## Stand up for you what you believe

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

It has been said if you have enemies—then good—because that means that you stood for something.

I want you to ask yourself what do you really stand for. Are you one that wants to ride the tide so that you do not have anyone ever say anything against you?

I have offended some cattlemen that should have been happy for anyone to challenge packers and retailers. We had cattle organizations or leaders

in those organizations that didn't have the guts to stand up for the individual cattlemen.

Instead it appeared they thought, "Well, we do get a little bit of the checkoff so let's do nothing."

Whether we agree or not you need to have the guts to stand up for what you believe.

Even in the Bible, Jesus said, "If you deny me before men, I will deny you before my father in heaven." If you are a Christian be happy and gladly let it be known that you are. If you are an American be proud that you are and thankful for it. If you are a farmer or rancher, be proud that we feed America.

Feeder cattle prices seem to keep gaining strength while some calf prices have dipped a little as we are at the time and will be for a couple of months that it is harder to keep some of these unweaned calves alive—and expensive too.

For you that say, "My calves never get sick" when you take them to the sale right off the cow then I challenge you to buy a load or two of calves then buy you some medicine. And, oh yes, get yourself a log chain, too.

I was telling a friend that I was part Indian. He said, "Being conceived in the back of a Jeep does not make you part Cherokee."

Right outside our restaurant at the sale barn I am going to post a sign that reads, "Please do not throw cigarette butts down here. They get soggy and hard to light."

I was at the hotel and walking across the street to get something to eat when one gal working there said, "Where are you headed?" I said, "I'm going to get something to eat."

She said, "You have never gotten me anything." I said, "I have given you something several times." She said, "Like what?" I said, "I have given you a headache."

*"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."*

And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

## West Nile Confirmed in Washita County Horse

September 28, 2023 - In a press release it was announced that a horse in Washita County passed away after contracting West Nile Virus.

Officials say a 4-year-old Quarter Horse gelding passed away last week and it was confirmed the horse had the virus on Wednesday.

West Nile virus is transmitted to horses via bites from infected mosquitoes. Not all infected horses show clinical signs, but those that do can exhibit various symptoms including flu-like symptoms, drowsiness, and weakness.

West Nile virus has no cure. However, some horses can recover with supportive care. Equine mortality rates can reach 30-40%.

Studies have shown that vaccines can be effective WNV prevention tools. Horses vaccinated in past years need an annual booster shot, but veterinarians might recommend two boosters annually—one in the spring and another in the fall—in areas with prolonged mosquito seasons.

It was not revealed where in Washita County the horse was owned.

## A Professional Basketball Team is Calling Elk City Home

September 26, 2023 - By Landry Brewer - Minor-league basketball players will make a major impression when the American Basketball Association season tips off here in November.

The Western Oklahoma Bulls, one of the ABA's newest teams, will play home games at Elk City's Arrowhead Center.

The Bulls are coached by El Reno native Jonathan Reed. A member of the Cedar Valley Junior College national championship basketball team, Reed played in the NBA Summer League, then the Ireland Professional League where he was named Player of the Year. He also coached at Enid High School.

The team's home opener is November 4 at the Arrowhead Center.

For ticket information, follow the Western Oklahoma Bulls on Facebook, @westernokbulls on Twitter, or at westernokbulls on Instagram.

The original ABA merged with the National Basketball Association in 1976. Some of the ABA's most famous players were Julius Irving (Dr. J), George "The Iceman" Gervin, and Rick Barry. These and many others later played in the NBA.

The ABA was reformed in 2000 in partnership with the NBA.

## The Happy Campers

The rain was coming down so hard, James could barely see the road in front of his RV as he drove into Foss State Park.

"We made it, honey," James says to his wife, Elaine. "You can stop holding your breath now."

James and Elaine bought their RV used 2 years ago and they love it. They take weekend trips like this one to parks in Western Oklahoma. They also hit the road for two weeks in the summer and go see parts of the country they always talked about seeing when they first married.

The only problem they had was that soon after they bought it, they noticed that the roof leaked a little after a heavy rain. When that happened, James had to wait until the rains stopped and things dried out, then he'd climb on top of the RV, find where the water was coming in, and caulk it. One time he lost his balance and almost fell from the top of his RV.

The leaking and repairing was bad enough. But each time the forecast called for rain during one of their trips, they started worrying about another leak instead of enjoying the scenery around them.

They decided they didn't want to worry anymore. So they looked around to see what they could do about it. They loved what they saw on the website [www.flexarmorroof.com](http://www.flexarmorroof.com).

A trip to Rolling Retreats on 20th Street in Elk City was all it took. Their RV was in the shop for 2 days while the crew stripped down the existing roof, then applied the Flex Armor Roof.

When it was done, they couldn't believe how good it looked. And the zero maintenance/lifetime guarantee meant they'd never have to worry about water leaks again. Ever. They were ecstatic.

And on this particular day, as they look through the windows at the rain falling in sheets around them in Foss State Park, they're relaxed, their minds drifting.

"Let's have a cup of coffee while we wait for the rain to let up," James finally says.

They go to their Keurig, and in a cabinet near their coffee cups they see their caulk gun lying there.

Elaine points at it and says, "We won't be needing that." James looks at her and just smiles.

# A Salute to American Farmers!

Farmers, thank you for continuing to measure your time not in hours, but acres; for running through the night to finish harvesting a field before the rain comes; and for working through extreme temperatures and weather conditions to check on and care for livestock. Thank you for all the hats you wear on a daily basis to keep your farm moving forward.
