**WHITE DENTAL CARE**

**Dr. Mori & Teri White, DDS**

**Sedation Dentistry Calms Fears...**  
Take a *pill* and *snooze* through your  
dental appointment.

**F**or many Americans, going to the dentist is a  
frightful event. If you are one of the 145 million  
people who avoid the dentist due to fear, we  
have the solution... Sedation Dentistry.

You can now experience your dental appointment  
through a totally relaxed and comfortable environ-  
ment. With the help of Sedation Dentistry, you will  
wake up to find that your dental appointment is over  
and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish  
more dentistry in one appointment which means fewer  
visits to the dentist.

Sedation Dentistry is available for everything from  
simple restoration to the most complex procedures.  
We are very sensitive to our patients needs, especial-  
ly those with high fear and apprehension. Now we  
can put an end to anxiety with this safe and wonderful  
technique of sedation.

We are proud to be able to offer Sedation Dentistry  
and offer hope to those who have been avoiding the  
dentist due to fear. If you would like to know more,  
call our team with your questions.

## Just A Scoop Full

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

I grew up in a family where we teased quite a bit. My dad always teased my mom and she always took it very well. The other day my sister went to see about a knee replacement. So, naturally I had to ask her if they had any molds that big. Mom got to where she didn't hear as well and needed a hearing aid. So one day me, mom and my sisters went out to eat. After repeating several things of course I was the ornery one I announced that we should only use sign language when talking to mom so every time they would start to say something I would

say no use sign language. Part of that was to encourage mom to get a hearing aid and part was just my oneness. After about 30 minutes I did notice mom thinking well that's about enough of that.

It's always fun to walk by someones pickup or car and stand the wiper blades up. But, then sometimes I see they have returned the favor. I still laugh every once in a while about jacking up a man's flat trailer behind his pickup. He came out of the cafe and drove several miles and looked back and thought well what the heck I wonder where I lost that.

With Thanksgiving not far away all of us should think of nice things to do for the elderly or just a neighbor. My sister made some popcorn with sugar and syrup and I'm not sure what all. It was great. So, I said how about you making 500 containers for the church that I go to for Thanksgiving. She just laughed. I didn't see anything funny.

One gal said to my son I like the color of your Dad's hat. He said it is actually black but just has so much dirt on it that it looks brown.

The cow killing market was some cheaper but still a lot better than we ever thought possible particularly for this time of year. I read the other day where we had sold 13.5% more killing cows than normal and we are killing more females than male cattle totally now. I predict if we get moisture this spring you g female cattle will get very high. Some places where the government has determined it in an extra drought are they are paying a lot of the trucking. So you may want to call your county ASCS office and get the details.

The teacher asked Johnny - can you use the word gruesome in a sentence? He said yes mam. I used to be shorter than I gruesome.

## Durham Man Dies in Roger Mills Co. Wreck

September 26, 2022 - A Durham man died Friday afternoon after being involved in a one vehicle accident in Roger Mills County.

According to the Oklahoma Highway Patrol, the wreck occurred at approximately 2:16 p.m. Friday on a county road 5 miles northwest of Durham when Troopers say 74-year-old Monte M. Montgomery attempted to make a left turn onto a county road while driving a 2008 Toyota Tacoma. Troopers say the vehicle would then leave the roadway for an unknown reason, strike a barbed wire fence and a tree.

Authorities say Montgomery was pronounced deceased at the scene of the crash.

OHP says both the condition of the driver, and the cause of the collision remain under investigation.

It was indicated in the report that the driver was not wearing a seat belt at the time of the mishap.

In a separate accident over the weekend, a 16-year-old boy died in a single-vehicle crash on Sunday in Caddo County near Hinton.

The collision report provided by the Oklahoma Highway Patrol says the crash occurred around 5:45 p.m. Sunday on private property about a mile north of Hinton. The driver was not hurt, but a 16-year-old passenger was pronounced dead at the scene.

The Oklahoma Highway Patrol did not release the victim's name because of his age.

Authorities are working to determine what happened in that crash as well.

## Beckham County Sheriff's Office K9 Team Interdicts Load of Pills on I-40

September 23, 2022 - A defective headlight led to the discovery of a large load of suspected Fentanyl last week by the Beckham County Sheriff's K9 team.

The deputy and his K9 partner were patrolling near an Interstate 40 truck stop when the deputy observed the vehicle leave the truck stop and pull onto the interstate headed east. The deputy stopped the vehicle near the 30 mile marker and issued the driver a warning for the headlight that was out.

During the stop, the deputy said that he noticed that the driver seemed unusually nervous and exhibited other signs that made the deputy suspicious of possible criminal activity.

After warning the driver about his headlight, the deputy gained consent to search the vehicle and discovered several bags of "M30" pills hidden in a liner of a suitcase. A field test indicated that the pills contained illicit drugs.

The pills, totaling more than seven pounds, and \$2,000 cash were seized as a result of the stop, and the driver was arrested on a complaint of trafficking illegal drugs.

Sheriff Derek Manning said that pills marked in that manner are known to normally contain a mixture of fentanyl and stimulants, and the pills have begun to be distributed in large amounts throughout the state. "The pills have been sent to the lab at OSBI for testing," Manning said, adding that he appreciated the effort taken by the deputy. "This is a dangerous drug that impacts many lives in Oklahoma, and we're glad to stop any amount from coming in. And this was a good example of a deputy following up on a traffic stop and taking those extra steps required to detect and stop criminal activity."
