## Firestone FARM HARD FIELD CLINIC

No doubt you know the ins and outs of your equipment. But do you know which variables can cut fuel costs by up to 4%?

Learn them at the Farm Hard Field Clinic. Along with a free BBQ dinner, you'll walk away with a deeper understanding of:

- Estimating tractor ballast and weight splits
- Determining the correct tire pressure
- Maximizing tire traction
- Spending less time in the field
- Increasing tire life
- Limiting soil compaction

### THE NO FLY ZONE

- Reduce spread of disease & infestation
- Eliminates man power
- Increase daily rate of gain
- Reduce costly stress of cattle

**Capitalize on your investment by protecting your herd from external parasites ALL YEAR LONG!**

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

## Spotty rains offer some hope

A friend of mine who used to live where we do, commonly known as the desert, moved about 70 miles south of Oklahoma City. And like usual the other day he got another inch of rain, which I am happy he did.

However, his banker still lives close to where we do and, yes, we are still dry. So, the other day his banker called him and asked him what he was doing. My friend said, "Well, to be honest, we got an inch of rain last night and it's a little muddy."

His banker said, "Well, I really called to tell you I was going to loan you more money but after you told me you got rain that made me mad so I don't know whether I will loan you more money or not."

<sup>1</sup> Unweaned <sup>2</sup> Thin Fleshed

**Woodward Livestock Auction**  
900 Lakeview Dr, Woodward, OK | Jerry Nine 800.442.5548

Every week for quite some time cattle have gotten higher. This past Tuesday, feeder cattle on the futures were at \$222.85 and five months later when those cattle might be fat the futures are \$174 per hundredweight.

Feeder cattle are moving off wheat pasture east and south of us where there is wheat pasture. In my area I heard a rancher say the other day, "Well, I can finally see some cheat in the pasture and my cows were scattered out trying to get something green to eat."

Hay is very scarce in our area with a lot of cattlemen trying to locate enough to hopefully make it until we get some green. And that is being an optimist, but I refuse to be a pessimist.

There are still some good opportunities to make money with the prices we have now and on the futures. And hopefully we are several years from now before we drop to a lot lower level.

I saw a report on television the other day and officials have finally released the ingredients in Viagra—2% Aspirin, 2% Ibuprofen, 1% filler and 95% Fix-A-Flat.

A lady walked outside when her 4-year-old daughter had picked up something off the ground and started to put it in her mouth. The mother said, "Don't do that." The little girl said, "Why?" The mother told her it has germs. The daughter said, "How do you know that?" The mom said, "It's on the mommy test and if you can't pass you can't be a mommy." So the little girl said, "So if you flunk then are you the daddy?"

This week I received a check from the state of Oklahoma and the amount was two cents. So I, being the generous person I am, told my two sisters that since they worked at the sale they could split this check and then handed it to them.

Then one hollered out and said, "Well, nobody wants your two cents worth."

*"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

## Here's Your Sign: Woman Accused of Assault Charged in Beckham Co.

March 13, 2023 - By News Director Jared Atha - A Weatherford woman is wanted in Beckham County after being charged with assault and battery with a dangerous weapon.

According to court documents the woman, 47-year-old Sherry Ann Hatfield, is accused of hitting a man on the head with a metal sign.

The probable cause affidavit showed that Elk City Police were dispatched to a fast food restaurant in the 2100 block of E. 7th on February 11 on a call of a possible assault case.

When police arrived they found the victim, an employee of the restaurant holding his head and pointing to a woman and telling police "that is her".

After speaking with the man, police were told that Hatfield had placed a metal sign on the restaurant's property without permission. When the employee attempted to remove the sign, the defendant allegedly would grab the sign and hit the man on the head, causing injury.

While speaking with police, Hatfield admitted to the assault and had offered several times to apologize.

At the time, the victim was unsure if he wanted to press charges and Hatfield was released from the scene.

However, the felony assault charge was levied against Hatfield last week in Beckham County District Court and the bench warrant was issued.

As of press time, she has not been arrested.

## Double Fatality Accident in Dewey County

March 14, 2023 - By News Director Jared Atha - A semi versus semi accident in Dewey County Monday afternoon proved to be fatal.

According to the collision report provided by the Oklahoma Highway Patrol, the accident happened just before 2 p.m., 2.6 miles northwest of the town of Oakwood on US-270 when a 2016 International Semi driven by 29-year-old Kordan D. Sandridge of Lewisville, Texas, was traveling north bound while a 1999 Peterbilt Semi driven by 39-year-old Martin Rodriguez-Rojo of Liberal, Kansas was traveling south bound.

Troopers said the Sandridge semi went left of the center for an unknown reason, striking the Peterbilt head on. The Peterbilt then overturned and departed the roadway to the right.

A third vehicle, a 2012 Ford Econoline driven by 50-year-old Zhan Lin of Mooreland, left the roadway to avoid both semis. The drivers of the semis were pinned for approximately 3 hours before being freed by Seiling Fire Department using the Hurst Tool.

OHP said that both drivers of the semis were pronounced dead at the scene.

A passenger in his truck, 21-year-old Lexxionne S. Dedner, of Lewisville, Texas, was flown to Integris Baptist Hospital in Oklahoma City where she was admitted in critical condition with trunk external injuries.

Zhan Lin, and a passenger in his vehicle were not injured.
