## Our Genetics Work – We Have Proof!

By using the same genetics in both our commercial and registered  
 herds, we can gather data and track our cattle through the feedlot. If  
 our genetics aren't profitable on the range, in drought conditions, in  
 the feedlot or on the rail, we are the first to know.

We value the importance of low inputs with high efficiency, added  
 pounds through genetic merit, and honest females that make it  
 happen year after year.

**Real ranchers with real efficiency in a real environment.**

## Grain price increase is impacting feeders

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

Grains have been making a jump in price with corn, soybean and wheat making a big jump on March 1. That pulled the feeder futures down but for as much as the grains were up, I was surprised the feeder futures weren't further down in price.

Our area needs rain very badly. Some of the area south of us

100 miles and east of us 60 miles got rain. We had a good start in the fall but now a lot of my wheat you can barely row and a lot of it looks partially dead.

Wheat is hardy or it wouldn't survive in our area anyway.

Lots of feeders and weaned calves are selling early this year because of the

drought. Luckily, our feeder futures in the fall have been high enough in price that it has kept our light cattle selling at a good price.

Futures have fallen some, but they are still a good price. I have put insurance on some of my feeder cattle for the fall. The only reason I did that instead of hedging was that I didn't have to put any money up front.

It's quite an interesting, or I should say, it is quite a frustrating business with the packer still making that much money at the expense of cattlemen.

We have a quite a mess overseas, which is affecting the United States big time. Most of our politicians are interested in filling their pockets and making them and their kids rich instead of doing what is right for our country.

Most of the talk recently from cattlemen was they were disgusted that the president would not allow our big pipeline to come through and then turn around and tell other foreign countries to produce more oil, which makes Russia rich and our gas a lot higher.

A blonde lady wanted to earn some extra money and decide to hire herself as a handy woman. So she started in her neighborhood and at the first house she asked if there were any jobs for her. The man told her that she could paint the porch.

Then he asked the lady how much she would charge him. She said, "I will do it for \$50." The man's wife was listening and said to her husband, "Does she realize our porch goes all the way around the house?"

A short time later the blonde lady came to the door to collect her money. She got the \$50 and said, "Here's the paint I have left." He said, "Paint left?" She said, "Yes, but it's not a porch it's a Lexus."

*Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

WHITE DENTAL CARE

## Drs. Mori & Teri White, DDS

**Sedation Dentistry Calms Fears...**  
Take a ***pill*** and ***snooze*** through your dental appointment.

**F**or many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

## Shamrock Trio Perish in Weekend Crash

March 7, 2022 - The Texas Department of Safety is investigating a fatal crash that took the lives of three Shamrock, Texas residents over the weekend.

According to DPS officials, the two vehicle wreck took place in the westbound lanes of Interstate 40 in Carson County, Texas – eight miles east of Conway, Texas when the vehicle driven by 43-year-old Jeremy Lewis failed to control its speed and struck the back end of a semi-trailer that had slowed down due to a crash further down the road.

DPS said the driver, along with 18-year-old Benjamin Lewis and a 12-year-old all died on the scene.

The crash remains under investigation.

## Autopsy Released Regarding Manner of Death of Man in Clinton Police Custody

March 3, 2022 - The cause and manner of death of a Clinton man who died while in police custody has been released by the Oklahoma Medical Examiner's Office.

At the request made by the Clinton Police Department, The Oklahoma State Bureau of Investigation has been investigating the in-custody death since last August.

According to an autopsy report, the ME's office said that 37-year-old Butch Thomas Herndon's probable cause of death was ruled an accident caused by methamphetamine toxicity.

The report showed that Herndon's body tested positive for traces of amphetamine, methamphetamine, and alcohol at the time of his death.

The ME's report also noted that vomit was found in the body's respiratory system.

Herndon was arrested on August 31, 2021 by Clinton police for public intoxication after authorities received multiple calls in reference to a subject that was 'acting strange' and was trying to enter occupied vehicles in the parking lot of a convenience store located at 10th and Modelle.

The subject was being followed by witnesses and officers located the subject in the 1200 block of Modelle as he was attempting to enter a locked car in a driveway.

Police said the subject appeared to be intoxicated and was placed into custody without incident. A short time later, the subject attempted to kick out the windows of a patrol car and became out of control.

The subject was restrained, but no other force was used or required.

Medical and fire personnel were dispatched to the scene, but the subject refused to allow them to examine him. He was transported to the Clinton City Jail and placed on 15-minutes checks.

A short time later, he was found to be unresponsive and officers immediately began to render aid.

He was transported to Alliance-Health Clinton where he passed away.

## Understanding What We Read

FOR STUDENTS OF THE BIBLE  
What Is Man?

Continued from last week) Why must man die? Here is the answer to this question... Romans 5:12... we will look at it from the KJV and from the NASB 12 Wherefore, as by one man sin entered into the world, and death by sin; and so death passed upon all men, for that all have sinned: 12 Therefore, just as through one man sin entered into the world, and death through sin, and so death spread to all mankind, because all sinned— Why must man die? It is because of sin. Is this not what God told Adam in Gen. 2:15-17 15 Then the LORD God took the man and put him in the Garden of Eden to cultivate it and tend it. 16 The LORD God commanded the man, saying, "From any tree of the garden you may freely eat; 17 but from the tree of the knowledge of good and evil you shall not [a]eat, for on the day that you eat from it you will certainly die." How clear the language this teaching is most unpopular in the world today. People think that God created something that could not die and that they get to live forever somehow in some way. But wait, did Adam die the day God said he would? Gen. 5:5 All the days that Adam lived were 930 years and he died. Peter tells us in 2 Peter 3:8 that one day with the LORD is like a thousand years and a thousand years as one day. Adam did not live out a thousand years. He was shy 70 years. He died in the day God said he would. As a result of man's sin in the Garden of Eden, Adam being the head of the human creation, brought death upon mankind just as the Bible tells us. But we are going to learn what God's plan is in part. Because of what Jesus did, mortal man does have hope of living again. In John 11 Jesus went to raise Lazarus from the dead. I am going to ask you to reference it and read something that is sometimes overlooked. Jesus had word that Lazarus had died. Jesus told his disciples in Verse 11 that their friend Lazarus has fallen on sleep. They, thinking he meant he had taken a sleep of rest because he was sick, said to Jesus, "Well, Lord, if he is sleeping, he is doing well." Jesus then is very plain with them and said, "Our friend, Lazarus, is dead. I go that I may awake him." If Lazarus had been in a bliss of glory and enjoying all the glory of paradise wouldn't this had been a perfect time for Jesus to have said "Lazarus is not dead. He is in a bliss of glory." Ask yourself this question . . . does my Church teach anything any different from what the Bible gives here in John 11? If so, you need to check out what is being taught. Till next time, keep looking up. Jesus is soon coming!!!!
