Beef price in good shape even with headwinds

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

We are starting another year with most of us badly needing moisture.

Cattle prices are basically good with calves selling at a very good price particularly on steers long weaned from 350 to 500 pounds. Feeders are selling good enough that it is hard to lock in a profit. Fat cattle are selling better than they have in a long time, but we still have a problem with the packer monopoly.

It will be quite interesting with the two large packing houses that are planned by Amarillo, Texas, and North Platte, Nebraska. I still say the best way for a packing house to survive is to get two or three large grocery chains to invest. Then they will buy their meat from the packinghouse. And

whenever the packer-retailer lowers his beef to zero it won't run them out of business.

One big problem most of us have is expenses. If you operate in a big or small way the amount of interest you are paying now compared to two years ago has changed your bottom line. Feed is high and in short supply. A lot of items are hard to get and almost knock you down when you get the bill. If we don't learn anything else from this, I hope we figure out we need to make as many producers as we can in America.

We need to open up the drilling for gas and oil in the United States and stop China from taking over America. Russia and China are trying to get more friendly and that is a huge item.

On a brighter sport we still live in America and, if you believe in God, there are better days ahead. I don't know why I was so fortunate to be born in America and have so many freedoms and others were born in countries where they will never know what that feels like. Don't take freedom for granted.

As a sale barn owner by law if a buyer's cattle are not paid for by that sixth day then on the seventh day we have to pay for the cattle. For some of you when you die please let us be your pallbearers. We have carried you so long that we would like to finish the job.

When I was in high school, it seems when I was about a junior, I got sent to the office several days in a row. The principal said to me, "Do you realize this is the fifth time this week that you have been sent to the office for misbehaving?" He said, "Now what do you have to say for yourself?" I said, "Well, I am glad it's Friday."

LONG!

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

Local Lawmakers Committee Assignments Announced

January 9, 2023 - By News Director Jared Atha - The Oklahoma House of Representatives committee leadership and Republican majority leadership appointments have been made for the 59th Oklahoma Legislature.

In a press release, House Speaker Charles McCall, R-Atoka announced the appointments for the House's 39 committees that include local lawmakers Rep. Anthony Moore, R-Clinton and Rep. Nick Archer, R-Elk City.

It was announced that Moore will chair the Higher Education and Career Tech Committee with Rep. Sherrie Conley R-Newcastle serving as vice chair.

Moore will also serve as a presiding officer during the upcoming session.

First year lawmaker Nick Archer will serve as vice chair on the General Government Committee along with Kevin West, R-Moore – who will chair the committee.

It was also announced that Rep. Gerrid Kendrix, R-Altus will chair the Administrative Rules Committee with Rep. Denise Crosswhite Hader, R-Piedmont acting as vice chair.

The 59th Legislature formally began Tuesday with a constitutionally-required Organizational Day meeting to officially seat members, install officers and approve rules. Session begins Monday, Feb. 6.

Officials Investigating Deadly Texas Panhandle Wrecks

January 9, 2022 - By News Director Jared Atha - The Texas Department of Public Safety has reported two fatal crashes occurring over the weekend.

The first occurred in Collingsworth County at around 12:15 a.m. Saturday, when DPS officials said 52-year-old Oran Starkey III of Childress, Texas was traveling southbound on US-83 near Wellington, Texas in a pickup at an unsafe speed and failed to negotiate a curve, causing him to veer off the roadway.

DPS said after leaving the roadway, the pickup traveled into the west-side ditch, where it struck a road sign and flipped end-over-end, ejecting Starkey from the pickup.

DPS said Starkey was not wearing a seatbelt at the time of the crash.

Officials said the pickup then came to rest on the roadway on its right side facing north.

A separate accident occurred on Sunday night just before 11:30 p.m. when DPS officials say a Dodge driven by 28-year-old Timothy Currie of Oklahoma City was traveling eastbound on SH-152, eight miles west of Sweetwater, when he veered off the roadway and traveled into the south ditch, where it rolled over, ejecting Currie.

The Dodge came to rest upside down in the ditch. Currie was pronounced dead on scene.

DPS said both wrecks remain under investigation.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

REAL ESTATE AUCTION

Thursday, Feb. 9th 10 a.m.

112 W. 5th St., Vici, OK

Open House: Wed., Jan. 25th & Feb. 1st 4-6 p.m.

This home has long received the admiration of many Vici residents and now you have an opportunity to own it! The home has great curb appeal from the front and a huge backyard. This home sits on 5 lots! The home has 3 bedrooms and 2 bathrooms total. The master has double closets and a full bath. Gather your family and friends around the table in the formal dining area for memories and fun. Plenty of space for everyone with 2 living rooms. Both have fireplaces and one is sunken. There's a loft above that would be a great bedroom, craft-room, or man-cave. The kitchen has nice cabinets and is spacious. Plenty of storage is found in the pantry. The laundry room is nice sized. My favorite room is the sunroom. It's a great place to read a book or birdwatching. The home also has an attached single car garage a below grade storm shelter. The backyard is fenced and there is an older building for storage with alley access.
