Strong market remains a telling story

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

I just looked at November feeder futures and it was \$230.95. So I asked a friend of mine that feeds a lot of cattle what he thought the high would be and he shrugged his shoulders “like who the heck knows?”

He said, “I’m not sure we can sell them.” But what he was really saying, “I’m not sure we can sell fats that high.” I said, “Oh yeah we can sell them.”

But it might be like another year I remember when I got them sold but didn’t exactly like the price.

We are still dry as heck. East of us 100 miles they got hail that looked like it was 2 or 3 inches

deep. One rancher said, “Wow, we can’t get rain but I guess all we can get is hail.” I said, “Well I would take it cause I don’t have anything tall enough to knock down like grass or wheat so at least it would be moisture.”

Now the area that got the hail did have some wheat that was 6 inches tall.

Our whole feeder and calf market is a ball of fire. All the way down from small calves to 1,110-pound feeders there is a strong demand. Killing cows are still selling good. I thought our fleshiest cows were a little cheaper but still strong. All those better slaughter bulls were \$120 to \$126.

Last week at the sale we had three bulls come into the ring. So I hollered and said, “Are those bulls guaranteed fertile?” Kyle said, “Well, the one is crippled.” I said, “Yeah, I can see him.” I said, “How about the other Charolais bull?” Kyle had put him on the other side by then. So I said, “What was the matter with him?” Kyle said he thought he was high headed, meaning wild. I said, “Well, heck, I am high headed” and so I bought him.

By that time he had put the next bull over there where I couldn’t see him either. I said, “How about him?” He said he thought he had too little of nuts. I said, “Well, I am not going to comment about myself on that one.”

If a man and a woman who are married get into an argument the best way for a man to settle the argument is to take off all his clothes. Then I am quite sure the woman will have a headache and go into the other room.

“Editor’s note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family’s ranch near Slapout, Oklahoma.”

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow." Mike Nesmith-Elk City, Oklahoma

Major Fire at Popular Elk City Business

April 17, 2023 - By News Director Jared Atha - A longtime Elk City business suffered a major fire early Monday morning.

Elk City Fire Chief Kyle Chervenka says crews were dispatched to Circle A Western Wear located on the western side of the city on 3rd Street just after 4:30 a.m. to a call of a fire on the roof of the building.

“Our crews arrived on scene within minutes and found heavy fire conditions in a back room with a lot of fire on the roof burning over the membrane on top of the roof. They were able to quickly get that knocked down. We got the building opened up and then started working on hots pots. The fire had been burning above the level of the drop ceiling for several hours before it vented outside where someone could see it and call it in.”

Chervenka said although no official cause of the fire has been established, it appears to be electrical in nature.

He also added that Hear Gear Hearing Aid Center, a business also located within the building may have suffered damage as well.

No injuries were reported.

Elk City Man Found Guilty of First Degree Murder – Sentenced

April 17, 2023 - By News Director Jared Atha - The Elk City man on trial for the murder of a 2-year-old boy has been found guilty.

24-year-old Troy Justice Jones was found guilty Friday night in Beckham County District court of first-degree murder and was sentenced to life with the possibility of parole.

Jones was charged back in January 2021 for the crime that he claimed was an accident that resulted in the child’s death.

According to court documents, Jones was at an Elk City home with the child on the evening of January 20, 2021 when the boy suffered a head injury. Jones would tell police that the child had attempted to jump onto the toilet however landed on his back. Jones told police that he attempted to see if the boy was okay, and while doing so the boy had hit his head on the toilet. The boy was taken to Great Plains Regional Medical Center and later transported to OU Medical Center in Oklahoma City.

The child would pass away the following morning.

According to a probable cause affidavit, during the course of an investigation a doctor who treated the child at OU Medical Center would tell detectives that the injuries she observed were in her professional opinion caused by abuse. The doctor said that she has seen children fall from a two-story building that did not have injuries as severe as the one the child had.

Fatal Motorcycle Accident near Weatherford

April 13, 2023 - By News Director Jared Atha - A Weatherford man died Wednesday after being involved in a one vehicle accident on Interstate 40.

According to the collision report provided by the Oklahoma Highway Patrol, the accident occurred in the eastbound lanes of I-40 near mile marker 83 in Custer County just after 3:30 p.m. when the 2013 Harley Davidson motorcycle driven by 41-year-old Richard Leger departed the road to the left at a turn, struck a traffic sign then the cable barrier in the median.

OHP said Leger was pronounced dead at the scene due to injuries sustained in the collision.

Troopers said both the cause of the wreck and the condition of the driver are under investigation.
