## A gesture worthy of noting

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

I told my youngest son that I was proud of him because on Mother's Day he sent flowers to two mothers who had lost their sons who were about his age.

One son was murdered nine years ago, and he has sent flowers to his mother every year on Mother's Day. The other mother lost her son a little over a year ago in a four-wheeler accident.

This has to be a bad day for these moms, and I really appreciate him thinking about them and trying to make their day better.

### Woodward Livestock Auction Report

THURSDAY, MAY 12, 2022

Receipts: 2,920 Last Reported: 3,350 Last Year: 4,047

Compared to last week: Feeder steers steady to 3.00 lower. Feeder heifers 2.00 - 4.00 lower. Steer and heifer calves lightly tested, with a lower undertone noted. Demand moderate to good. Quality average to attractive. Supply included: 100% Feeder Cattle (52% Steers, 47% Heifers, 1% Bulls). Feeder cattle supply over 600 lbs was 84%.

Last Sunday, on Mother's Day, a friend asked me to help him in Oklahoma City to cook for the homeless. So immediately after church we went and set up a cooker and cooked hamburgers and hotdogs for three hours. It was good, but that is also definitely a different world.

One lady announced to us that her name was Precious. So Precious wanted two hamburgers and two hotdogs. Pretty soon my friend hollered over at her and said, "Baby Doll, do you want another hamburger and sure enough Precious or Baby Doll wanted another hamburger. Now I've been out on Saturday night dancing a lot, but I didn't know Precious or Baby Doll looked like that.

We still need some more rain. You don't have to go very far east before they are in good shape with rain. In fact, 150 miles east they were too wet. I heard one rancher ask this morning, "Have you priced any hay yet?" He was saying it looked like it will be hideously high, and it may be scarce in our area. However, over east, as soon as they dry out and it stays warm they will definitely have grass to bale.

They say the grading on fat cattle is the lowest it has been in years, which shows feedlots want to move cattle as soon as the packer will take them, which is very healthy for cattlemen.

There was an older couple that was lying in bed. The wife says to her husband, "I was dreaming." He didn't answer her. So again, she said, "I was dreaming that I was at Walmart."

He said, "Well, I was dreaming that I was hunting with three naked women." She said, "Was I there?" He said, "No, you were at Walmart."

There was a husband and wife who had been married a year and had a big fight. So, she called her mom and said, "He fought with me again. I am coming to live with you." Mom said, "No darling, he must pay for his mistake. Instead, I am coming to live with you."

## Pampa Teen Passes Away in Weekend Wreck

May 16, 2022 - Officials with the Texas Department of Public Safety released information regarding a fatal accident Sunday evening in Hutchinson County, Texas east of Borger.

According to a news release, a 2001 Ford F-250 was traveling westbound on SH 152 around 9:45 p.m. Sunday around five miles east of Borger. For an unknown reason, the driver, identified as 19-year-old Haley Nightingale of Pampa, Texas left the roadway and traveled into the center median.

Officials said Nightingale then over-corrected the steering to the right and lost control of the pickup. The release said the vehicle then traveled back onto the road in a side skid and rolled over. Nightingale, who was reported as not wearing a seatbelt, was ejected. She would pass away from injuries sustained in the incident.

The wreck remains under investigation by the Texas Highway Patrol.

## Despite Recent Rain Drought Rages On

May 16, 2022 - Some parts of Oklahoma remain in a drought and the latest report from the U.S. Department of Agriculture shows only a slight improvement in western Oklahoma—the driest area of the state.

The latest U.S. Drought Monitor showed more than 10% of the far southwest and the Panhandle were in an “exceptional” drought, the worst of the descriptions provided by the government. Included in the “exceptional” drought category is the southern half of Beckham County and all of Greer, Jackson, and Harmon Counties.

An estimated 36% of the state, the western part, is considered in the next classification, an “extreme” drought. About 45% of Oklahoma is in a “severe” drought. It covers a narrow band stretching from the Kansas state line south to the Texas state line.

Recent rains have contributed to easing dry conditions in central Oklahoma while the eastern third of the state is described as not having any dry conditions.

Fortunately mother nature has been kind to the region with recent storms providing heavy rains in the area over the past week.

According to the Oklahoma Mesonet over the last 7 days, Erick has received just under two inches of rain. Elk City just over 1 inch, and Bessie near an inch and a half.

Forecasters say this week more rain could come with chances of precipitation tonight, tomorrow afternoon, and tomorrow night.

## Wrecks Shut Down I-40 in Beckham, Custer Counties

May 11, 2022 - An early morning accident on Interstate 40 in Beckham County shut down both lanes for just over three hours Thursday.

According to the accident report provided by the Oklahoma Highway Patrol, the mishap occurred just after 5 a.m. near mile marker 26, 2.5 miles east of Sayre when the 2017 Freightliner driven by 36-year-old Oklahoma City resident Joshua Wolever left the roadway due to high winds, hit the cable barrier and rolled a half time before coming to rest in the eastbound lane.

OHP said Wolever was transported to Great Plains Regional Medical Center in Elk City where he was treated and released.

No other vehicles were involved in the mishap.

A separate accident in Custer County also shut down a portion of Interstate 40 Wednesday morning.

OHP said an injury accident occurred just before 1:30 a.m. and saw the eastbound lanes closed for just over 4 hours while crews cleaned up the area.

The accident report stated that at 1:27 a.m. a 2010 Honda Civic driven by 25-year-old Yenifer Abarca of Montgomery, Texas had stopped sideways in the westbound lanes for an unknown reason. OHP said a 2018 Freightliner would then strike the vehicle on the passenger side. Authorities said Abarca was transported to Alliance Health in Clinton where she was admitted in stable condition with trunk internal injuries.

OHP said the cause of the accident is still under investigation. According to a news release, a 2001 Ford F-250 was traveling westbound on SH 152 around 9:45 p.m. Sunday around five miles east of Borger. For an unknown reason, the driver, identified as 19-year-old Haley Nightingale of Pampa, Texas left the roadway and traveled into the center median.

Officials said Nightingale then over-corrected the steering to the right and lost control of the pickup. The release said the vehicle then traveled back onto the road in a side skid and rolled over. Nightingale, who was reported as not wearing a seatbelt, was ejected. She would pass away from injuries sustained in the incident.

The wreck remains under investigation by the Texas Highway Patrol.
