THE NO FLY ZONE

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

Voting remains a noble act

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

With the elections upon us I hope everyone of you vote. And you can probably guess that I am not satisfied with what is going on.

Our news is so biased that if you only listen to one channel you probably won't have a clue of what is going on. One disturbing

fact I heard on the radio and television is that we only have 25 days of diesel in reserve for what the country consumes.

That may not bother you, but it does concern me. Nothing would shut the coun-

try down faster than if we started rationing diesel since that moves a lot of food, grains, fuel and lots of other items.

It may not be important to you, but I think it is highly important to vote for Christians whether you are Christian or not. At least most of them have good values. Please pray this week the elections go as they should.

Our area did not get the rain that some did get to the south and east. And it was predicted that perhaps we had a chance to get moisture but at the end of the week but the closer we get the less chances the weathermen say we have—that is if you can believe them.

A year from now we have two feeder months over \$2 per pound. Who knows? What is high? It sounds very good right now but I think we will definitely get short of beef unless the government imports them, which they are capable of doing.

I saw a quote that I liked that said—It's alright to stand with the great but much better it is to sit with the broken.

An 8-year-old boy was being taught the proper way to ask a girl for a dance by the teacher in a dance instruction class. A half hour later the boy asked the teacher, "How do you get rid of her?"

I heard one man who busy cattle at the sale say to a 7-year-old boy, "What are you going to do when you grow up and become a big man like me?" The boy took a long look and said, "Go on a diet."

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

Voting remains a noble act

try down faster than if we started rationing diesel since that moves a lot of food, grains, fuel and lots of other items.

It may not be important to you, but I think it is highly important to vote for Christians whether you are Christian or not. At least most of them have good values. Please pray this week the elections go as they should.

Our area did not get the rain that some did get to the south and east. And it was predicted that perhaps we had a chance to get moisture but at the end of the week but the closer we get the less chances the weathermen say we have—that is if you can believe them.

A year from now we have two feeder months over \$2 per pound. Who knows? What is high? It sounds very good right now but I think we will definitely get short of beef unless the government imports them, which they are capable of doing.

I saw a quote that I liked that said—It's alright to stand with the great but much better it is to sit with the broken.

An 8-year-old boy was being taught the proper way to ask a girl for a dance by the teacher in a dance instruction class. A half hour later the boy asked the teacher, "How do you get rid of her?"

I heard one man who busy cattle at the sale say to a 7-year-old boy, "What are you going to do when you grow up and become a big man like me?" The boy took a long look and said, "Go on a diet."

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

Get Paid to Use Your Mind

Two questions: Do you like money? Can you say just the right thing?

Persuading others isn't about how loud or enthusiastic you are. It's about which words you choose.

Words can move mountains.

If you understand that, and if you're good with words, we want you to join us. It could be quite profitable for you.

There's a group of us at Paragon Communications in Elk City that spends most of our time thinking about how other people think and what words will persuade them.

That's our job. We help businesses persuade audiences to buy their products and services. Businesses rely on it.

Can businesses rely on you? Do you like figuring out what makes people do what they do and which words will persuade them?

It's a lot of fun, and the pay is pretty good. If you're very good at it, the pay can be very good.

Can you help us? Or do you know someone who can?

Go online to kecofm.com and click the red button with white wording that says "Yes, I do." Then let the games begin.

Or e-mail: gabe@kecofm.com.

Or call 580-225-9696 and ask about the advertising position.

Domestic Incident Leads to Felony Charge

By News Director Jared Atha

November 4, 2022 - A Clinton woman has been charged with one felony count of assault and battery resulting in great bodily harm after allegedly assaulting her girlfriend last month.

According to the probable cause affidavit, Clinton Police were dispatched to a physical domestic assault situation on October 18. When they arrived they found the victim with injuries that included visible head and facial injuries.

The victim would tell police that when she arrived home earlier that afternoon, 20-year-old Ashley Lopez became upset when asked about her wallet. The affidavit stated that Lopez would

punch a TV and allegedly throw an object at the victim, hitting her in the head.

