WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...
 Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Drs. Mori & Teri White practice cosmetic, implant and family dentistry at 2802 8th Street, Woodward, OK 73801

Understanding What We Read

FOR STUDENTS OF THE BIBLE
What Is Man?

(Continued from last week) No where will you find in the Bible that man escapes death. From the KJV, Job says in 14:1 Man that is born of a woman is of few days and full of trouble. 2 He cometh forth like a flower, and is cut down: he fleeth also as a shadow, and continueth not. 3 And doth thou open thine eyes upon such an one, and bringest me into judgment with thee? 4 Who can bring a clean thing out of an unclean? not one. 5 Seeing his days are determined, the number of his months are with thee, thou hast appointed his bounds that he cannot pass; 6 Turn from him, that he may rest, till he shall accomplish, as an hireling, his day. 7 For there is hope of a tree, if it be cut down, that it will sprout again, and that the tender branch thereof will not cease. 8 Though the root thereof wax old in the earth, and the stock thereof die in the ground; 9 Yet through the scent of water it will bud, and bring forth boughs like a plant. 10 But man dieth, and wasteth away: yea, man giveth up the ghost, and where is he? 11 As the waters fail from the sea, and the flood decayeth and drieth up: 12 So man lieth down, and riseth not: till the heavens be no more, they shall not awake, nor be raised out of their sleep. 13 O that thou wouldest hide me in the grave, that thou wouldest keep me secret, until thy wrath be past, that thou wouldest appoint me a set time, and remember me! 14 If a man die, shall he live again? all the days of my appointed time will I wait, till my change come. 15 Thou shalt call, and I will answer thee: thou wilt have a desire to the work of thine hands. This is as clear as it can be, man lieth down. For how long? Till the heavens be no more. How much plainer does the LORD God have to make it? If man lies down till the heavens be no more then he cannot be enjoying the bliss of Heaven. He has made it perfectly clear that man is but of few days and full of trouble. If he continues to live after he dies, he could never have made such a statement as he did in verse one. What was the statement? "Man, that is born of a woman is but a few days and full of trouble. We asked the question in the last publication of The Blessed Hope Messenger why man had to die? Well, here is the reason. We have given it over and over, so we need to remind ourselves. Here is the answer to this question... (To be continued)

NATIONAL FFA WEEK

February 19-26, 2022

Local FFA Chapters

Celebrate 2022 National FFA Week

Agriculture is part of our daily lives—from the food we eat to the clothes we wear. Last week, hundreds of thousands of FFA members across the country shared the story of agriculture as part of National FFA Week.

Today, FFA provides the next generation of leaders who will change the world. As the top school-based youth leadership development organization in the nation, FFA helps young people meet new agricultural challenges by encouraging members to develop their unique talents and explore their interests in a broad range of career pathways. FFA members are future leaders, future food suppliers, future innovators and so much more.

Whether through service projects or community gatherings, National FFA Week is a time for FFA members to raise awareness about the National FFA Organization's role in developing agriculture's future leaders and the importance of agricultural education.

National FFA Week always runs from Saturday to Saturday and encompasses Feb. 22, George Washington's birthday. This year, the

week kicked off on Feb. 19 and finished on Saturday, Feb. 26.

The National FFA Board of Directors designated the weeklong tradition, which began in 1948, recognizing Washington's legacy as an agriculturist and farmer. A group of young farmers founded FFA in 1928, and the organization has been influencing generations that agriculture is more than planting and harvesting — it involves science, business and more.

National FFA Week is a time for FFA members to share agriculture with their fellow students as well as their communities. Chapters also give back to their communities through service projects during FFA Week. For example, during FFA Week, the Cleveland FFA chapter in Minnesota will be hosting a supply drive for the local humane society. In Arkansas, Clarksville High School FFA will be reviving the old community garden. Richland High School FFA chapter in North Carolina plans to organize a food drive and Wheatland FFA in Montana will be building park benches. These are just a few examples of how FFA

members will be living to serve in their communities. During FFA Week, the six national FFA officers connect virtually with chapters across the country — delivering keynotes, greetings, workshops and more! The National FFA Organization is a school-based national youth leadership development organization of more than 735,000 student members as part of 8,817 local FFA chapters in all 50 states, Puerto Rico and the U.S. Virgin Islands.

