## Remember your neighbor this season

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

With Thanksgiving just over it won't be long until Christmas.

And with the mid-term elections mostly over at least it won't be one party completely in control so hopefully we can stop the willingness to give money away.

Thanksgiving is fun times for a lot of people, but it is also a sad time for a lot of others. Tell your family to do nice things for people, either poor or sad—and often the

smallest act of kindness goes a long way for them. The elderly get ignored too much.

I stopped to visit with an older cowboy the other day. I talked to him for about five minutes and when I was leaving, he said, "Thank you for stopping and talk-

ing to me." It wasn't that he thought I was so great it, was simply that older people often get ignored.

I looked at the cattle futures on Monday and showed November feeders in 2023 at \$206.35. Even May feeds for 2023 are at \$190.55. Next April fats were at \$160.23 and June was \$156.17.

A lot of cattle forecasters do not take into consideration all the heavy-bred cows we have processed even before the drought. It will be quite interesting with the packers used to making unheard of profits for a long time—from \$600 to \$1,200 per head—as cattle get in shorter supply whether the packer will go back to a smaller profit where they should be or whether they will jack the price up so high at the grocery store that people will back off beef.

On Sunday, the preacher asked if anyone needed a prayer and if so he told them to come up front. A 40-year-old man came to the front. The preacher asked him what needed prayer for. The man said, "It is for my hearing."

So the preacher put both hands on his head and said prayers for his hearing. After he finished the preacher asked the man, "How is your hearing now?" The man replied, "I don't know. It is not until Thursday."

Go to church Sunday. Do something nice for someone this week too. The walls will not fall in when you go into church. It didn't for me.

*"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."*

### Woodward Livestock Auction Report

THURSDAY, NOV 17, 2022

Receipts: 2,955 Last Reported: 4,302 Last Year: 4,273

Compared to last week: Feeder steers and heifers mostly steady. Steer calves 8.00 to 10.00 higher with instances of 15.00 higher. Heifer calves steady to 2.00 lower. Demand was moderate. Quality average to good. Supply included: 100% Feeder Cattle (53% Steers, 41% Heifers, 6% Bulls). Feeder cattle supply over 600 lbs was 52%.

Sedation Dentistry Calms Fears...

Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Drs. Mori & Teri White  
practice cosmetic, implant  
and family dentistry at  
2802 8th Street,  
Woodward, OK 73801

## Deadly Plane Crash in Ellis, County

November 28, 2022 - The Oklahoma Highway Patrol has released the names of two men who died Monday morning in a small plane crash in Ellis County.

According to troopers, the crash occurred at the Gage Airport just after 8 a.m. and took the lives of 54-year-old James Wade of Shattuck, and 30-year-old David Rondel Dodd Jr. of Austin, Texas.

Troopers said the crash involved a Cessna 170 plane but it was not clear as to who was flying the plane at the time of the incident.

Authorities said the Federal Aviation Administration will investigate what led to the deadly crash.

## Powell Coming Home for Christmas

November 23, 2022- Susan Powell is coming home for Christmas!

The Elk City Arts Council is pleased to announce that former Miss America and Elk City native, Susan Powell will join the cast of singers and the Oklahoma City Philharmonic in Elk City on Wednesday December 14th at 7:30pm at the Kelli O'Hara Auditorium as part of Elk City's Hometown Christmas.

Susan will join featured singers, Vince Leseney and Mandy Jiran plus the Oklahoma City Philharmonic with conductor, Alexander Mickelthuate and the Canterbury voices for a wonderful evening of traditional Christmas music.

This show would not be possible without the very generous support of the tourism committee of the Elk City Chamber of Commerce and the City of Elk City, plus the many supporting underwriters of the Elk City Arts Council.

Tickets can be purchased online at [elkcityartscouncil.org](http://elkcityartscouncil.org).

## Rep. Lucas to Speak at OSU Fall Commencement Ceremonies

November 22, 2022- By News Director Jared Atha- It was announced this week that U.S. Rep. Frank Lucas of Cheyenne will be the keynote speaker at this year's fall commencement at Oklahoma State University.

Lucas, a 1982 OSU agricultural economics graduate, will speak at the fall commencement exercises on Dec. 16 and Dec. 17 inside Gallagher-Iba Arena.

Lucas represents Oklahoma's Third Congressional District, which includes all or portions of 32 counties in northern and western Oklahoma, stretching from the Oklahoma Panhandle to parts of Tulsa, and from Yukon to Altus.

In his role, Lucas has been an advocate for increasing learning in the fields of science, technology, engineering and mathematics, commonly known as STEM.

He currently serves as the ranking member on the House Committee on Science, Space and Technology, where he advocates for Oklahoma's energy, technology and aerospace industries. He is also a senior member on the House Committee on Financial Services. In 2011, he made history as the first Oklahoman to be elected as chairman of the House Committee on Agriculture.

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."
