F

or many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

Drought has changed marketing strategies

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

This is quite a year already and this year is not finished. We have had a huge drought over a very large area and because of that we already sold a lot of calves and moved a lot of yearlings early.

I think our cow numbers are shorter than the government predicts as for several years we have sold middle aged,

bred cows that are heavy bred that would normally go back to a ranch and stay there for several years.

Instead they went to be processed and some of the blood of the unborn calves may be used

for cancer research.

One item ranchers need to consider, if your area is like ours, is the fact that we are selling a lot more open cows than usual. I have asked several people who should have an idea why and most said that it got hot enough earlier than usual that the cows did not come into heat like they normally would have. One rancher sold 57 cows today and his calves weighed 350 to 550 pounds and he had five bred cows total. And his cows were not terrible thin—mostly medium flesh.

It might pay to figure what some of these calves and feeders are bringing. It might be a good thing to sell and take advantage of it.

A preacher at my church last week announced that anyone who would donate \$1,000 could pick out the next three hymns. An older lady in the back stood up and said, “I will.” And the preacher said, “Thank you and which three hymns do you want?” Then she pointed at three guys and said, “I will take him and him and him.”

A cab driver reaches the pearly gates and announces to St. Peter that he is here. St. Peter gave him silk robe and a golden staff. The preacher next in line received a cloth robe and wooden staff. The preacher was shocked and asked, “Why did the cab driver get better rewards?” St. Peter said, “This is heaven and we go by rewards. You preached and people slept. The cab driver drove and people prayed.”

Whatever the case, it leaves less cows. Also with the price of these feeder cattle some may decide not to keep any heifers this year or any of the ones that are short bred that might get aborted and go to the feedlot. Last Thursday, we sold some nice black heifers that didn’t breed weighing 950 pounds and they brought \$149 per hundredweight, which is \$1,415 per head.

Editor’s note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family’s ranch near Slapout, Oklahoma.

Custer Co. Wind Turbine Catches Fire – Collapses

August 10, 2022 - A wind turbine in Custer County is no more, thanks to the impacts of a strong thunderstorm that moved through the area on Tuesday.

First responders arrived at the Traverse Wind Energy Center around 4:30 p.m. to find one of the turbines on fire.

The turbine was located 6 miles west of Thomas.

Video from the scene showed what is believed to be one of the turbines on the ground, on fire, with its support structure folded.

A spokesperson for the Public Service Company of Oklahoma said the site has been secured, and there were no injuries.

The utility company said the cause of the incident is under investigation, however Doppler radar indicated there was lightning around the wind facility before the turbine caught fire, but officials have not confirmed if lightning played a role in the incident.

The wind farm spans two counties in Oklahoma and is considered to be one of the world’s largest wind farms.

The utility company did not report any other damage to the facility from the storms.

Weatherford Detective Pleads Not Guilty

August 11, 2022 - A Weatherford Police Department Detective pleaded not guilty recently to, among other things, stealing pills from an evidence room last September.

39-year-old Jeremy Ryan Anderson was charged in April with one felony count of larceny or theft of a controlled dangerous substance after allegedly taking 99 Fentanyl tablets from the Weatherford Police Department evidence room on or about February 26, 2021 through September 9, 2021.

Anderson was also charged in Custer County District court with one misdemeanor count of willful neglect to perform a duty.

The next court date for the case is a felony motion docket scheduled for October 17. A pre-trial docket will take place on February 17, 2023.

If convicted of the felony charge, Anderson could be imprisoned for up to 10 years.

Absentee Early Voting Info

August 12, 2022 - Early voting for the Runoff Primary Election, August 23, 2022, will begin Thursday, August 18, and Friday, August 19, from 8 a.m. until 6 p.m. and Saturday, August 20, from 8 a.m. until 2 p.m. at the Custer County Election Board office located at 633 North 6th Street, Clinton. There is no early voting on Monday prior to the election.

On Tuesday (election day) you will vote at your regular polling place, Brown said. If a voter has any questions about his or her eligibility, this information can be found online at www.ok.gov/elections, or calling the County Election Board office.

A reminder that a valid proof of Identity is required both for early voting and voting at the polling place.

For more information, contact the Custer County Election Board office at 580.323.5124. There is also more information about absentee voting at www.elections.ok.gov.