Several local FFA Chapters did live interviews with Jimmy Clark, on KECO 96.5's "Today in Ag" show, which airs at Noon Monday through Friday. See pics on next page.

A pen to consider

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

A man asked me a year ago to draw him a sketch of a set of pens that he was wanting to build.

I lost his phone number so I will give my opinion on what I like. First thing if I have a sorting alley that is 10 feet then I want a gate that is 12 feet wide going into the sorted alley or a pen. Then if you can throw that gate before the wild thing gets there

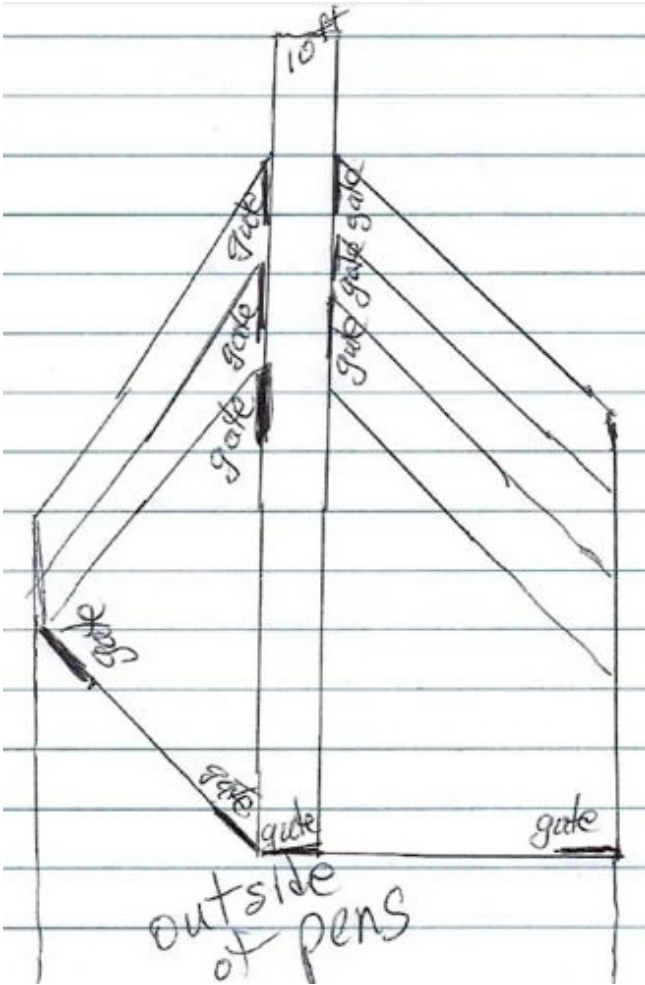

and it will hit on the other side and won't go all the way around. If I win a trip for two then I am going twice.

Also, if you have a kid holding the gate the 12-foot gate in a 10-foot alley might keep him or her from getting their teeth busted out. Also, the same is true if your wife is holding the gate. However, the rancher sitting beside me that just got a divorce said, "On the wife you might want an 8-foot gate." And I will never build another square pen. If you will slant those alleys or pens then cattle go in and out a lot better than a square pen because they can get down the alley.

Also, you are not as apt to knock a hip down. Also, on the outside part of pens where you are bringing cattle in, I want all these pens straight but slanted toward the gate giving you another angle to trap cattle easier.

I asked a friend of mine what kind of beer he liked. And he said, "An opened one." Then I asked him where he first met his wife. And he said, "At a family reunion."

