High fuel prices are dragging us all down

Jerry Nine

Auction
Woodward, OK

Regardless of what party affiliation you belong to or whether you could care less about politics it has to concern you when you fill up your vehicle with high gasoline and diesel prices then everything is skyrocketing. And like one employer recently said on television workers have to have higher wages and you can never lower those wages.

So in turn employers let some employees go and try to operate with less even if prices come down. I don't mind to go a little more green, but in our area green is not that important. To go total green and try to do away with the gas and oil industry would be devastating to our area in the Midwest. I saw the lawyer I have used for years to read contracts and such. I said, "I haven't switched I just haven't had anything going in a long time. I would love some location damages or pipeline

crossings. And I will gladly take wind energy." I am like most in our area I need something to support these manipulated cattle markets. Democrats feel some should be voicing your opinion to your politicians. I seriously doubt it will help but at least you tried. The other big thing that concerns me is the big push for a one world government system. That is a huge agenda that could change the United States drastically. It is predicted in the Bible that this will happen, but I'd rather postpone it as long as we can.

We need leaders who are for the people, and I am talking about all political parties. Whether Democrat, Republican or independent I want to vote for Christian or at least Christian-thinking people. With all these mass shootings going on, in my opinion, the US. started going downhill when we took prayer out of our schools. Our country was founded on "in God we trust" and that is the reason the U.S. has done well.

I'm not much for lawsuits but I hope the parents of these kids who died in school sue the video game makers that promote evil and I hope they are awarded \$1 billion.

A friend of my oldest sons had gotten very sick last November and doctors couldn't figure out what it was. He almost died but is slowly getting his health back. About a year before he got sick his wife also sued him for divorce. So I texted him a few days ago and said, "How are you doing?" He said, "Well, I'm doing." I said, "That is good at least you are still alive."

He liked to rope before his sickness and is trying to learn it again. I said, "Go out today and rope a cow or a gal." He said most likely it will be a cow. I said, "I don't blame you. It might be less chance for a wreck." And he said, "Shoot, I agree."

WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...
 Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Fatal One Vehicle Accident in Roger Mills County

June 13, 2022 - A Reydon man died in a vehicle crash Saturday morning.

According to the accident report provided by the Oklahoma Highway Patrol, 21-year-old Damien Gibson died from injuries he suffered in the crash.

OHP said the crash occurred at approximately 6:30 a.m. on State Highway 47, a half-mile west of County Road 1810, and seven miles west of Cheyenne in Rogers Mills County.

Officials said Gibson was driving a 2002 GMC pickup east on Oklahoma 47. The vehicle went off the roadway, hit a tree and stopped against a fence. He was ejected 10 feet from the vehicle.

He was not wearing his seatbelt when the crash occurred, according to OHP.

The cause of the crash is still under investigation.

Former Assistant Police Chief Sentenced to Jail

June 10, 2022 - A former Oklahoma assistant police chief has been sentenced on multiple child pornography charges.

Tyler Davis was sentenced by a Caddo County judge last week to serve 12 years in the Oklahoma Department of Corrections after pleading no contest in April to four counts of possession of child pornography. He was also sentenced to 25 years after pleading no contest to the charge of first-degree rape, and three counts of child sexual abuse.

The case against Davis began between April and September of 2020, when a social media platform reported a user who was uploading multiple sexually explicit files of a pre-pubescent female.

The platform reported the images to the National Center for Missing and Exploited Children. At that point, the center notified the Oklahoma State Bureau of Investigation that the IP address was traced to Oklahoma.

OSBI agents opened an investigation, which led them to Davis.

In January 2021, agents with the OSBI's Internet Crimes Against Children served a search warrant in the 600 block of N. Broadway in Hydro.

Davis, who was the assistant chief in Hydro and a Caddo County Sheriff's Office reserve deputy, was arrested.

13 years of the sentence will be suspended. Davis will serve the sentences concurrently and will get credit for the year and a half that he has already served.

Life. Light. Liberty.

BEST FOR US!

Border Security: We must secure our borders to protect both our citizenry and those who wish to legally enter this great country in order to become a part of it.

Energy Independence: While renewable energy has its place, fossil fuels are abundant and cost effective. To regain our energy independence, we must encourage fossil fuel production.

Second Amendment: "...shall not be infringed..." (Bill of Rights, 1791)

Term Limits: Politicians can't represent people with whom they've lost touch. We must adopt term limits to ensure a continuous flow of representatives rising from the ranks of the people.

Freedom: Government should not encroach on its citizens. We must protect our God-given rights, including life (from conception to death), liberty (including speech, religion, press, medical consent, and parental rights), and private property.

Opportunity: equal opportunity does not mean equal outcomes. Every citizen deserves an opportunity to thrive (or fail) by freely exercising Constitutionally protected liberties

Ranching/Farming: Oklahomas unmatched farmers & ranchers should be free to operated unfettered by government regulations or globalist agendas. They deserve Farm Bill support

Uphold the Constitution: "The Laws of Nature and of Nature's God" guide good government. Free and fair elections are the foundation of our constitutional government.

Stand Against Anti-American Ideologies: American ideals extend well beyond personal peace and prosperity. It will stand against ideologies that are county to the core tenets of our constitutional liberties, such as communism, socialism, and globalism.