The victim would also tell police that Lopez allegedly choked and hit her several times on her face with a fist.

Later while speaking with Lopez, she would claim that when the two arrived home that the victim began to hit her and that she hit back one time in self-defense.

Lopez was arrested and booked into the Clinton City Jail.

Initial bond was set at \$5,000.

Lopez's next court date is scheduled for December 2.

BKSO Trains With ECPD and ECFD on Active Shooter Exercise

BKSO Press Release - November 7, 2022 - Beckham County deputies joined in an exercise last Friday at the old Clarion Inn in Elk City for a joint exercise sponsored by Elk City Police and Fire Departments. Sheriff Derek Manning said the exercise was beneficial in many ways.

"This was some very effective training, because it was more than just training," said Manning. "It was a cooperative exercise designed to be as realistic as possible. It let us look at everything from radio frequencies to response times. We found the things that worked well and the things we need to tweak and improve. The more exercises like this we do together, the more ready we are for what we hope never happens."

Manning expressed his thanks to Danny Britton and the WTC staff, the Elk City Police and Fire Departments, the SWOSU nursing program for providing students to act as victims, and to Joe D. Hall, who provided the Clarion for the first responders to use as a training venue.

Longstanding Board of Director Retires from GPRMC

GPRMC Press Release - Marnie Tosh - November 3, 2022 - Elk City, OK: After a long-tenured position that began in 1981, Jack Morrison, DDS has retired from the Great Plains Regional Medical Center (GPRMC) board of directors.

"For decades, Dr. Morrison has embodied GPRMC's core values and mission, anchored by a singular focus on delivering high-quality healthcare for our patients, employees, and communities that we serve," Kyle Zybach, Chairman of the Board stated. "Jack is an exceptional director, and his positive impact will reverberate for many years to come."

Through his years of service, Dr. Morrison has led GPRMC through many changes. He noted that the largest project was helping to oversee the building of the current facility that opened in 2009. In discussing his tenure, he mentioned that one of the top highlights was the continued education he was able to be a part of as a board member. The healthcare landscape has greatly changed over the years and is continuing to evolve. The educational opportunities and engagement on a national level assist board members to make decisions that will continue to keep GPRMC poised as a top regional healthcare facility.

Dr. Morrison said, "GPRMC is powered by the talent, passion and commitment of many hundreds of people employed and affiliated with GPRMC who are united by a common goal: delivering high-quality healthcare to Elk City and its surrounding communities. It has been a distinct pleasure and privilege to be a part of the GPRMC board, and I will be forever grateful to my GPRMC colleagues for their dedicated efforts that have led to the facilities many advancements

over the years."

"I am also grateful to my fellow, GPRMC board of directors, past and present, for their expertise and support through the years. I am confident that the board will continue to help guide the facility in a manner that will allow it to succeed and remain committed to its mission," Morrison added.

"On behalf of GPRMC management and our board of directors, I want to express our deepest appreciation for Jack's innumerable contributions and indelible impact on our facility and community's health," said Corey Lively, CEO. "During his tenure, Jack led with conviction and advocated for patients, employees, and our community. He has been an exemplar of purpose-driven leadership and vision. I am honored to have worked alongside Dr. Morrison and am excited for what the future holds as we continue to build on his legacy."

Sedation Dentistry Calms Fears...

Take a *pill* and *snooze* through your
dental appointment.

For many Americans, going to the dentist is a
frightful event. If you are one of the 145 million
people who avoid the dentist due to fear, we
have the solution... Sedation Dentistry.

You can now experience your dental appointment
through a totally relaxed and comfortable environment.
With the help of Sedation Dentistry, you will
wake up to find that your dental appointment is over
and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish
more dentistry in one appointment which means fewer
visits to the dentist.

Sedation Dentistry is available for everything from
simple restoration to the most complex procedures.
We are very sensitive to our patients needs, especially
those with high fear and apprehension. Now we
can put an end to anxiety with this safe and wonderful
technique of sedation.

We are proud to be able to offer Sedation Dentistry
and offer hope to those who have been avoiding the
dentist due to fear. If you would like to know more,
call our team with your questions.