Today I was in a shoe store that sells shoes only and nothing else. A young girl with green hair walked over to me and asked, "What brings you in today?" I looked at her and said, "I'm interested in being a refrigerator." She looked at me with that deer in the headlights look.

Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

Smoke To Blame For Custer Co. Accident

February 28, 2022 - Smoke from a grass fire may be to blame for a two vehicle accident in Custer County that hospitalized a Weatherford woman.

According to the collision report provided by the Oklahoma Highway Patrol, the accident occurred Sunday at approximately 3:51p.m. on a county road 5 miles east of Custer City.

OHP said a 2017 Toyota Highlander driven by 45-year-old Tammy Renea Friesen was southbound on county road 2360 and was left of center of the road while driving through smoke from a nearby grass fire.

Subsequently the vehicle would collide with an oncoming 2022 GMC pickup. As a result, Friesen was admitted into an Oklahoma City hospital in stable condition for trunk internal and leg injuries. A passenger in the Friesen vehicle, a 14-year-old female, was treated and released for minor injuries at Weatherford Regional Hospital.

Both the driver of the pickup, and a passenger, were not injured.

Two Beckham Co. Board of Education General Elections Announced

February 25, 2022 - The Beckham County Election Board has formally announced two school districts in the county will hold general election for school board positions.

In a press release, Secretary of the Beckham County Election Board Sherron Manning announced that the Board of Education General Election will be held on Tuesday, April 5 in both the Merritt and Sayre School Districts for office seats number 2.

In Merritt Dwight Spitz and Jason Kos will square off for the position while in Sayre Russell Mariano will take on Cinch Yake for the seat.

Manning said voters who are registered and reside at an address within the geographical boundaries of the Merritt or Sayre School Districts are eligible to vote in the upcoming election. If anyone has questions about eligibility, Manning says to contact the County Election Board by phone or email. One can also find their district information using the State Election Board’s Voter Portal online at oklahoma.gov/elections/ovp

Congressman Lucas, Others, Issue Statement on Russia's Invasion of Ukraine

February 24, 2022 - Oklahoma lawmakers, including Frank Lucas (R-Cheyenne), have released statements following Russia’s overnight invasion of their neighboring country Ukraine.

In a statement released Thursday morning, Lucas said:

“Russia’s premeditated invasion of Ukraine is reckless and a flagrant violation of international law, as well as Ukraine’s sovereignty. For decades, Vladimir Putin has violated the rights and freedoms of sovereign bordering neighbors, attempting to rewrite history and upend the balance of power in Europe. Now, Russia’s invasion of Ukraine lays bare for the world to witness the evil of an irresponsible and dangerous dictator- one who alone will be responsible for the death and destruction that this invasion will bring.

“Vladimir Putin’s invasion of Ukraine marks a historic shift in how the world should regard and engage with Moscow and the Kremlin. The United States and our Allies across the globe must remain committed to enacting swift, strong, and painful sanctions, ensuring Putin is held accountable and Russia’s ability to make war is short-lived.

“In these dark and unfathomable times, my prayers and the prayers from across the United States are with the people of Ukraine. The United States and freedom loving people from across the world stand with them.”

Russia launched its anticipated attack on Ukraine right before day broke on Thursday in the eastern European county, as Russian military officials claim they have knocked out Ukraine’s air defense assets and airbases.

The invasion comes as President Vladimir Putin cast aside international condemnation and sanctions.

Other Oklahoma lawmakers condemning Putin’s actions included Rep. Markwayne Mullin, Rep. Tom Cole, Sen. Jim Inhofe, and Sen. James Lankford.

Our Genetics Work – We Have Proof!

By using the same genetics in both our commercial and registered herds, we can gather data and track our cattle through the feedlot. If our genetics aren't profitable on the range, in drought conditions, in the feedlot or on the rail, we are the first to know.

We value the importance of low inputs with high efficiency, added pounds through genetic merit, and honest females that make it happen year after year.

Real ranchers with real efficiency in a real environment.
