## Still waiting on a good dose of moisture

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

Yes, our area is still dry and everyday I look at the weather forecast to see if the meteorologists are giving us a better chance for moisture in the near future. Weathermen are the only ones who can miss consistently and still get paid well.

Normally they get the chance of wind right even if they don't get the rainfall prediction right. But the weathermen don't have the final say so—God does.

Last week a seller sold three loads of home-raised steers and heifers. On my way home I took his check to him. Before I handed it to him I asked him how much he thought they brought per head. He said, "I don't know." And I said, "Well, make a guess." He said,

"Well, maybe the steers would have brought \$1,300 per head."

I told him his steers averaged \$1,535 per head. They weighed 500 to 850 pounds and probably averaged 760 pounds. And his heifers averaged \$1,335 and were lighter.

Anyway, it is a very good market. He said, "Well, I sorted off some heifers to keep for cows," and added, "I don't know whether I should keep them if they are that high."

I told him that probably by fall a bred heifer will be worth at least \$1,700 to \$1,800 and calved out as pairs probably worth \$2,500 to \$3,000.

What our area needs more than anything else is a good rain. The wheat is trying to green up and a little bit of cheat or wintergrass is showing up in some of the pastures. However, you cannot believe how many grass pastures are extremely short looking like there is nothing to eat. So please pray for rain in our area and north and west of here also.

The first time I saw a dry erase board I said that is remarkable.

Here is a little poem for seniors and no it is not for me. It is for you.

"Another year has passed. And we're a little older. Last summer felt hotter and winter seems much colder. There was a time not long ago when life was quite a blast. Now I fully understand about living in the past. We used to go to weddings, football games and lunches. Now we go to funeral homes and afterward funeral brunches. We used to go dining and couldn't get our fill. Now we ask for doggy bags, come home and take a pill. We used to often travel to places near and far. Now we get sore butts from riding in the car. We used to go to the nightclubs and drink a little booze. Now we stay home at night and watch the evening news. That my friend is how life is and how my tale is told. So enjoy each day and live it up before you are too danged old."

*"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."*

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow." Mike Nesmith-Elk City, Oklahoma

## Clinton Man Accused of Knife Attack

March 16, 2023 - By News Director Jared Atha - A Clinton man is wanted in Custer County after allegedly attacking another man with a knife.

According to a probable cause affidavit, 40-year-old Brandon Cody Harrison is facing a charge of assault and battery with a dangerous weapon after Clinton police responded to a report of an alleged assault on Feb. 28.

According to the affidavit a Clinton Police Officer was dispatched to the Weatherford Regional Hospital emergency room that night after receiving a report that a male subject was in the emergency room due to an injury he sustained from an assault that occurred in Clinton.

The officer would note that the victim had a laceration on his right forearm that was actively bleeding at the time. When asked what happened, the victim said a male subject, later identified as Harrison, had caused the injury.

He would tell police that while working on a bicycle in the backyard of his residence in the 100 block of Prairie Chief Avenue, he had asked the defendant to leave but Harrison would allegedly swing what the victim thought was a knife at him.

The victim said as this happened, he would lift his right arm above his face to block the knife, causing it to cut his lower right forearm.

The victim would tell police that Harrison would flee the scene after the attack.

Harrison was formally charged with the felony on March 7.

As of press time, he has not been arrested.

## Rollover Accident Hospitalizes Elk City Man

March 17, 2023 - By News Director Jared Atha - The cause of a single vehicle accident west of Elk City Friday morning is under investigation.

According to the accident report provided by the Oklahoma Highway Patrol the accident occurred on Business I-40, 2 miles west of Elk City at 8:21 a.m. when, for an unknown reason, a 1999 Ford Mustang driven by 46-year-old Todd D. Gillespie of Elk City departed the road to the right and impacted an unoccupied 2004 Jeep Grand Cherokee.

As a result, the collision caused the Mustang to roll approximately 1 and a half times, coming to rest on its top.

Troopers said Gillespie was ejected approximately 50 feet during the rollover.

Gillespie was flown to OU Medical Center in Oklahoma City where he was admitted in critical condition with head, leg, arm, and trunk internal injuries.
