"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

Another shortfall in rain

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

I was very disappointed when it appeared we had a fairly good chance for moisture and again we got nothing.

One weather reporting app said we received 55 hundredths. Well, they got the 55 right but not the other. It was a drop of moisture every 55 feet. I realize the weatherman doesn't have the final say—God does.

I drove south of El Reno, Oklahoma, close to the Texas line and the wheat looked very good from 6- to 8-inches tall

and most places there were cattle it looked like I needed to send some more cattle. A lot of our wheat looks like it was planted two weeks ago and has spots where it didn't come up—the joy of being a farmer. But come to think of it no

one that farms close to where I farm has ever accused me of being a farmer.

Oklahoma National Stockyards sold 5,700 cattle on Monday, which would be extremely light for the middle of March when most years they could have huge runs coming off wheat. A year ago, it had sold 8,458 cattle but I think some years it could have easily have 10,000 to 15,000 head this time of year.

Our bred cow and pair market is still good for as dry as it is in our area. Our 3- to 5-year-old cows that were bred five to seven months brought \$1,600 to \$1,675 per head. Killing cows and bulls were higher again this week.

Before the sale started one rancher said, "Will the slaughter cows and bulls be higher today?" I said, "That is hard to tell because it is easy to judge the numbers they are getting across the U.S. with the numbers we are selling here in our area and they aren't always comparable. Plus, I can't see what they are selling meat for compared to before."

The other day during the World Cup Final a man made his way to his seat right next to the pitch. He sat down noticing the seat next to him is empty. So he leans over and asks the neighbor if someone will be sitting there. No, says the neighbor.

"That's incredible," said the man. "Who in their right mind would have a seat like this for the final and not use it?"

The neighbor said, "Well actually, the seat belongs to me. I was supposed to come with my wife, but she passed away. This is the first World Cup Final we haven't been together since we got married."

The man said, "Oh, I'm so sorry to hear that. That's terrible but couldn't you find someone else to take her seat?" The man shakes his head and says, "No, they are all at the funeral."

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

Multiple Weekend Wrecks Keep First Responders Busy

March 27, 2023 - By News Director Jared Atha - It was a busy weekend on local highways for emergency personnel with multiple wrecks occurring in western Oklahoma.

One wreck proved to be fatal in Caddo County.

According to the Oklahoma Highway Patrol, that wreck occurred on Saturday afternoon just before 4 p.m. on OK-58 near Eakly when the 2005 Toyota Tundra driven by 48-year-old Avery D. Swarts failed to negotiate a curve and departed the road to the left. The vehicle would strike a fence and rolled an undetermined amount of times, ejecting the driver.

Troopers said Swarts was pronounced deceased at the scene by Carnegie EMS.

Troopers also said that Swarts was not wearing a seat belt at the time of the crash.

Another accident, also in Caddo County, put a Mountain View man in the hospital.

OHP said this single vehicle accident occurred on Sunday at 5 p.m. on a county road near Anadarko, when while driving a 2012 Nissan Altima, 36-year-old William H. Shepherd lost control of the vehicle while crossing a bridge and departed the road to the left before going up an embankment which caused the vehicle to overturn.

Shepherd was transported to OU Trauma in Oklahoma City where he was admitted in fair condition with head, neck, and trunk internal injuries.

Two people were sent to the hospital following a crash near Lone Wolf in Kiowa County on Sunday. According to the OHP, the two vehicles involved were traveling opposite ways on OK-9 when a trailer came loose from a Ford F-150, crossed the road, and hit the 2020 Nissan Rogue driven by 41-year-old Kristine Shelton of Granite.

Shelton was pinned in the vehicle for approximately 20 minutes before being transported to OU Trauma.

She was listed in fair condition. Her passenger, 45-year-old Rogina Beeson of Granite, was taken to a nearby hospital, treated and released with minor injuries.

Sayre Man in Critical Condition After I-40 Wrong Way Accident

March 23, 2023 - By News Director Jared Atha - A Sayre man was critically injured in a two vehicle accident on Interstate 40, west of Elk City Thursday morning.

According to the collision report provided by the Oklahoma Highway Patrol the accident was a result of a vehicle driving westbound in the eastbound lanes.

OHP says the accident occurred 2 miles west of Elk City just before 7 a.m. when while the 2007 Chevy Cobalt driven by 22-year-old Jonathan E. Dicus of Sayre struck a 2018 Kenworth semi head on while driving the wrong way on the interstate.

Discus had to be extracted by crews with the Elk City Fire Department with the Hurst tool after being pinned inside the vehicle for approximately 10 minutes.

As a result of the crash, troopers said Discus was transported to OU Medical Center in Oklahoma City where he was admitted in critical condition with head, trunk internal, arm, and leg injuries.

The driver of the semi was not injured.
