## Crisis occurs when there is no respect for life

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

I was watching a program on television where they were interviewing different people on the crisis we have in America such as murders and lack of respect for life.

One man said whenever kids feel like they have no future for themselves then they have less respect for someone else's life. Another person said, "When we were younger, we all went to church whether we liked it or not. It wasn't an option." He said because of that we got ideas

instilled in us that were positive.

Another person who appeared to be a Christian man said, "Well, I am going to put part of the blame on the churches." He said they need to be doing a lot more with the youth than

they are in sports activities and different functions just spending time with these kids as a lot of them seem to have no dad in the house.

One woman whose daughter had been shot by another kid said the murderer's mother entered the courtroom, looked at her and shot her the middle finger. Wow!

I was talking to man from my hometown that had adopted four children and had three of his own. I asked him what the situation was with one of his boys that he had adopted.

I said, "Did his parents just walk off and leave him?" He said, "No, his dad choked and killed his 5-year-old brother right in front of him. Then after the dad left the house the 10-year-old brother tried to revive him." That town was not far away so if you get to feeling sorry for yourself and think you had a bad day maybe you ought to re-evaluate that and thank the good Lord for being raised in the family that you were with. I do know—without a doubt—that that 5-year-old little boy is in heaven.

You better check what these slaughter cows and bulls are bringing. Everyone has some at home they don't like. Our fleshy cows brought \$95 to \$113, and bulls topped at \$120.50.

I was thinking about our next presidential election. You know with Biden and Trump both thinking they will run. We all want someone as president that is dependable, but we don't want them on depends.

Today at the sale I bought a slender longhorn cross bull and gave \$120 per hundredweight. After the sale one of the buyers said, "Wasn't the church selling that bull?" I said, "I don't know I never looked at the ticket." But I said, "Rob, how I am going to get into heaven unless I give a big price for the church's bull?" He said, "I don't know but for as much as you gave I would think they would open the gates to heaven wide open."

*"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."*

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

## Former Deputy Arrested for Soliciting a Minor

February 20, 2023 - Beckham County Sheriff Derek Manning announced Friday afternoon that his office has arrested a former deputy on a felony complaint.

The man, Jacob Tyler Smith, 23, of Sayre, was arrested on a complaint that involved sending sexually explicit messages to a 17 year old girl.

Manning said Smith, who had worked for the sheriff's office for about four months, was immediately suspended while the allegations against him were investigated. The sheriff said the initial complaint came through the Beckham County Sheriff's app as an anonymous tip.

Manning said Smith's employment was terminated the following Monday morning.

"The criminal investigation is ongoing, but it became clear to us early in our investigation that there was sufficient evidence to file a complaint with the district attorney's office for Soliciting Sexual Conduct or Communication With a Minor by Use of Technology. We received an arrest warrant today based on that complaint and executed it immediately."

Manning said he and his undersheriff served the warrant at Smith's residence Friday afternoon, and Smith was taken into custody without incident. He is in jail on a \$50,000 bond.

## Childress County, Texas Pleas Nets \$12,000

February 17, 2023 - On Thursday, February 16, 30 pleas took place in the 100th Judicial District Court in Childress County.

Luke Inman, the District Attorney for the 100th Judicial District, along with Assistant District Attorney Harley Caudle, prosecuted the cases for the State of Texas, with the Honorable Judge Stuart Messer presiding.

The 30 resolved cases consisted of one first degree felony, four second degree felonies, six third degree felonies, 15 state jail felonies and three class A misdemeanors.

The majority of the information docket consisted of drug related offenses, according to Inman.

"While other cases sometimes get filed as informations and placed on these large dockets that we have twelve times a year, the vast majority of the cases on the docket are drug related offenses," said Inman. "This information docket speeds up the process of felony prosecution for drug related offenses which allows our grand juries to focus on other felonies."

A total of \$43,000 in fines were assessed, \$12,000 of which were paid upfront by the defendants at the time of the plea.

"We haven't moved this many cases in one week since February of 2020," said Inman. "It's great getting attorneys and defendants back in the court room and moving a massive amount of cases off the docket."

An additional \$9,860 in court costs and \$4,370 in restitution were assessed as a result of the pleas.
