"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

## Prices favorable for ranchers who face winters bite

**Jerry Nine**

Woodward  
Livestock  
Auction  
Woodward, OK

Our cow sale was the smallest sale we have had in a lot of years only selling 175 head. The little snow of 2 or 3 inches that fell Tuesday morning might have slowed up a few but it was a very pretty day the day before.

My thinking overall is our cow numbers will get very slow for the next few months. The only thing that might change that would be the price getting a lot

better. Our market this week on slaughter cows was \$10 to \$15 per hundredweight better. Those thin cows that would have brought \$63 per hundredweight last week easily brought \$78 per hundredweight. And the very best straight cows that

brought \$90 per hundredweight and had some flesh brought high \$90s to \$101 per hundredweight.

I think there was a slaughterhouse that needed cows to keep enough numbers of what they need to kill. Sometimes it might cost them more to pay them to do nothing than buy some too high.

It appears feeder cattle will stay at a very good price and will be a very limited supply. I know of several cattlemen who are buying lightweight calves and yearlings as they feel the numbers will be a very short supply by spring. One man who feeds a lot of bigger cattle told me that even though those 400- to 500-pound heifers seem high they will actually pencil out for a profit to leave them in the feedlot and sell in December.

No better than I like snow I would admit this was a very nice snow. In fact it would be fine if it snowed a foot or more as it is supposed to warm up in the mid 40s by Wednesday and 50s by Friday.

People with siblings have better survival skills because they have had experience in physical combat, psychological warfare and sensing suspicious activity.

I saw in Colorado a camera was set up in the mountains to film different wildlife. But the cameramen noticed a group of bears seemed to realize they were on camera and it was almost like they were posing and taking selfies for the camera. So the television commentators referred to them as bear selfies.

So I thought maybe all the workers at the sale barn should take bare selfies and then I realized it was spelled bear.

*"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."*

## Fatal Wreck in Caddo County

January 31, 2023 - By News Director Jared Atha - Authorities are investigating the cause of a crash that has left one dead in Caddo County.

According to the Oklahoma Highway Patrol, the wreck happened in Fort Cobb just before 6a.m. Monday morning when Troopers said the driver of a 2015 Ford Explorer was traveling south on OK-9 when it left the road and hit a pedestrian before hitting a 2022 Ford F-150 driven by 78-year-old Gary Orrell of Fort Cobb.

Unfortunately Orrell was pronounced dead enroute to Tri-County Municipal Hospital in Carnegie.

A passenger in the SUV, 71-year-old Javier Salazar, was transported to Physicians Hospital in Anadarko where he was admitted in serious condition with internal trunk injuries.

Troopers said it is unknown if seatbelts were worn at the time of the crash..

## Beckham County Sheriff's Deputies Arrest Carter Man Following Knife Attack

January 27, 2023 - BKS Press Release - A man was arrested by Beckham County deputies Thursday following a knife attack on a family member at a residence in Carter, located in Central Beckham County.

The Beckham County Sheriff's Office received the report of the attack shortly after 11 a.m. Thursday morning. The reporting party told police that the man had stabbed a family member and then left the residence in a pickup that belonged to another family member.

Deputies and other law enforcement, including troopers and deputies from Washita County, immediately began a search for the man, and he was located less than two hours after the attack, according to Beckham County Sheriff Derek Manning.

"My undersheriff located the vehicle south of Carter, and a brief pursuit ensued," said Manning. "The suspect headed back toward Carter and eventually stopped just south of Highway 55 near the Carter Fire Department."

Manning said the suspect exited his vehicle and began to move toward officers, but then complied with orders and was arrested without incident.

The suspect, Eli Fuentes, III, was booked into the Beckham County Detention Center on complaints including Assault and Battery with a Deadly Weapon;

Disrupting, Preventing or Interrupting an Emergency Phone Call; Larceny of an Automobile; Endangering Others While Eluding a Police Officer; and Driving with a Revoked or Suspended License.

Manning said the victim was flown to an Oklahoma City hospital with serious wounds from the knife attack.

## Clinton Man Attacks Woman

January 27, 2023 - By News Director Jared Atha - A Clinton man has been charged after allegedly attacking a woman in her home.

According to a probable cause affidavit, 27-year-old Jonathan Dana Addison is accused of going to the victim's home in the 600 block of Modelle Avenue on the night of January 12 where he was invited inside by the woman. The victim would tell police that out of nowhere Addison allegedly punched the woman in the nose, causing her to fall to the ground. There, Addison would allegedly continue to punch and kick the woman in the head and face before leaving the home.

The affidavit stated that as a result, the woman suffered head and facial injuries that included a bloody nose, bloody mouth, and a laceration above her right eye.

The court document stated that Addison was later located by Clinton Police near the intersection of S. Sixth Street and Hayes. It was noted that after making contact with the defendant, he was allegedly acting belligerent and combative with the officer and at one point confessing that he was intoxicated.

Addison was arrested and booked into the Clinton City Jail.

He was charged the next day in Custer County District Court with one felony count of assault and battery resulting in great bodily harm AFC, due to previous felony convictions that also involved physical violence.

A preliminary hearing for Addison has been scheduled for February 24.
