"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

Fun a requirement for living in the High Plains

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

Sometimes it's just hard for me to be good. My older sister said, "I think we need another bull as we have 44 cows in one pasture with two bulls and the one bull is limping." I said, "Well, your husband limps some isn't he still aggressive?" She said, "Maybe so and maybe not." It sounded like she was saying none of your business. I said, "OK, we better replace the bull but how about your husband?" She said, "I

better keep him I just had knee surgery and he's a pretty good caretaker." I thought that our slaughter cows and bulls would get cheaper these past two weeks but if anything, they are a

little higher. Normally September through October and sometimes November there are so many cows show up that the packers can't get them all processed. But this is definitely a different year with the drought we just went through and so many extra cows and bulls were processed. And it wasn't one or two states. There were many that were dry. A few cows we sold weighed 1,350 pounds and brought \$122 which figures \$1,647. That's an excellent time to sell that older cow and buy a younger one.

The preacher on Sunday I thought had a lot of good comments. He said the enemy wants you to give up. He said you better be talking to your kids, grandkids and friends about Jesus. He said you can be assured that someone is and it may not be Jesus.

Let's all pray every day for America. I like being free. At church Sunday, one friend of mine who is Black walked by me and I said, "How are you doing?" He said, "I am short, Black and beautiful." I said, "Well, two out of three ain't bad."

A friend said his grandson called the other day to wish him happy birthday. He said, "How old are you grandpa?" He said, "I am 80 today." His grandson said, "Wow, Grandpa, did you start at 1?"

Another older woman said her granddaughter said, "Grandma, do you know how you and God are alike?" Grandma, just smiled from ear to ear and said, "No. How do you think we are alike?" She said, "You are both old." One grandkid said, "My grandpa is so funny. He said any time he bends over he acts like that sound came from the dog and the dog is not even close."

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

The Happy Campers

The rain was coming down so hard, James could barely see the road in front of his RV as he drove into Foss State Park.

“We made it, honey,” James says to his wife, Elaine. “You can stop holding your breath now.”

James and Elaine bought their RV used 2 years ago and they love it. They take weekend trips like this one to parks in Western Oklahoma. They also hit the road for two weeks in the summer and go see parts of the country they always talked about seeing when they first married.

The only problem they had was that soon after they bought it, they noticed that the roof leaked a little after a heavy rain. When that happened, James had to wait until the rains stopped and things dried out, then he’d climb on top of the RV, find where the water was coming in, and caulk it. One time he lost his balance and almost fell from the top of his RV.

The leaking and repairing was bad enough. But each time the forecast called for rain during one of their trips, they started worrying about another leak instead of enjoying the scenery around them.

They decided they didn’t want to worry anymore. So they looked around to see what they could do about it. They loved what they saw on the website www.flexarmorroof.com.

A trip to Rolling Retreats on 20th Street in Elk City was all it took. Their RV was in the shop for 2 days while the crew stripped down the existing roof, then applied the Flex Armor Roof.

When it was done, they couldn’t believe how good it looked. And the zero maintenance/lifetime guarantee meant they’d never have to worry about water leaks again. Ever. They were ecstatic.

And on this particular day, as they look through the windows at the rain falling in sheets around them in Foss State Park, they’re relaxed, their minds drifting.

“Let’s have a cup of coffee while we wait for the rain to let up,” James finally says.

They go to their Keurig, and in a cabinet near their coffee cups they see their caulk gun lying there.

Elaine points at it and says, “We won’t be needing that.” James looks at her and just smiles.

“In Case You Missed It Last Week”

By Paragon News Director Jared Atha

Chase Suspects Came From El Paso Area

September 18, 2023 - Beckham County Sheriff Derek Manning provided us with the latest update on the search of suspects who were involved in a high speed pursuit last week in both Wheeler County, Texas and Beckham County.

Manning said what is likely three suspects who fled on foot during the pursuit have not been located, and have more than likely left the area.

He said information that he was able to obtain from the three suspects that were caught suggests that the group did not know each other, and were picked up around the El Paso, Texas area.

“As they got in the vehicle (in El Paso) the driver told them to not speak to each other, and to turn their phones off. They were terrified and were already starting to suffer from exposure even though it was in the 60s. They were shivering when we got them in custody and got them to the jail. A couple of them were cooperative and we got some information, but not any names. Nobody knew anybody. No sightings since then.”

Manning did say that there was a report of an apparent break in in the area where an individual made a meal, ate it, and left.

The incident originated early Thursday morning in Wheeler County when authorities attempted to pull over the Dodge Charger. The vehicle would not comply and lead multiple agencies on a high speed pursuit until the car became disabled in Beckham County.

Even though it is suspected that the remaining suspects have left the area, authorities are still asking the public to remain vigilant.

Hit and Run Incident Under Investigation in Weatherford

September 19, 2023 -A Weatherford man is in critical condition after an apparent hit-and-run incident.

According to a report provided by the Oklahoma Highway Patrol, the collision occurred on OK-54, just west of Weatherford at 10:54 p.m. Monday when while riding a motorized bicycle, 57-year-old Michael Anthony Breaux was struck by a Silver Chrysler 300.

Troopers said witnesses said the Chrysler would flee the scene after striking the man.

Breaux was flown to OU Medical Center in Oklahoma City where he was admitted in critical condition with arm and leg injuries.

OHP says the incident is still under investigation.

Fatal Accident in Ellis County

September 18, 2023 -Authorities say a 23-year-old man died in a single-vehicle crash early Monday morning in Ellis County.

An Oklahoma Highway Patrol collision report said that a 2013 Toyota Camry was involved in a crash around 2:15 a.m. on US-60 just east of Arnett. The driver was pronounced dead at the scene.

The Oklahoma Highway Patrol identified the driver as 23-year-old Tony Lynn Joseph Hahn of Camargo.

The circumstances surrounding the crash are under investigation.
