Congress is out of touch with what's needed

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

We are winding down this year and getting ready for the new year. I don't like to be negative but there are so many things that our government has to get under control or our country—the greatest land of all—is in trouble.

Lawmakers had passed a stimulus bill spending trillions of dollars for lots of ridiculous projects that were attached on, in my opinion. And all time knowing in September that they had to come up with another plan. Then ask for three more

months and then yet another week. It was not accident that it came down to the last minute to pass something or the country would shut down. This made some willing to sign anything. The Republicans who signed onto this hideous spending bill are just as responsible as the Democrats.

It bothers me when I hear of some of the projects that are attached to this bill. Congress needs to pass a law that only five items can be listed on any bill and if those ridiculous proposals never pass then good. It is simply less tax dollars that need collected.

The number of people who are coming across the border every day is astounding. I heard one reporter say estimates could be as high as 14,000 per day and that is astounding. I am for any person wanting a better life for their family. But think of the amount of extra food that it takes to feed those people let alone housing and health care. Some of these people will definitely end up on the streets. Some could be here to do the United States harm while others have no idea what their future is.

It is time we vote out a lot of these career politicians who are supposed to be running this country. Wake up, America. Let's not be the generation that let America fall. Stand up for honesty. Stand up for God and the country being founded on "In God We Trust." If you are silent then you are just as guilty as some of the poor politicians we have. I am proud and lucky to be an American.

I told my sister this joke and she probably had the same response that some of you may have.

You know what God and women have in common? They both know everything. Women readers need to send me jokes about a man. Yes, I will print them.

OK, I found a couple.

Do you know how many men it takes to change a roll of toilet paper? We don't know it's never happened. Here's another one. If a man is cooking what does he consider a seven-course meal? A hot dog and a six pack of beer.

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

THE NO FLY ZONE

- Reduce spread of disease & infestation
- Eliminates man power
- Increase daily rate of gain
- Reduce costly stress of cattle
- No product waste
- Improve overall health on cows and calves
- Saves pressure on fences

CAPITALIZE ON YOUR INVESTMENT BY PROTECTING YOUR HERD FROM EXTERNAL PARASITES ALL YEAR LONG!

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

Dogs Uninjured In Elk City Residential Fire

January 2, 2023 - By News Director Jared Atha - A New Year's Day fire was contained to one room of an Elk City home.

Crews with the Elk City Fire Department were dispatched to the home in the 4100 block of W. 3rd Street just before 10 p.m. Sunday night. Once they arrived, they were able to contain the blaze to one room where Chief Kyle Chervenka says the room was damaged and contents were destroyed.

He said the home was unoccupied at the time of the fire, and said that the cause was determined to be "smoking material".

Chervenka said that three small dogs were found inside the home, and were safely removed and uninjured.

Clinton Man Wanted After Eluding Police

January 3, 2023 - By News Director Jared Atha - A Clinton man is wanted in Custer County after leading authorities on a speed pursuit.

Court documents show that the pursuit began after police caught the suspect street racing.

According to court records, 37-year-old Nicholas Tyler Wraspir was charged with one felony count of endangering others while attempting to elude police on the morning of December 21.

A probable cause affidavit showed that while on patrol, a Clinton Police Officer observed two vehicles racing each other on U.S. Highway 183, south of Clinton. It was reported that speeds of 105 mph were recorded by the officer during the race.

While initiating a traffic stop on the vehicles, one pulled over without incident and was secured by another officer. However the other vehicle, later identified as being driven by Wraspir, increased it's speed and attempted to elude the officer.

After leading the officer on a pursuit that saw it go through multiple county roads, a private drive, and a yard, the evading vehicle eventually came to a stop in a field. There Wraspir would exit the vehicle and run into the field – evading capture.

A passenger in the vehicle, a woman, was detained and questioned before being released.

As of press time Wraspir has not been arrested.

Bond was initially set at \$20,000.

Clinton Leaders Approve Solid Waste Agreement with the City of Elk City

December 29, 2022 - By News Director Jared Atha - During a special meeting held Tuesday night, the Clinton City Council approved the interlocal agreement between Clinton and the City of Elk City for use of the Elk City Landfill.

The Elk City Commission approved their side of the agreement during their regular meeting on December 21.

The one year agreement will allow Clinton to dispose their solid waste at the Elk City Landfill at a cost of \$36.38 per ton. Last week Elk City City Manager Tom Ivester indicated that the money making deal for Elk City will see those extra funds but utilized at the Elk City Landfill only. He said that if Clinton chooses to bring solid waste to the landfill, it will indeed decrease the overall life of the landfill, but added that with the extra revenue gained from the deal – those funds would be used to expand the landfill if needed.

It was stated that if both parties approve the agreement, the City of Clinton will still need to find a way of shipping the waste to the Elk City Landfill.

Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.
