## Rain continues to be a welcome friend to ranchers

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

We keep getting rain and I am not complaining. A kinda wondered if God wants to see if farmers and ranchers will start complaining about too much rain.

All of us were concerned and probably complaining three months ago with no rain, no grass, no hay, and no optimism. Now we are finally getting some cane for hay or grazing. Even if it's not your hay and it is several of your neighbors it is still a plus for you because then maybe they won't be competing against

you for what hay there is for sale.

Now I hear several ranchers say, "Do you have any good young cows for sale?" And another said he wanted middle-aged, bred cows.

**Woodward Livestock Auction**

900 Lakeview Dr, Woodward, OK | Jerry Nine 800.442.5548

This slaughter cow and bull market is extremely good. The top cow brought \$127 per hundredweight and the top bull brought \$132.50. Feeder cattle futures are about \$250 per hundredweight with April fats at \$190.72 per hundredweight and all other fat cattle futures from \$180 to \$189.

I love a good cattle market and this market will allow some cattlemen to show some excellent profits particularly on some of these big steers weighing 900 to 1,000 pounds when they bring from \$2,100 to \$2,275 per head.

One rancher put some of the manure from the sale barn for the past two months on a field that was old world bluestem and then just took a land leveler to smooth it out. And where the manure was put that grass was 2-foot taller than where the manure was not put. It couldn't have been a better year to do that as the land probably was getting more than 10 inches of rain on top of that soil.

There were three dwarfs that all got together. The first one said, "I think I have the smallest ears on the world." The second one said, "Well, I think I have the smallest feet in the world." The third one said, "Well, I'm kinda embarrassed but I think I have the smallest mid-section in the world."

So they all said, "Let's check the Guinness Book of World Records to find out for sure." The first one said, "Wow, I'm excited. I do have the smallest ears in the world." The second one blurted out in excitement, "I have the smallest feet in the world." The third one started cussing and was mad as heck. The other two dwarfs asked, "What is the matter?" The third dwarf said, "I thought for sure I had the smallest midsection but who the heck is this Jerry Nine?"

*"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow." Mike Nesmith-Elk City, Oklahoma

## Hobart Man Hospitalized After Single Vehicle Accident

July 31, 2023 - By News Director Jared Atha - A Hobart man is in critical condition after being involved in a one vehicle accident near Carter Sunday morning.

According to the Oklahoma Highway Patrol, the accident occurred just before 9 a.m. Sunday on OK-6 and OK-152, 8 miles northeast of Carter when 24-year-old Kyle E. Theessen departed the roadway to the right and began to slide sideways while driving a 2004 Chevy Silverado.

Troopers said the pickup struck an embankment causing it to roll one and three quarters time, coming to rest on its drivers side.

As a result, Troopers said Theesen was flown to OU Trauma in Oklahoma City where he was admitted with external and internal trunk injuries.

The cause of the collision is still under investigation.

## Speeding Leads to Fentanyl Discovery

July 27, 2023 - By News Director Jared Atha - A probable cause search of a vehicle pulled over for speeding in Beckham County led to the discovery of, among other things, fentanyl pills.

The discovery led to the arrest of three California residents.

According to a probable cause affidavit filed by the Beckham County Sheriff's Office, a deputy pulled over the speeding vehicle that was going over 100mph eastbound on Interstate 40 on July 14.

The deputy noted that after making contact with the driver, he allegedly smelled marijuana inside the car, and later on the driver.

After conducting a search of the vehicle, the deputy reportedly found what later field tested positive to be a little over 10 ounces of marijuana along with 10 tablets of fentanyl.

The driver, 25-year-old Rodney Lavon Shorter of Long Beach, California, and two passengers, 23-year-old Tyler Renae Shorter (also of Long Beach), and 25-year-old Kayla Monique Bisserup were all arrested and each received trafficking and possession charges in Beckham County District Court.
