### THE NO FLY ZONE

- Reduce spread of disease & infestation
- Eliminates man power
- Increase daily rate of gain
- Reduce costly stress of cattle
- No product waste
- Improve overall health on cows and calves
- Saves pressure on fences

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

## Good prices are stabilizing the marketplace

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

I don't know what we ranchers or farmers could complain about but I bet we can think of something. The grass is probably the best I have ever seen for the middle of July in our area. Cattle are at an extremely good price, all the way from calves off the cow to big yearlings.

North of where I live one rancher has had 22 inches of rain since April 26.

Tuesday, we sold a big fat cow that weighed 1,680

pounds and brought \$130 per hundredweight, which figured to \$2,184 per head. We had a big bull that weighed 2,640 pounds that brought \$130 per hundredweight and that figured to \$3,432 per head. Most

ranchers have older cows or wild cows and this is an excellent time to sell them and replace them with a younger pair or a bred cow. If a cow is bigger—even though she is bred—she is apt to go to slaughter just because the demand is very good.

As I am writing this article one cattle buyer said, "What are you doing writing a book?" I said, "No, I am writing this article." He said, "The last time I wrote a letter was to Santa. And he didn't bring me anything that I wanted."

Sunday the preacher said people are always trying to change other people on the outside but instead we need to change them on the inside by them getting Jesus. He said if you don't change them on the inside it's a lot like washing a pig and putting a ribbon on him but he will return to the mud waller because you only changed the outside.

One rancher told me he had been frustrated with the way things had been going. Then he was thinking, God, why don't you do something? Then he felt like God said to him, "I did. I created you."

At the sale a lot of times we have to make our own humor. One buyer said he put a picture of a very large man who was in his speedo, and it was his backside. Then he said that picture was him and posted he sure hopes his new neighbors aren't weirdos.

I saw a picture of a very small boy with his hands together and you could tell he was praying. The little boy said, "Dear God, please send some clothes for all those poor ladies on Grandpa's computer."

*"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."*

### Woodward Livestock Auction Report

# WHITE DENTAL CARE

## Drs. Mori & Teri White, DDS

**Sedation Dentistry Calms Fears...**  
Take a *pill* and *snooze* through your dental appointment.

**F**or many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

## Another Round of Severe Weather Batters Western Oklahoma

August 14, 2023 - It was a busy weekend for Elk City emergency personnel as multiple storms blew through the area that left downed power lines, uprooted trees, and structure damage.

The biggest of the storms appears to have occurred Friday night says Elk City Fire Chief Kyle Chervenka.

“We had several power lines broke on 7th Street behind Park Place Apartments. A lot of doors that were blown in were along OK-6 and the Lakeview (Road) area. There were several south facing garage doors that were blown in, causing some roofs that were partially removed. We also had another residence on Oilfield Drive and 20th Street that had a south facing door blown in, with the roof taken off that structure as well.”

Chervenka went on to say that the National Weather Service had wind gusts in the area recorded between 75mph - 80mph.

Another storm blew through Sunday night that also knocked out power for Elk City residents for a small amount of time.

That storm intensified as it traveled east and caused minor damage in Weatherford and significant damage in Hennessey in Kingfisher county.

No injuries have been reported.

## Clinton Man Accused of Shooting – Charged

August 9, 2023 - A Clinton man and woman have been arrested in connection to a burglary incident in Clinton that resulted in the victim getting shot in both his legs.

According to a probable cause affidavit, 34-year-old Terence Darrell McBrayer of Clinton was arrested and charged on August 1, after an investigation into the incident that occurred at a home in the 1600 block of Deputy Drive on the morning of June 24.

The affidavit stated that the victim told police that he was woken up by a woman who claimed she needed help. Shortly after the defendant, the woman 30-year-old Kaylie Dawn Tucker of Clinton, and another man forced themselves into the home and McBrayer allegedly shooting the victim in the legs.

Police would later arrive to render aid and process the scene.

It wasn't until August 1 when police were able to locate McBrayer at the Custer County Courthouse. There, they would arrest him and place him into the Custer County Jail.

McBrayer was charged with assault and battery by means likely to produce death, possession of a firearm, and first-degree burglary. Tucker was arrested on Wednesday and charged with first-degree burglary.

## SWOSU Offering Classes at Elk City High School

August 11, 2023 - SWOSU Press Release - Southwestern Oklahoma State University (SWOSU) and Elk City High School (ECHS) are partnering to provide higher education opportunities for ECHS students.

SWOSU faculty from the Sayre and Weatherford campuses will teach college classes at Elk City High School for concurrently enrolled juniors and seniors this fall.

“Elk City Schools reached out to us and asked if we'd be willing to teach classes on the high school campus,” said SWOSU-Sayre Site Coordinator and math faculty member Bill Swartwood. “We're happy to make higher education more accessible for Elk City students and provide in-person instruction there.”

SWOSU faculty members have taught classes at various Elk City locations in the past, but this is the first time that classes have been offered at the high school specifically for ECHS students.

U.S. History to 1877, English Composition I, College Algebra, and Medical Terminology are the SWOSU classes offered at ECHS this fall.

Several SWOSU classes are also scheduled to be offered at ECHS in the spring.

Many classes taught at the SWOSU campus in Sayre are also broadcast live via Zoom for students who can't make it to Sayre, providing greater flexibility for busy college students.

For more information about SWOSU-Sayre classes, call 580-928-5533. Fall classes begin on Aug. 21.
