- Saves pressure on fences

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

## - Just a Scoop Full -

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

Last Sunday I went with a friend at Oklahoma City to help feed the homeless.

That is definitely a different world. But it is a good deal even though sometimes you get to feeling like a lot of them put themselves in that situation. However, not all of them.

We had a little goody bag of several different food items and had handed quite a few out. I told my friend I was going on home and he had

about 20 more bags to give out so he said I will drive South until I see more homeless. He also hands them a card of his that is titled "Changing Hearts Ministries" and on the inside it says - "Jesus - Changing one heart at

a time."

He relates to a lot of those people as he lived that same lifestyle for several years. As we drove South, I was in the vehicle in front of him. I called him and said there is a mom and 3 little boys - be sure and give them some of the food.

He stopped and gave them several extra bags. I asked him if he thought those boys were homeless. He said I'm sure they are. I said did the mom look like she was on drugs? And he said she was struggling. Those 3 boys all said thank you very much several times. They were hungry.

It breaks my heart to see a kid homeless, let alone hungry. Most of us feel we are hungry if we ate lunch and hadn't eaten again until 8 in the evening.

We don't have a clue. My friend lives in Oklahoma City. I asked him to go by there every day to see if he could see those boys. I said I will send you money to buy them food.

On Tuesday we started getting a little rain. By noon it showed .32" out west by Slapout, with Woodward showing .71. By next week I hope I can report larger totals, but hopefully this is a good start. I want to tell God thanks and hopefully we will get more.

I saw a sign that said you can be big headed or big hearted, but you can't be both. Another deal said you can give without love but you cannot love without giving.

Tuesday one of the buyers texted me and said the roof is leaking. Did you know that it leaked when you sold it the sale barn? I texted him back and said it leaked 23 years ago when I bought it and they never told me, so no I didn't tell them - I thought it was a secret.

*"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."*

## Elk City Man Caught Attempting to Steal Copper – Charged

April 28, 2023 - By News Director Jared Atha - An Elk City man was arrested recently after allegedly attempting to steal copper.

According to court records, 37-year-old Daniel Patrick Rafferty was arrested on the evening of April 21 after Elk City Police were dispatched to a vacant motel in the 1100 block of OK-34 that had been condemned by the City.

When police arrived they would see the defendant near a green, opened transformer box where he was allegedly attempting to pull large copper wire out from the box.

After being arrested without incident, he would tell police that another man, later identified as being 47-year-old Jose Angel Rodriguez of Sayre, was inside the building. After being located, he too was arrested without incident. He would tell police that he was attempting to take mattresses from the property.

Rafferty received one felony count of entering with intent to steal copper.

Rodriguez was charged with one count of breaking and entering with unlawful intent – a misdemeanor.

## UPDATE: Woman Accused of Racist Post Arrested

May 1, 2023 - By News Director Jared Atha - The woman accused of impersonating a Clinton teacher and posting a racist message on Facebook has been arrested.

Court records show that 43-year-old Casee Liza Hughes of Oklahoma City was arrested on April 18 after receiving a felony charge of computer fraud and falsely personate another to create liability.

According to a probable cause affidavit, the post came to light in October when the teacher made authorities at the Clinton Police Department aware of the activity.

The victim told police that someone had cloned her Facebook account and created the post in her name.

The affidavit said that as a result of the post, the teacher told authorities that she had started to receive threatening messages, some that allegedly mentioned death. The victim also told police that she suspected the culprit as being her boyfriend's ex-girlfriend, Hughes. She said that Hughes had begun harassing her on Facebook around the same time the inappropriate message was created.

A break in the case came when the victim was able to take a screenshot of a TikTok video, that had shared the post. From there police were able to obtain a search warrant for the TikTok account and discovered that Hughes' email was attached to the account, which was created just three days after the racist post was made.

Hughes is due inside a Custer County courtroom on May 5 for an attorney date. A preliminary hearing conference is scheduled for May 19.

If convicted on the two felony charges, Hughes could face up to 20 years of jail time plus fines.

## Moore's Food Insecurity Bill Becomes Law

April 26, 2023 - OK House of Rep. Press Release - Legislation allowing restaurants and school cafeterias to donate leftover food without threat of civil liability, except in certain circumstances, has been signed into law.

House Bill 1542, authored by Rep. Anthony Moore, R-Clinton, grants civil immunity to restaurants and school cafeterias donating leftover food.

"Unfortunately, the lack of protection from civil action has prevented Oklahoma's restaurants and school cafeterias from donating perfectly good food to those in need," Moore said. "It's my hope that this legislation will help address food shortage issues within the state and open the door to more restaurants and cafeterias interested in donating leftovers."

The bill provides for civil action in situations where the restaurant or school cafeteria willfully or negligently donate spoiled food.

"We have many seniors, individuals and families who are living with food insecurity, while restaurants and school cafeterias feel they have no choice but to throw away nutritious, good food," said Sen. Brenda Stanley, R-Midwest City, who authored the bill in the Senate. "This new law is aimed at encouraging those restaurants and schools who would like to help address hunger in our state to do so. I appreciate the support of our fellow members and thank Governor Stitt for signing this bill into law."

HB1542 was signed into law April 19 and will take effect Nov. 1.
