## Certain segment in market continues to surprise

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

We had a big cow, bull and calf sale on Tuesday. Killing cows were somewhat cheaper but still a lot higher than you would normally have expected even if you had a wild imagination.

I read somewhere that we had sold 16% more cows than normal. The other item that the government

does not take into consideration is the number of that extra cow slaughter that are medium to heavy bred cows. And a good share of

those heavy bred cows are middle aged and could easily go back to the ranch for four years or more.

The cattle report that came out last Friday showed on feed at 101% and the estimate was 101.4%. The placement in the feedlot showed 98%, which was estimated at 99.6%. The marketing figure was 102% and it was estimated to be at 103%. The report was called neutral. But even on the last report it was called negative and the futures went up the following Monday.

I think the buyers could see a lot less feeder cattle moving and thought perhaps they knew better.

The commercial beef cow slaughter in May should total 340,000 head, which is the largest for that month since 1996.

It is interesting we have a lot of optimism in the cattle industry, but I do not hear of much optimism of what our government is doing. Most think we are either in a recession or are starting in one.

I was happy to see the abortion deal kicked to the states. Maybe they should concentrate on prevention. However, even though I am against abortion there are several political leaders I think it would have been justified if their mother had done it.

A friend of mine and his wife are getting a divorce. I guess she posted online and said, "I guess he thinks my rear is too big." Well, there was no reason to have ruined a marriage over that. Heck, I could have told her that.

*Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

### Woodward Livestock Auction Report

THURSDAY, JUNE 30, 2022

Receipts: 3,572 Last Reported: 2,155 Last Year: 0

Compared to last week: Feeder steers mostly steady to 3.00 lower. Feeder heifers steady. Steer calves 3.00 to 5.00 higher. Heifer calves steady. Demand was moderate for the feeder cattle and active for the grazing type calves. Quality was average. Supply included: 100% Feeder Cattle (51% Steers, 45% Heifers, 5% Bulls). Feeder cattle supply over 600 lbs was 82%.

## Accidents Keep Officials Busy During July 4th Weekend

July 5, 2022 - It was a busy weekend on area roads throughout the region with multiple wrecks and mishaps reported.

The first occurred Wednesday night on Interstate 40 in Wheeler County, Texas near Shamrock when nine cows were killed after two vehicles collided with several of the cattle.

According to officials, crews were called to the area of I-40 about two vehicles colliding with several cows.

Crews found two vehicles that had collided with several cows on the scene finding extensive damage to the vehicles involved but no injuries to the passengers.

Officials say nine cows were killed during the collision and several more were loose in the area.

Shamrock fire crews helped clear the highway area.

A two vehicle accident on Saturday near Vici hospitalized a 16-year-old.

According to the Oklahoma Highway Patrol, that wreck occurred on US-60 2 miles east of Vici when the 2002 Ford F-150 driven by the teenage male departed the road on the right, corrected back onto the highway and crossed the center line, striking the 2004 Chevrolet Suburban driven by 41-year-old Emily McGaha of Vici. OHP said the collision caused the teen to become partially ejected.

Troopers say the 16-year-old was flown to OU Medical Center in Oklahoma City where he was admitted in fair condition with leg and head injuries.

McGaha, along with three passengers in the vehicle, refused treatment at the scene.

Also on Saturday in Washita County, OHP says a single vehicle accident hospitalized a Sentinel man.

Troopers said the accident happened two miles north of Cordell on US-183 when 22-year-old Ivan Rodriguez had a tire blow out, causing him to depart the road to the right and roll 2 and half times – ejecting Rodriguez 40 feet from his 1999 Ford Expedition.

OHP said the driver was flown to OU Medical Center in Oklahoma City where he was admitted in good condition with an arm and internal injuries.

OHP said that a person died in Kiowa County on Sunday after being involved in a one vehicle accident on a county road a half mile south of Carnegie.

Troopers said that accident occurred when the 2016 Dodge Ram 1500 departed the road to the left before impacting a ditch embankment and catching fire.

The name of the deceased was not released.

# WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...  
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Drs. Mori & Teri White practice cosmetic, implant and family dentistry at 2802 8th Street, Woodward, OK 73801
