## Nonsensical prediction unlikely to come true

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

I heard where one cattle market forecaster was predicting that we would see \$400 per hundredweight on 500-pound steers or \$4 per pound. Any way you figure that it is \$2,000 per head.

I personally am not very fond of that prediction. I guess anything is possible but that very well might get some people in trouble if they believe that will happen. And if it does then I suggest you run as fast as you can to the bank and cash it and while you are driving perhaps

say a little prayer for the guy or gal that bought them. I would a lot rather cattlemen stay in the middle of the road on expectations and if you get a better deal, just be thankful and not expect it to happen the next year.

Rightfully in comparison to what a new pickup cost they should be \$4 per pound. Now it takes \$70,000 to buy a new feed pick up. You wait and I bet in the next few years they will cost \$100,000 as long as we keep buying them.

I saw where it was said that interest rates will probably go up again. I have a question, do the ones in power to regulate the industry borrow any money? Perhaps not. Probably those multi-millionaires are thinking, "Good now I'll get more for my CDs."

I hear a lot of stocker buyers are having health trouble with the calves they have been buying. And often we are always looking for a better way or new vaccine.

I wanted to buy some steers that were long weaned so I could turn directly out. So I saw a set that weighed 343 pounds that I ran to \$390 per hundredweight and didn't get them. Then their bigger brothers sold weighing 422 pounds and brought \$328 per hundredweight. Hopefully my banker doesn't read this or he may have me committed. That was \$1,334 and \$1,385 per head.

I said to one of the buyers at the sale this morning that perhaps he should go on the same diet that another buyer had gone on, because that guy has gotten very thin. Then the fleshy one said, "I have noticed that fat covers up a lot on a cow and makes the cow look better." I said, "I don't think it is working on you."

I had a young veterinarian come to my ranch to preg some cows. He had somewhat of a nervous look on his face when I said, "I just have one question to ask you." He said, "OK, what?" I said, "How much do you still owe on your student loan?"

*"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."*

## \$1 Million Bond Set for Elk City Man

August 21, 2023 - More details have been released surrounding the arrest of an Elk City man last month after a tip from the FBI led to the raid of the suspect's home.

That man, identified as being 37-year-old Timothy Blaylock Junior would be arrested by the FBI and received multiple felony charges including two counts of child sexual abuse, two counts of possession of juvenile pornography, and one count of attempted 1st degree rape.

According to the probable cause affidavit, On July 28 Elk City P.D. were notified by an agent with the FBI that the suspect was online at the time, and the FBI had reason to believe that an assault of a child was imminent. Police formed an entry team and made entry into the residence, detained Blaylock, and secured the scene.

The affidavit stated that 5 juvenile females were inside the residence with ages ranging from 6 to 14 years of age.

The affidavit said that forensic interviews were conducted with 4 out of 5 of the juveniles, and it was discovered that two of the girls may have been victims.

The court document said that after obtaining a search warrant, police would gather evidence out of the home that coincided with the victim's statements, including a cell phone with alleged inappropriate images involving the victims and Blaylock.

Bond for Blaylock was set at \$1 million.

## Oklahoma Route 66 Museum Recognized as Tripadvisor 2023 Travelers' Choice Award Winner

August 18, 2023 - Press Release - The Oklahoma Route 66 Museum announced it has been recognized by Tripadvisor as a 2023 Travelers' Choice award winner for the top 10% of attractions worldwide. The coveted award celebrates businesses that have consistently received great traveler reviews on Tripadvisor over the last 12 months, placing these winners among the 10% of all listings on Tripadvisor globally.

"We are truly honored to receive this prestigious award," said Oklahoma Route 66 Museum director Pat Smith. "We appreciate the continued support from visitors worldwide, other states, Oklahoma and locally. Thank you so much for this great award."

The museum offers visitors a personal journey through the history of the nation's most revered highway. Oklahoma still has more than 400 drivable miles of Route 66 today.

"Congratulations to the 2023 Tripadvisor Travelers' Choice winners," said John Boris, chief growth officer at Tripadvisor. "The travel resurgence we've seen throughout the past year has even further heightened the competition. Earning a Travelers' Choice Award demonstrates that you have provided great experiences to those who matter most: your guests. With changing expectations, continued labor shortages, and rising costs, this is no easy feat, and I am continually impressed with the hospitality industry's resilience and ability to adapt. Cheers to another successful year!"

For more information, contact Pat Smith, director of the Route 66 Museum, at 580-323-7866 or rt66@history.ok.gov. View admission prices and the online store at [www.okhistory.org/route66](http://www.okhistory.org/route66).

Check out the reviews of the Oklahoma Route 66 Museum on Tripadvisor's website.
