Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

We This past week we had our July 4 celebration. And I want to tell you how happy, proud, and lucky I am to be an American.

We cannot even imagine what it would be like to not have these freedoms that we have. This country was founded on "in God we trust" and that is one reason God has allowed us to be so spoiled. It is important that never lose sight of that for

America to do well.

It bewilders me that we have people who want to tear down America. The far left is doing that by accepting large amounts of money

from individuals that hate America and what it stands for and in turn accepting their ideas and principles.

The cattle industry is extremely important to me but it does not hold a candle to keeping America what it has been and hopefully will be. What can you do? You can stand up for America and pray that God does not allow idiots to destroy America.

This past week in the south, fat cattle traded for \$137 to \$137 per hundredweight with the north trading at \$145 to \$150 per hundredweight. I don't remember the trade ever being that much of a spread. But maybe it is my memory.

We could sure use another rain but with the 100-degree Fahrenheit temperatures it does not take long to need another rain. I see several fields planted to cane with fields not looking bad but others need a rain soon.

The cattle market has been very good and it might be a good time to evaluate what some are bringing per head and put a little cash in your pocket or if you are like me try to stop some interest. Any time the market is as good as it is on feed and light yearlings most always this time of year they will buy the fat calves off the cow with a very good price.

One man sent me a text that read, "The government after 47 years of a war on drugs and you can't keep them off the streets. And you can't keep drugs out of schools and you can't even keep drugs out of federal prisons. Yet you want me to disarm myself and trust that you can keep guns away criminals."

I was playing baseball with one of the boys and I noticed that the baseball kept getting bigger the closer it got. And I wondered why. And then it finally hit me.

Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

SUNDAY SINGING & DINNER ON THE GROUND

A tradition from days gone by - where families, unable to attend a church service for whatever reason, would gather at a local farm, bring their picnic lunches and throw the blankets down on the ground under shade trees, sharing a meal, with fellowship and gospel singing. We cherish these memories and honor the place they hold in our farming heritage.

Join us as we close out the 2nd Annual Dust Bowl Days Festival in a meaningful way!

Our goal in building this Festival is to reach out to those people that share the values that are the core of this festival - the love of farming & ranching, heritage & traditions, hard work and especially, the love of the land! The Sayre Chamber of Commerce sincerely thanks all of you who have contributed in any way to make this Festival a success. We do not take for granted the gifts you give, both monetary and in-kind. We will continue to work diligently to be good stewards of these gifts you entrust with us. Our goal is to build a sustainable and meaningful festival for all to enjoy! THANK YOU!
