Sedation Dentistry Calms Fears...

Take a *pill* and *snooze* through your
dental appointment.

For many Americans, going to the dentist is a
frightful event. If you are one of the 145 million
people who avoid the dentist due to fear, we
have the solution... Sedation Dentistry.

You can now experience your dental appointment
through a totally relaxed and comfortable environ-
ment. With the help of Sedation Dentistry, you will

simple restoration to the most complex procedures.
We are very sensitive to our patients needs, especial-
ly those with high fear and apprehension. Now we
can put an end to anxiety with this safe and wonderful
technique of sedation.

All sectors needing rain

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

I was talking to a crop adjuster the other day and we were laughing and comparing notes as far as different stories about his job or mine.

So, naturally this story didn't happen in the last six months since we can't buy a rain. But the crop adjuster got a call from a farmer who had his wheat insured and said, "Can you hurry and come look at my wheat before it rains?" We farmers

are hard to please. I imagine God probably thinks, "What a bunch of crybabies."

Any normal summer you will hear, "Well, I hope it doesn't rain today. I have my hay down and I need

to bale it before it rains." Meanwhile there are a bunch of us others saying, "Please, let it rain."

Then all the oil field workers are saying, "I hope it doesn't rain it messes up the roads." But right now in our area there sure aren't any farmers saying, "I hope it doesn't rain." We are very dry here but a friend sent me a picture of a fence out in the panhandle of Oklahoma where the fence was all covered with sand except the top wire. What a mess. I ask every believer to pray this week that this whole area of drought will get rain soon.

Cattle futures on this past Monday were a lot higher after driving lower several days before. On March 27, fat cattle futures were \$1.70 to \$2.20 higher and feeder cattle were \$2.42 to \$3.82 higher. May feeders were at \$201.37 and November feeders were \$222.60 while December fats closed at \$167.40.

Last Sunday, the preacher's sermon was—"Don't lose your joy. Satan loves to make you miserable. If you have lost your joy get it back. Life is too short to be unhappy."

I have a female friend who said she had lost some weight. In fact, she said she lost 245 pounds. I said, "There is no way that you lost that much weight." She said, "Yes, I did. I kicked him out."

At the grade school the other day the teacher asked the students, "what does the chicken give you?" One boy hollered out "meat." Then the teacher said, "Very good, now what does the pig give you?" A girl hollered out "bacon." Again, the teacher said, "That is very good." Then the teacher what does the fat cow give you? And Johnny hollered out "home-work."

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

Hammon Bank Robber Sentenced

April 4, 2023 - By News Director Jared Atha - A Clinton man was sentenced last week after being found guilty of robbing a Hammon bank in the summer of 2020.

According to the U.S. District Attorney's office in Oklahoma City, 44-year-old Ronald Deyoung Allen was linked to the crime after being arrested in Snyder following a crash.

In February 2021, after being involved in the wreck, authorities discovered that he was illegally in possession of a firearm due to him being a convicted felon. After the arrest, FBI officials collected his DNA and compared it to a tissue found at the bank robbery, which came back as a match.

On March 29, Allen was sentenced to serve 188 months on the bank robbery, and 100 months on the possession of a gun following a felony conviction. Those sentences are set to run consecutively, along with a separate bank robbery conviction from Oklahoma County in 2021.

Officials say Allen, while dressed as a woman, would rob the Security State Bank in Hammon in July of 2020. During the robbery, Allen would drop a tissue which was collected by the FBI and sent in for DNA testing.

Clinton Man Threatens Woman with a Pocket Knife

March 30, 2023 - By News Director Jared Atha - A Clinton man was arrested and received a felony charge recently after allegedly assaulting a woman and threatening her with a pocket knife.

According to court records, 35-year-old Jesse Wray Freeman was arrested on March 8 when Clinton police were dispatched to a home in the 600 block of North 16th Street to a call of a domestic situation involving weapons.

When police arrived they were told that the suspect, Freeman, ran into the garage in an attempt to hide from police. He was located and arrested a short time later without incident.

When talking to police, the victim would say that Freeman had become upset after not being able to

find a key, that he believed the woman had taken from him. This allegedly caused Freeman to become violent toward the woman by restricting her from leaving the room, placing an arm across her neck and chest, and pushing her against the wall.

Freeman would also brandish an opened pocket knife where he would, according to the victim, thrust the knife towards her in a short forward motion.

Freeman was charged with one felony count of domestic assault and battery with a dangerous weapon. He also received a misdemeanor charge of obstructing an officer after attempting to hide from the officer in the garage.

Freeman's next court date, a preliminary hearing conference, is scheduled for April 28.

Man Arrested for School Threat

March 28, 2023 - Beckham Co. Sheriff Office Press Release - A Beckham County man was arrested Tuesday after Sweetwater School officials notified the Beckham County Sheriff's Office of a threat received by email.

Sheriff Derek Manning said his school resource sergeant alerted him to the message sent to the school's superintendent by a parent who was upset.

Along with the threatening language in the e-mail, the message included a link to a story about Monday's school shooting in Nashville. "That obviously created an immediate concern for us," Manning said. "Our School Resource Officers and other deputies acted immediately to ensure the security of the school. The rest of us located the suspect at his residence and arrested him just as he was leaving in his vehicle."

Manning said the report of the threat and the arrest all happened before 11:00 Tuesday morning. Sheriff Manning said there were no weapons in the vehicle when the individual was stopped, and the man was arrested without incident.

"It was particularly disturbing to see someone using such a fresh tragedy like Monday's shooting of children and teachers in Nashville in a message like that. I'm glad we were able to resolve this situation quickly," Manning said. "We're still investigating and working with the DA's office on the case. The individual is currently being held on a complaint of making threats of terrorism."

Arrested in connection with the incident was 53 year-old Michael Scott Howell.
