THE NO FLY ZONE

- Reduce spread of disease & infestation
- Eliminates man power
- Increase daily rate of gain
- Reduce costly stress of cattle

- No product waste
- Improve overall health on cows and calves
- Saves pressure on fences

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

Mike Nesmith-Elk City, Oklahoma

Spam calls only annoy people

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

One thing I wish the politicians would push through is a way to stop all these calls that telemarketers make without an actual person making the call.

I wish they would charge them \$5 or even \$10 per call to stop some of this nonsense. If the firms hire a real person to call I don't have quite as much of a

problem with it. Three times during our recent cow sale I got a call like that.

Our cow market seemed steady but not bad. We have a very good demand for these young open cows to breed 3 to 5 years old. If they

mark them 2 years old they will go to the feedlot as they will bring more than they want to give to breed them. Some of the younger looking 3-year-olds that are lighter will sometimes go to the feedlot also. Do not tell the packer.

There are very few of the yearlings left that had been on grass all summer but the few there are will bring a lot. If these big calves have been weaned 70 to 80 days most feel comfortable they won't get sick. And buying cattle that you feel will not get sick has a lot more value than those that you hope will not get sick.

We put up a big sign in the sale ring that says the number of days they have been weaned, which seems very much appreciated from the buyers. There is also a sign that says whether the heifers are guaranteed open or not.

The guaranteed heifers will bring 15 to 25 cents a pound more. You are not giving them your word none are bred—you are simply saying if they are bred the buyer does not have to buy them and they resale for the seller.

The women that work at the sale said husbands are like fires they go out if unattended.

One rancher said, "My wife talks to herself all the time." The other rancher said, "So does mine but she doesn't know." The first rancher said, "How is that?" The second rancher said, "She thinks I listen."

Franko, a neighbor of mine, said he got a phone call in the middle of the night. He answered the phone and hollered, "How should I know? That's 700 miles away." His wife said, "What was that all about?" Franko said, "Some idiot wanted to know if the coast was clear."

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

Woodward Livestock Auction Report

THURSDAY, NOV 10, 2022

Receipts: 4,302 Last Reported: 3,512 Last Year: 4,823

Compared to last week: Feeder steers and heifers mostly steady. Steer calves steady to 4.00 higher. Heifer calves steady to 4.00 lower. Demand was moderate. Quality average. Supply included: 100% Feeder Cattle (53% Steers, 42% Heifers, 5% Bulls). Feeder cattle supply over 600 lbs was 54%.

“In Case You Missed It Last Week”

By Paragon News Director Jared Atha

Emergency Drought Commission Approves Additional Relief Funds

November 15, 2022 - The Emergency Drought Commission has approved an additional \$12 million in funding to the existing Emergency Drought Cost-Share Program.

The Commission directed \$12 million in additional funding to the Emergency Drought Cost-Share funding program. In addition to the increase in funding, the commission directed local conservation districts to accept applications for all approved practices.

The approved practices include:

- Water well drilling
- Pumping facilities
- Pipeline
- Pasture tap
- Watering facilities
- Heavy use protection
- Cover crop planting (for erosion control)
- Forage and biomass planting (excluding Bermuda grass)
- Pond clean out

A statewide application period is now open across all conservation districts and is set to close on November 28.

Applications that were submitted prior to November 9 that have not received funding will be considered for the updated program. Applicants who have been approved for funding are not eligible to submit a new application.

All actions of the Commission are pending approval by Gov. Kevin Stitt. The Commission will continue to meet in order to distribute the remaining funds appropriated by the State Legislature and approved by the Governor.

As of November 10, the U.S. Drought Monitor shows the majority of Western Oklahoma, including all of Beckham, Washita, and Roger Mills Counties as being in a severe drought, with the east half of Custer County described as being in an extreme drought.

Three counties in Southwest Oklahoma, including Harmon, Jackson and Greer Counties are also considered to be in an extreme drought.

Defendant Headbutts Officer – Charged

November 14, 2022 - A Weatherford man was arrested earlier this month after allegedly headbutting a police officer.

According to the probable cause affidavit, Weatherford police were dispatched to an apartment on the morning of November 4 to a report of a possible domestic incident taking place. Dispatch reported to officers that during the 911 call a person could be heard saying “get off of me” before the call disconnected.

When officers arrived they would observe a vehicle leaving the parking lot before quickly returning.

The driver of the vehicle was later identified as being 35-year-old Michael Gus Vega.

When questioned by police, Vega would admit that he had been drinking that night. He would also claim that his wife had Post Traumatic Stress Disorder and had not been taking her medication. It was later discovered that the woman had indeed attempted to call 911 when Vega would allegedly lay on top of her and take her phone.

When asked if he would take a field sobriety test, Vega would refuse multiple times. Police ultimately decided to arrest the defendant, and while doing so Vega would allegedly slam the back of his head into an officers forehead while he was being placed and secured into the backseat of a patrol car.

The affidavit also stated that Vega would make disparaging comments to the officers that involved threats.

Eventually the defendant was booked into the Weatherford Jail before being transferred to the Custer County Jail.

He was charged with, among other things, assault and battery on a police officer, threaten to perform an act of violence, and driving under the influence of alcohol.

His next court date is scheduled to take place on December 9. Senior Vice President, of AAA Travel Paula Twidale told OK Energy Today that “Now that the borders are open and new health and safety guidelines are in place, travel is once again high on the list for Americans this holiday season.”

With 6.4 million more people traveling this Thanksgiving coupled with the recent opening of the U.S. borders to fully vaccinated international travelers—people should prepare for roads and airports to be noticeably more crowded.

WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.
