Teaser rain may help wheat pastures

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

We received a little rain this past week with most receiving about half of an inch. There was a little area that received an inch.

Most of the area from Woodward west has wheat you can barely see down the row. But if you drive 80 miles east or south the same distance you can find some wheat pasture that might support lighter cattle. And that is probably the reason that our last feeder sale had our steer

calves from 350 to 550 pounds bringing \$8 to \$15 per hundredweight higher.

Last week there were several feedlots selling fat cattle at \$154 to \$155. This year fat cattle are \$18 per

hundredweight higher than last November. Nebraska sold some at \$157 to \$158. I hear a lot of fat cattle are selling on the grid and picking up \$150 per head if they are very nice high quality cattle. Most are grading mostly Choice and also a high yield. It is going to be quite interesting with cattle numbers being a lot less. One feeder future month about a year from now shows feeders at \$206.

It appears cow numbers are slowing down a little. This year we had two sales where we sold over 1,500 head and over 1,400 of those were cows. In 2011, during that drought, one sale we sold over 5,600 head, which was a nightmare. Then we were trying to get enough of them hauled out to have a big feeder sale right behind it. Nebraskans came down and bought a lot of our cows, but we also sent some to Oregon. This year Nebraska has been dry, too.

A wife said to her husband, "Quit yawning while I am talking to you." The husband said, "I am not yawning I'm just trying to say something." Do you ever have that moment when you have something really important to say but you are waiting for the person who is talking to stop talking? But then they finally do and you have forgotten what you were going to say.

I walked into the sale barn this morning. The boss said, "You should have been here at 8." I said, "Why, what happened at 8?" Sometimes the boss doesn't like my sense of humor.

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

Police Pursuit Ends in Tragedy in Sayre

December 5, 2022 - By News Director Jared Atha - A 13-year-old girl passed away after a police pursuit with a speeding car driven by a 15-year-old, according to the Oklahoma Highway Patrol.

The OHP says a 15-year-old girl was speeding westbound on OK-152 around 3 a.m. Sunday in Sayre. She had a 13-year-old passenger in the car. According to reports, the pursuit began in Cordell and saw multiple police departments and sheriff's departments pursuing the vehicle.

The driver lost control of the SUV, and it left the road, hitting a building in downtown Sayre.

The 13-year-old passenger was pinned in the vehicle for 30 minutes before the Sayre Fire Department freed her. She was pronounced dead at the scene with head injuries.

Beckham County Sheriff Derek Manning says the vehicle did catch fire and credits the Sayre Fire Department for their efforts in containing the blaze while they attempted to rescue the two girls.

"I can't brag on them enough. A fire did break out inside the building and they protected the vehicle while attempting to rescue the occupants of the vehicle. I was really impressed with their work. Deputies tried very hard also, but at the end of it we had the one juvenile who did not survive the crash. Just a horrible night for everyone involved."

The driver went to Great Plains Regional Medical Center in Elk City in good condition.

The incident remains under investigation.

Weatherford Man Dies in Saturday Morning Wreck

December 5, 2022 - By News Director Jared Atha - A Weatherford man is dead after an early Saturday morning wreck in Washita County.

The Oklahoma Highway Patrol said 22-year-old Korbin Newman was driving eastbound on a country road when his Jeep left the road and hit a fence.

The SUV went into the air, hit the ground and rolled over, ejecting Newman.

It happened around 6 a.m. Saturday at the intersection of OK-54 and E 1130 Rd, three miles east of Corn.

Paramedics pronounced Newman dead at the scene.

The OHP said Newman did not have a seatbelt on. The cause of the collision and condition of the driver are under investigation.

In a separate accident, this time in Custer County, a Burns Flat woman was critically injured after rolling her vehicle on Interstate 40.

According to troopers, 68-year-old Linda Fisher was west bound on I-40 near mile marker 57 when her 2021 Hyundai Accent departed the road to the left before being overcorrected and depart the road again, this time to the right. OHP says the vehicle would strike a ditch and roll end over end.

Fisher was flown to OU Medical Center in Oklahoma City where she was admitted in critical condition with head, trunk, and arm injuries.

Both the cause of the crash and condition of the driver remain under investigation.

Sedation Dentistry Calms Fears...
Take a ***pill*** and ***snooze*** through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.
