### Woodward Livestock Auction

900 Lakeview Dr, Woodward, OK | Jerry Nine 800.442.5548

a lot going to slaughter. However, our younger bred cows and pairs, even up to 7-year-olds, have been going back to the country. I am just amazed how good this market has stayed. This is the first time in the middle of a drought that our cows have stayed high. Where it was so dry up north earlier and also to the west those cows are already gone. Even though part of Texas was very dry for a long time part of the state got big rains.

All I know it is a blessing to sell cows this time of year at \$30 per hundredweight higher than normal.

I think most all cattlemen think our cattle numbers will be in short supply. But the packer has gotten quite used to extra-large profits and they are probably not going to be willing to go for a low profit. Heaven forbid if we heard again the packer was losing money. I haven't heard that term it seems like in 10 years.

Some sellers of feeder cattle are showing profits of \$300 and more coming off grass, which is very welcomed with expenses knocking your head off. And interest rates have gotten quite a bit higher, too.

Some buyers were teasing our veterinarian about his pregnancy checking. The vet's response was, "I am very accurate. I can promise you as sure as the day will end in Y."

A gal that I graduated from high school with said she had blockage in her veins and could not attend the reunion. I said, "I am going to put you on the church's prayer list." While the rest of the class was celebrating, we Facetimed her. She said, "Jerry, I want to tell you ever since you put me on the prayer list I have had diarrhea."

I said, "Well, you didn't specify which end it had to come out of it. You simply said it was clogged."

*Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattlemen who grew up on his family's ranch near Slapout, Oklahoma.*

## OSBI Releases Name of Man Involved in Weatherford Shootout

September 19, 2022 - The Oklahoma State Bureau of Investigation has released the name of the man shot and killed in a shootout with law enforcement on Friday in Weatherford.

According to a press release from the OSBI, 39-year-old Colby Archer was fatally wounded after he fired a handgun at law enforcement at the conclusion of a pursuit through city streets.

OSBI says they were requested by the Weatherford Police Department at approximately 9:30 a.m. Friday after the incident that saw multiple law enforcement agencies respond.

Officials say the incident began when Archer entered a business on East Main Street requesting an application for employment. When Archer was told that the business was not hiring, he allegedly pulled a gun on the employee before leaving.

Police were able to locate the vehicle Archer was driving and pull him over. There Archer would brandish his weapon before taking off in the vehicle again.

The pursuit would end near the intersection of Eads and S. Washington, where Archer would pull over and fire shots at officers.

OSBI says law enforcement returned fire, hitting Archer who was pronounced deceased at the scene.

OSBI says one Trooper with the Oklahoma Highway Patrol was treated for minor injuries at a local hospital, and no bystanders were injured.

OSBI concluded by saying upon completion of the investigation, agents will submit a report summarizing their investigation to the District Attorney's Office. The District Attorney will determine whether or not to file charges.

## All OK After Merritt School Bus Hits Deer

September 19, 2022 - An 80-year-old Tulsa man is dead after a fatal collision Friday morning, according to the Oklahoma Highway Patrol (OHP).

OHP said the collision happened at the intersection of South County Road 191 and E County Road 59, about one mile north and ten miles east of Arnett.

The collision involved two vehicles, a 2013 Freightliner driven by Jon Stephan Smith, 59, of Shattuck, and a 2011 Ford Fusion driven by William H. Braudrick, 80, of Tulsa.

William Braudrick had one passenger, 76-year-old Wanna G. Braudrick of Vici.

OHP is still investigating what happened and what caused the collision.

OHP said William Braudrick was pronounced dead at the scene due to injuries from the collision.

Wanna Braudrick was taken to a hospital in Oklahoma City in stable condition with head and external torso injuries.

Smith was not injured.

In other area traffic news, a Merritt school bus driver and student were involved in an accident last week that saw the bus take heavy damage after hitting a deer.

According to the OHP, the accident took place on OK-6, west of Elk City in Beckham County with only one student inside the bus at the time. Troopers said the student's backpack flew out of the bus and landed approximately 30 yards behind it.

Fortunately, no one was seriously injured in the crash. However, the hood of the bus was ripped off in the collision.

- Always determine if a firearm is unloaded before picking up or accepting it from another person.
- When carrying a gun, the most important thing to do is to keep the muzzle pointed in a safe direction. Never point a firearm at yourself or others.
- The natural instinct when picking up a firearm is to put your finger in the trigger guard. DON'T! This could cause an accidental discharge if the gun is loaded.

- Never take a shot unless you are aware of your target and what is behind it. Never point your firearm at something you do not intend to shoot.
- Don't use telescopic sights as a substitute for binoculars.
- If a friend refuses to follow safe gun handling rules while hunting with you, immediately tell them your concerns, and don't continue to hunt with them unless they follow the rules.
- Always unload your firearm and examine the barrel after a fall to be sure there is no snow, mud, or dirt in the barrel. If there is, clean it out before firing.
- Make sure you have the correct ammunition for the firearm you are using.
- Don't shoot at water or hard objects such as rock or metal.
- The safest color to wear while hunting is solid hunter orange.

- All hunters participating in any antelope, bear, deer or elk season using a firearm must wear both a head covering and an outer garment above the waistline, both totaling at least 400 square inches of hunter orange.

- Never assume that you are alone in the woods — even if you are the only one on with permission to hunt.
