selling a string of black steers weighing 623 pounds at \$2 per pound. Also, a string of steers at 565 pounds for \$210 per hundredweight and a string of 475-pound steers at \$233 per hundredweight. And our heifers weighing 500 pounds stopped at \$182 per hundredweight.

They tell me getting old should require thinking but I bought a new stick of deodorant today. And the instructions said, "remove cap and push up bottom." I'm telling you it hurts to walk but the room smells better.

I am so single if I win a trip for two then I am going twice.

*Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

**Clinton Man Accused of Stabbing**  
February 21, 2022 - A Clinton man was arrested earlier this month after allegedly stabbing another man multiple times.  
According to court records, 33-year-old Chase Martin Stewart was charged with one felony count of assault and battery with a dangerous weapon after a police report revealed the attack occurred during the early morning hours of February 9.  
The report stated that Clinton police were dispatched to the 300 block of South 18 th Street in reference to a disturbance. Police say they found the victim soaked in blood with multiple puncture wounds and saying he had been stabbed.  
The officer's report stated the stab wounds were to the man's back, left bicep and lower abdomen.  
A witness would tell police that Stewart was her ex-boyfriend and that he was the one who allegedly stabbed the victim. She would say that her along with the victim were walking when they were approached by the suspect. She said that she went inside of the victim's home when Stewart confronted him. She said that when the victim attempted to go back into this house, he was stabbed multiple times.  
Stewart was located and taken into custody shortly after the incident.  
With the help of other witnesses in the area, police were able to find the weapon, a large silver knife, in a nearby dumpster.  
The victim was taken to a hospital in Oklahoma City by helicopter for treatment.  
A preliminary hearing conference for Stewart has been scheduled for March 11 in Custer County District Court.

What Is Man?

Greetings once again! Here we are on the top side of the earth still looking into the subject of man. I was in the Book of Job last time, and I see where Job made it very clear that both the righteous and the wicked will be laid together in the same place, so I want to go back and look at that again. “Why did I not die at birth, come out of the womb and pass away? 12 Why were the knees there in front of me, and why the breasts, that I would nurse? 13 For now I would have lain down and been quiet; I would have slept then, I would have been at rest, 14 With kings and counselors of the earth, who rebuilt ruins for themselves; 15 Or with rulers who had gold, who were filling their houses with silver. 16 Or like a miscarriage which is hidden, I would not exist, as infants that never saw light. 17 There the wicked cease from raging, and there the weary are at rest. 18 The prisoners are at ease together; They do not hear the voice of the taskmaster. 19 The small and the great are there, And the slave is free from his master. Job made it very plain that had he died at his birth, he would have laid down and he would have been quiet. He said he would have been at rest; he said he would have been with counselors of the earth. You can read this for yourself. In Verse 16, he says had he not been born, it would have been like a miscarriage which is hidden. Look at verse 17: “There the wicked cease from troubling or raging and there the weary be at rest.” This does not sound at all like what you hear in the average church today. Preachers holler and try to scare people into thinking something the Bible has nothing to say about. The foundation of the natural immortality of the soul is hinged upon the lie told in the Garden of Eden by the serpent in Gen.3:4: “THOU SHALT NOT SURELY DIE”. Preachers have picked up on this lie. So have song writers with such songs as “I’ll Fly Away” where the soul of man never dies. It is being told on TV, on radio, in tracts, and in newspapers by men of great renown. Many of our own churches have allowed it to be sung in their services. The very reason that Adam was driven from the Garden of Eden was because he believed his own lie. It brought death into the world. Can I prove this? Romans 5: 12 Therefore, just as through one man sin entered into the world, and death through sin, and so death spread to all mankind, because all sinned— Therefore it took the death of the lovely Son of Our God to redeem man from sin. If this truth isn’t being taught in your church, then you need to look for another church. You need to get your family under the influence of a man of God who will declare the wonderful truths of the Bible. No where will you find in the Bible that man escapes death. (To be continued over the next few weeks)

**Our Genetics Work – We Have Proof!**

By using the same genetics in both our commercial and registered herds, we can gather data and track our cattle through the feedlot. If our genetics aren't profitable on the range, in drought conditions, in the feedlot or on the rail, we are the first to know.

We value the importance of low inputs with high efficiency, added pounds through genetic merit, and honest females that make it happen year after year.
