WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...
Take a ***pill*** and ***snooze*** through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Unending challenges remain staple of ranching

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

What a business we are in. There are so many variables, and one main factor is the weather. We are so dependent on moisture.

This year reminds us of that factor. With a huge dry area not just over one state but several states for quite some time. Thus we have a shortage of hay also affecting our grain prices, which is good for the farmer on prices but the farmer can't

raise as much either.

With so many cows being sold this past year our cow numbers are as short as I can remember possibly since I opened the sale barn. At Woodward we most always have 500 cows and sometimes

1,000. But for the two weeks in a row we were under 200 head.

I have said it before but the packer appears to be buying the heavy bred cows for slaughter to get the blood out of the unborn calf for experimental use. They also salvage the meat of the cow. This, along with dry weather, has increased the harvest of extra cows. It is also going to be interesting in the calf and feeder market. A large number of calves are already in feedlots. We most always have a big push for grazing cattle whenever the Flint Hills area stock their grass. Some say parts of them are already buying for grass but I'm sure there will be plenty of demand when we get back to March and April.

From August 2023 and later on the future cattle are well over \$200 per hundredweight. I think not only cow numbers will be in short supply but also calves and feeders.

After owning the sale barn for the past 23 years I wanted to tell all my customers if I have failed to offend you be patient—I will get to you soon.

A friend of mine, Lance, had an appointment with the doctor on Oklahoma City last week. He thought everything was set up but after he drove 180 miles they informed him, "Oh, we are sorry but I guess the doctor hadn't sent all their information over so you will need to come back."

Lance is a pretty big guy. He said about himself, "I guess I just fell through the cracks." But then he said, "I think if I had fallen between the cracks I am quite sure I would have broken a few boards in the process, also."

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

Woodward Livestock Auction Report

THURSDAY, FEB 2, 2023

Receipts: 1,200 Last Reported: 779 Last Year: 782

Compared to last week of limited receipts: Feeder steers mostly steady. Not enough feeder heifers of one class last week for an accurate trend this week. Steer and heifer calves mostly steady.

Demand was moderate. Quality average. Supply included: 100% Feeder Cattle (38% Steers, 58% Heifers, 3% Bulls). Feeder cattle supply over 600 lbs was 74%.

Wrong Way Chase Lands OKC Man in Beckham County Jail

February 3, 2023 - By News Director Jared Atha - An Oklahoma City man was arrested and charged in Beckham County District Court recently after leading Elk City police on a high speed pursuit.

According to court documents the suspect would lead police on the chase while going the wrong way on Interstate 40 and OK-9.

The probable cause affidavit filed by Elk City Police says 27-year-old Billy Wayne Belrose was arrested during the early morning hours of January 28 after an officer attempted to make contact with the defendant in a convenience store parking lot on the east side of Elk City. Belrose would allegedly not comply to verbal commands given by the officer, leave the parking lot in a pickup, and enter drive on I-40 westbound, in the eastbound lanes.

The affidavit said that Belrose attempted to lose the pursuing officer by turning off his head lights, recklessly passing 14 oncoming vehicles on the interstate.

Eventually the pursuit found it's way onto OK-9 with Belrose again allegedly driving in the wrong lane, this time heading southbound in the northbound lanes.

The document said that the defendant would turn onto county roads but would eventually lose control and attempt to elude police on foot – but would be apprehended a short time later.

A search of the suspect would turn up 6.2 grams of what would later field test positive as being methamphetamine, 12 syringes, and a knife.

Belrose was booked into the Beckham County Jail and later received eluding, and possession charges.

Bond was set at \$50,000.

Burns Flat Man Involved in Hit & Run Charged

February 2, 2023 - By News Director Jared Atha - A Burns Flat man was arrested and charged in Beckham County District Court recently after allegedly hitting another man with his truck during a dispute.

According to the probable cause affidavit filed by Elk City Police, 46-year-old Steven Allan Roubidoux is accused of the crime after video evidence showed what appeared to be the defendant's truck striking the man in the parking lot of a convenience store in the 1300 block of West 3rd Street in Elk City on January 25.

The court document stated that the video, which was captured by surveillance cameras at the store, showed the two men had gotten into a dispute inside the store and later outside the store in the parking lot. Police say the defendant would later enter his truck and allegedly accelerate the vehicle and hit the victim. The video would show the victim lay on the hood after the strike before falling to the ground.

Finally the video showed the suspect's vehicle flee the scene and not render aid to the victim.

The victim was later taken to Great Plains Regional Medical Center in Elk City where he was treated for his injuries.

Police discovered that the suspect was from Burns Flat and may have been on his way home after the incident.

Burns Flat Police were notified and quickly located the suspect vehicle and it's occupant.

Elk City Police would later arrest Roubidoux and book him into the Beckham County Jail.

Roubidoux was charged with one count of plan or attempt to conspire to perform an act of violence and one count of leaving the scene of an accident involving injury.

His bond was set at \$450,000.
