## Technology can be tricky

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

Most of us have mobile phones and most of us have phones we can text. And the majority of us ole cowboys have finally learned how to send and receive pictures.

All of this can be handy as long as you do not text your wife a text that was meant for someone else or worse yet perhaps pictures you did

not mean to send your wife. And an easy mistake is when you are texting someone and shortly after you receive a different text so you send the next message to the wrong person or perhaps spell check changes your words for you.

Last week my two youngest ones, age 20 and 21, were hauling cattle. Mark says he needs

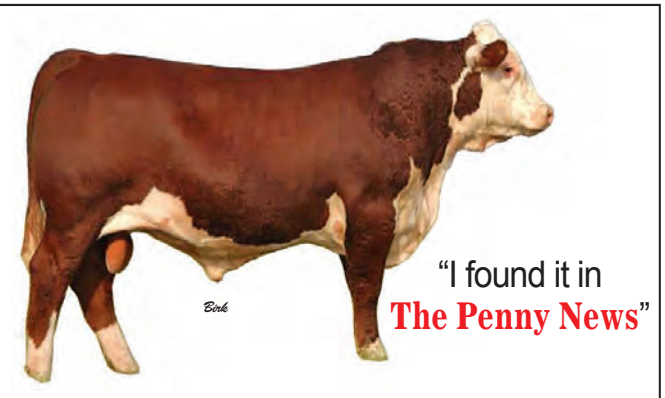

to go to the bathroom. Well, they had more cattle to haul and Zack thought Mark was piddling. You may not have ever used that word but it means “get your rear in gear.” It may not be the best words to have used but it could have been worse. Zack thought he texted Mark but instead he texted me. The text read, “Hurry up, you hoe.” I immediately started laughing because I knew he meant for Mark to get that text. Immediately he said, “Dad, I didn’t mean to send that to you. I was texting Mark.”

Another rancher said his 16-year-old granddaughter was at home by herself in the country so he simply texted her and said, “Are you OK?” He sent it and never looked at the text but instead the text he sent said, “Are you gay?” The granddaughter never answered as it hurt her feelings but later grandpa found out what the text said after she confided in her mother the question grandpa had asked. So grandpa called and apologized and told her that was not what he meant to say.

If we could get as much rain as we have gotten wind, we would be under water. I am definitely a Christian and probably those that work around me would say not a very good one. But if you can sort cattle in the wind by yourself with sand slapping you upside your head and with your head cocked sideways in order to keep your hat on and then the wind blowing your gate shut and the cattle went the direction. If you can do that without cussing then I would have to say, “Now there is a good Christian.” Then I hear these city folk say, “Wow, that wind is terrible.” And then I want to say, “Well, I feel so sorry for you having to mess with that wind from your car to your office.”

On Tuesday, a 2-year-old nice black pair brought \$1,950.

## Wanted Clinton Man Arrested

April 18, 2022 - A wanted Clinton man was arrested last week by police after a city resident recognized the man and was able to direct police to a home the suspect may have been staying in.

According to court records, 38-year-old Jerimiah Carlos Roque was arrested on April 10 in a home in the 400 block of South 10th Street when authorities from multiple jurisdictions converged on the home. There, they would find a 16-year-old female who would tell police that Roque was not inside the residence. However police were able to locate the suspect hiding on top of a hot water tank inside a closet.

The juvenile had allegedly tried to conceal the closet by hanging a blanket over the door and moving a washing machine by the door as well.

The juvenile was allegedly in possession of methamphetamines when police found her. She had to be transported to the hospital after swallowing the illegal narcotic. The affidavit stated that a large amount of marijuana was also located inside the home as well.

The juvenile was later arrested for harboring a fugitive. Roque was charged with child neglect and unlawful possession of drugs with the intent to distribute after two or more former felony convictions.

His first court date is scheduled for April 22. A preliminary hearing is scheduled for May 13.

Clinton police have been searching for Roque since March 15 when a victim reported that he was jumped by two males outside of a Clinton motel.

The defendant and a 17-year-old male were identified as suspects after police compared the victim’s story to video surveillance.

At that time, Roque had a warrant for battery or assault and battery with a dangerous weapon.

The report stated that along with Clinton Police, the Custer County Sheriff’s Office, Oklahoma Highway Patrol and Weatherford Police Canine Unit assisted in the arrest.

## Smoke To Blame For Beckham County I-40 Pile Up

April 18, 2022 - Smoke from a grass fire is to blame for a four vehicle pile up on Interstate 40 near Sayre Friday afternoon.

According to the collision report provided by the Oklahoma Highway Patrol, the accident occurred at 2:21p.m. in the eastbound lanes near mile marker 25 when a 2019 Ford F-350 slowed down while driving through smoke blowing across the road due to a nearby grass fire. OHP said a 2019 Ford Fiesta driven by 55-year-old Jonathan Hicks of Ardmore struck the F-350 from behind. Subsequently, a 2020 Ford Explorer driven by 81-year-old Gerald Worrall of Albuquerque, New Mexico struck the Fiesta.

OHP said Hicks and a passenger, were both taken to OU Medical Center in Oklahoma City where they were last listed to be in critical condition.

Worrall was treated and released from Great Plains Regional Medical Center in Elk City, however a passenger, 81-year-old Frieda Worrall was admitted into the same hospital with trunk internal injuries – last listed to be in stable condition.
