Sedation Dentistry Calms Fears...
Take a ***pill*** and ***snooze*** through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Sometimes we don't get a second chance

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

A friend of mine showed me a picture of his tractor with a bucket on it. When he raised the bucket up high and tilted the bucket toward him it came down—landing where he was sitting. He then said the muffler maybe slowed it down a little and then he said the steering wheel. He also said he put his hands up there right before it ended up completely where the seat was.

A man that was sitting close and listening to the story said,

"You better go home and get on your knees and thank the good Lord for not letting that cut you in half or pinning you." I said all three things you mentioned—the muffler, the steering wheel, and your hands—would be like a feath-

er trying to stop that bucket. Things happen so fast around equipment and sometimes we don't get a second chance.

This next week is Independence Day. Be proud to be an American. I want every one of you to remind your kids and grandkids that freedom was not free and never will be. Ask them if they would give up their life so their friends could have a better life and a life of freedom. There are some individuals that want to destroy America. We have to push our politicians to never accept money from those that want to destroy America. Thank those this week that you know have served in the military.

Every I turn expenses are extremely high and thankfully cattle are a very good price or otherwise it might be a disaster for a lot of us. With interest double of what it was and most all of us had used all the hay we had and had bought a lot.

And maybe my equipment is too old, but it seems every week there is something major to fix or replace. But with all that said I still live in America and God has been a lot better to me than he should have been.

Tuesday feeder cattle on the futures were up 300 to 440 points with fat cattle up 87 to 152.

There were three churches that had a terrible problem with squirrels. So the first preacher said, "Gather all the squirrels around our church then let's bless them to be one with God." The second preacher said, "Gather all our squirrels and let's rehabilitate them and release them in the wild." The third preacher said, "Just bring all the squirrels at our church. Let's baptize them and they will only be back at Easter and Christmas."

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

Woodward Livestock Auction Report

THURSDAY, JULY 21, 2023

Receipts: 2,380 Last Reported: 0 Last Year: 0

Compared to last week: Feeder steers steady to 5.00 higher. Feeder heifers steady. Steer calves steady on a lighter test. Heifer calves 5.00 to 10.00 higher. Demand was moderate. Quality average with several large strings of good quality feeder steers. Supply included: 100% Feeder Cattle (69% Steers, 29% Heifers, 3% Bulls). Feeder cattle supply over 600 lbs was 73%.

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."
Mike Nesmith-Elk City, Oklahoma

ADVERTISEMENT

LAW OF THE LAND

The general misconception is that any statute passed by legislators bearing the appearance of law constitutes the law of the land. The U. S. Constitution is the supreme law of the land, and any statute, to be valid, must be in agreement. It is impossible for a law which violates the Constitution to be valid. This is succinctly stated as follows:

"All laws which are repugnant to the Constitution are null and void." *Marbury vs. Madison*, 5 US (2 Cranch) 137, 174, 176, (1803)

"Where... by the Constitution are inviolable... be no rule making or legislative... abrogate them." *Miranda*... US 436 p. 491.

...nal act is not law; it... imposes no duties; affords... ates no office; it is in legal

This public service announcement is brought to as a paid advertisement because a government once established, be it local or federal, can no longer tell the whole truth. There is too much profit & control in lies.

This landmark decision-*Marbury vs. Madison* is the "sniff test" for the constitutionality for any ordinance or legislation or law.

Lori Boyd Named SWOSU Vice President for Administration & Finance

July 17, 2023 - SWOSU Press Release - Southwestern Oklahoma State University (SWOSU) with locations in Weatherford, Sayre, and Yukon has announced the selection of Ms. Lori (Baker) Boyd of Yukon as the university's next Vice President for Administration & Finance (VPAF). The appointment is subject to confirmation by the Board of Regents of the Regional University System of Oklahoma (RUSO).

Boyd will succeed Ms. Brenda Burgess in the role. Burgess, who has guided SWOSU's financial affairs for over two decades, has announced that she will retire effective December 21, 2023.

"Ms. Lori Boyd brings decades of experience in financial and budgetary matters as well as in facilities construction and management and personnel supervisory matters," said SWOSU President Dr. Diana R. "Diane" Lovell. "That expertise, combined with her enthusiastic support of SWOSU's mission as one of our graduates, makes her the right candidate to build on the enormous array of positive and helpful initiatives that Brenda Burgess put into motion during her many years of skilled, tireless service here on the Hilltop."

Boyd will assume her responsibilities as VPAF-designate on Monday, July 31, and will work closely with Burgess to ensure a successful transition ahead of Burgess's retirement.

"SWOSU has my heart and is the place where my story begins, and I am truly excited to return to my alma mater to serve in this important capacity," Boyd said. "It will be a great honor to work with the teams within the VPAF division to deliver quality services to our students, faculty, staff, and the community."

Prior to coming to SWOSU, Boyd served as Chief Operating Officer of Rainbow Fleet, Inc. and as Chief Operating Officer of the Hearts for Hearing Foundation, Inc. From 1997 to 2021, Boyd was Chief Operating Officer of The Children's Center Rehabilitation Hospital where she supervised 750 employees and oversaw the formulation and implementation of an annual budget of over \$50 million while also guiding over \$55 million in new construction projects.

Boyd holds a Bachelor's Degree in Healthcare Administration from SWOSU and a Master's Degree in Healthcare Administration from the University of Oklahoma. She is also a graduate of the Executive Education Program at Harvard University and has been inducted into the American College of Healthcare Executives. Boyd is a graduate of Leadership Oklahoma (Class 31) and Leadership Oklahoma City (Class 28). She has served on the governing boards of Science Museum Oklahoma and of the SWOSU Foundation, Inc. The Journal Record has named Boyd one of its "50 Women Making a Difference" and in 2017 Boyd was recognized with SWOSU's highest honor, the SWOSU Distinguished Alumni Hall of Fame.

Boyd and her husband, Bobby Boyd (a 1988 & 1996 SWOSU alumnus) reside in Yukon. They are parents of two daughters, Audrey (a current student at SWOSU) and Evann (a current student at Yukon Public Schools).

The VPAF functions as SWOSU's chief financial and operating officer and as one of the institution's chief administrative officers. The VPAF is a member of the President's Cabinet as well as the Executive and Administrative Councils and oversees a significant portfolio of SWOSU departments including Business Affairs; Physical Plant; Public Safety; University Press; Information Technology; Food Services; Business Enterprise Center; Student Union; Academic Technology; Mailroom; Bursar; and University Bookstore.

For more information, please visit www.SWOSU.edu or contact the SWOSU Office of Public Relations & Marketing at 580-774-3063.

Notices
