Sedation Dentistry Calms Fears...

Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

Many cowboy tales are timeless

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

Any time you have a bunch of ole cowboys around you almost always hear stories of the past. And it is always more fun to tell a story about some other cowboy doing something dumb rather than tell how stupid you were.

But this time it was simply a story about an older cowboy who was extremely conservative or maybe I should be truthful and say down right tight

or a penny pincher. This probably took place somewhere around 1960 and hopefully not 1970 or later. This one cowboy was the best of a neighbor you could have and also one of the best cowboys in the

country.

He loved to rope and could catch one in the pasture in nothing flat. So after a long day of moving cattle and branding calves he was loading his sweaty horse in the trailer when the penny pinching cowboy walked up to him and said, "How much do I owe you?" "Oh," he said, "Just pay me for what it was worth." So the owner of the ranch walked over to his pickup and got out a check and wrote it out for \$10. I have thought about this for a little bit and I am reminded please let me never tell someone to pay me what I am worth.

Maybe I said this the other day but I am told there are a couple of ladies that do not like my jokes that I sometimes tell on a woman. Then they went on to say they would like to run me through the chute. I sure hope they were thinking vaccinations.

Almost always if you turned out worth a darn there was someone in your life who made a difference. It may have been a mother or grandmother praying for you or a dad bopping you upside the head. But more often than not it helped.

The lady who watched my kids for all those years sent me a message that said, "I turned my back for a second and old age crept up on me faster than a pair of old underwear."

Yesterday it was so hot that I opened all the windows and took off all my clothes. I felt so much better that way but one lady on the bus got very mad.

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

Elk City Man Charged with Arson

August 23, 2023 - An Elk City man was arrested earlier this month after allegedly setting a shed on fire.

According to court documents, 50-year-old Jerry Herndon was arrested on August 10 for the crime and received a felony charge of fourth degree arson in Beckham County District Court.

According to a probable cause affidavit, Elk City Police were dispatched to a structure fire in the 500 block of Patton Circle. When an officer arrived, crews with the Elk City Fire Department had quickly extinguished the fire that was inside a shed.

Two witnesses would tell police that they witnessed a man go inside the shed before the fire started.

After getting a description of the man, police were able to locate Herndon at a community center in the 600 block of West E Avenue, a half block away from where the fire took place.

After being detained, police would take Herndon back to the scene of the crime where the witnesses were able to positively ID him as being the man who entered the shed.

Herndon was arrested and searched, where police say they found two lighters on his person.

His next court date is scheduled for August 28.

WTC’s Corning Honored

August 24, 2023 - Press Release - Western Technology Center Superintendent Kathe Corning was presented the Oklahoma Association for Career and Technical Education (OkACTE) Lifetime Achievement Award recently at the 2023 Oklahoma Summit in Tulsa.

Corning has worked in the Oklahoma CareerTech system and served western Oklahoma for 45 years. She began her CareerTech journey at Western Technology Center in 1978 as a fashion trades teacher and has continued to serve in a variety of capacities including as an education enhancement coordinator and special needs representative, assessment director, assistant superintendent and director of student services prior to becoming the Western Technology Center superintendent in 2020.

Corning serves as a liaison with teachers, staff, students and community leaders demonstrating excellence in communication, organization, critical thinking, management and fiscal accountability. Officials say has a strong vision for the district and the leadership skills to guide and facilitate Western Technology Center’s growth.

The Lifetime Achievement Award recognizes excellence and dedication within the field of career and technical education among members of OkACTE. Recipients of the award are individuals who have contributed to the success of CareerTech through the quality of their work and their involvement in the community. Winners are recognized at the state, regional and national level.

Western Technology Center has been serving western Oklahoma since 1970, just a few years before Corning began her career with the district. The center provides industry- certified training for high school and adult students with short-term classes also available for skill enhancement opportunities and also provides business and industry customized training to assist local businesses with a ready workforce.

Western Technology Center is part of the Oklahoma CareerTech system which offers programs and services in 29 technology center districts across the state and operates on 59 campuses. Organizers say CareerTech plays a role in developing a world-class workforce for Oklahoma employers and prepares Oklahomans to succeed in the workplace, education and life.

Educational leadership organization OkACTE has more than 4,000 members and is considered the backbone of career and technology education and workforce education police development in Oklahoma. The organization works closely with its national affiliate, the Association for Career and Technical Education, to help its members stay on the cutting edge of education, family, workplace and community development.

AUCTIONEER'S STATEMENT: It is an honor to conduct the auction of the home located on West Historic Broadway of Don and Juanita Wham who were active members of the Elk City Community. We invite you to attend this special auction.

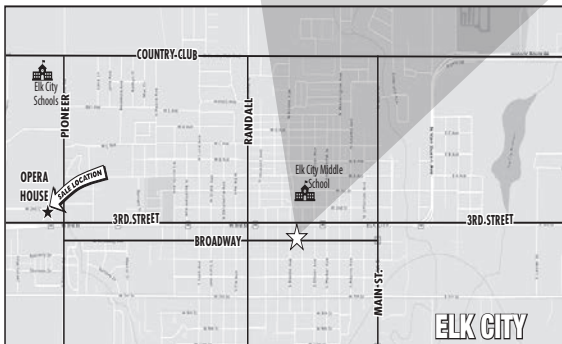

PROPERTY DESCRIPTION: This special 2 story house located on a large corner lot at 704 W. Broadway offers many possibilities. The house has approximately 3,016 square feet of living space with a basement area and was originally built in 1915. The house has 2 updated downstairs bathrooms with a large walk-in closet in the master bathroom. There is an abundance of space with lots of possibilities with the great opportunity to live on Historic West Broadway. It includes a large fenced back yard with a gazebo and a detached one car garage and carport.

REAL ESTATE TERMS: 15% of the purchase price will be placed in escrow day of sale. Property will be conveyed by Warranty Deed. Possession will be at closing. All measurements are approximate. (Selling surface only)

BROKER PARTICIPATION INVITED: Brokers must pre-register client 48 hours in advance of auction.
