Just a Scoop Full

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

We received a little rain. I was hoping for more, but my conscience told me I should instead be thankful for what we received.

At my house most said 3/10ths of an inch with some not far, only 2/10ths of an inch and maybe Woodward 1/2 an inch. Further away some got an inch. Anyway, we are hoping for more. The wheat was trying to green up before, but we have to get some moisture

to get much growth started.

I just checked the cattle futures and it showed November feeders at \$218.37 with 5 months later when they might be fat in April showing \$172.50

cwt.

There is some opportunity, but I wouldn't get caught in the middle, thinking all you had to do was own them to make money.

Killing cows and bulls were higher again this week with bulls topping at \$126.00 cwt and killing cows topping at \$112.50. We sold a set of black 3-year-old open cows that went to the feedlot for \$139.00, weighing 875 and their sisters weighing 1,050 brought \$135.00.

We sold 2 crippled cows weighing 1,240 that brought a dollar a pound. I still say the government does not consider how many heavy bred cows we have slaughtered in the past 3 years taking alot of beef off the market. And with the price we can sell a heifer that is ready to breed, that might keep a few from breeding them and just sell them to go to the feed lot. A baby calf that was a few days old brought \$390.00 per head.

A husband said to his wife "when I die, I am going to leave everything to you." She said "you already do you ole lazy cuss".

After the sale, we went in to eat at the cafe and there were 2 game wardens in there eating. So several were laughing and saying things to them about the other guys sitting there, about their non-compliance to the rules and how they should be arrested.

One banker then told the story when his 7-year-old son said "Dad, can I go shoot them?" So his dad said okay, but you be careful. Soon they hear the BB gun shoot and sure enough, he came back with a quail. His dad said "was the quail flying?" His son said "well he was fixing to."

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

Homeowner Holds Burglary Suspect at Gunpoint

March 1, 2023 - By News Director Jared Atha - An Elk City was arrested and charged in Beckham County recently after allegedly driving through the gate of a residence, attempted to break into the home, and also attempting to steal a car.

A probable cause affidavit said that the woman allegedly committed the crimes while intoxicated.

According to the court document, authorities were called to the home located north of Elk City on the evening of February 16. When they arrived they found the homeowner holding 46-year-old Teresa Gordon at gunpoint.

They would quickly arrest Gordon and stated that the suspect was very intoxicated and inside her car – which was heavily damaged – had a strong odor of alcohol.

Authorities were told that the homeowner’s son was home when he noticed car lights traveling through a creek on the property. Later the suspect would exit the car and attempted to steal the son’s car but was unsuccessful. The woman would then reportedly attempt to enter the home through the front door. She would also allegedly bang on the windows, and also attempted to enter the home through the back door.

The home owner stated that when he arrived he noticed that a gate at the entrance of his driveway had been heavily damaged. When he got to his home, the suspect was still attempting to enter through the back door. That’s when the homeowner got a firearm and held the suspect at gunpoint until police arrived.

Gordon was charged last week with attempted burglary in the first degree, burglary in the third degree, malicious injury to property over \$1,000, leaving the scene of an accident involving damage, and DUI.

Bond was set at \$50,000.

UPDATE: Arrest Made in Wheeler County, Texas Hit and Run Case

March 6, 2023 - By News Director Jared Atha - A person could be facing possible charges after fleeing a deadly crash in Wheeler County.

According to a release provided by the Texas Department Public of Safety, on Friday, at around 8:20 a.m., a semi was traveling westbound on I-40 when a tire on the back left side blew out.

The driver of the semi identified as being a 54-year-old male from Sacramento, California, pulled over onto the shoulder, parked, and got out of the semi to look at the tire.

DPS said a Ford was driving westbound, towards the semi, and hit the driver of the semi.

The man was pronounced dead on scene.

The Ford driver did not stop and fled from the scene.

According to evidence, troopers were able to identify the color of the Ford vehicle.

New Mexico State Police stopped a vehicle traveling westbound on I-40 near the Texas/New Mexico state line east of Tucumcari, that matched the description.

The driver of the Ford was identified as 66-year-old Risa Mancillas.

The Ford had severe cosmetic damage to the front right and side area and other identifiers that match to evidence at the crash scene.

Charges against Mancillas are pending.

The crash remains under investigation.

Sedation Dentistry Calms Fears...

Take a *pill* and *snooze* through your
 dental appointment.

For many Americans, going to the dentist is a
 frightful event. If you are one of the 145 million
 people who avoid the dentist due to fear, we
 have the solution... Sedation Dentistry.

You can now experience your dental appointment
 through a totally relaxed and comfortable environ-
 ment. With the help of Sedation Dentistry, you will

 simple restoration to the most complex procedures.
 We are very sensitive to our patients needs, especial-
 ly those with high fear and apprehension. Now we
 can put an end to anxiety with this safe and wonderful
 technique of sedation.
