"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

## The circle of life has many twists

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

There are a lot of interesting things in life and if you live long enough you often get to experience a variety.

There is definitely a role of parents and them being the boss over their kids. But in certain instances, if the parents live long enough or if their health deteriorates those roles often reverse.

One rancher and an extremely nice man ran a lot of cattle. And in the course of the day on the ranch a six pick was often needed to quench his thirst. And some days he was even more

thirsty than that. And as the years rolled by Alzheimer's disease or whatever the case was changed his memory or didn't allow him to remember certain things.

So his grandson, a young adult, was assigned to take care of grandpa on the ranch. Well, as his memory had faded

it appeared he didn't remember to buy that six- or 12-pack of beer. One day it was necessary for the grandson to have Grandpa out all afternoon. And after Grandpa asked him the same question of "Where are we going?" over 100 times the grandson said, "Grandpa, do you want a beer?" Grandpa said, "I sure do." Grandpa had two beers and it mellowed him out and he quit asking the same question.

A few days later the grandson told his mom, who was also grandpa's daughter, how he fixed the situation. And, of course, his mom said, "Don't be giving Dad beer!" The grandson said, "Mom, you go hang with Grandpa all afternoon and you and Grandpa will both be drinking beer."

Last week we sorted a load of steers and heifers and it said on the bill in to be sure and preg check the heifers before the sale as they would definitely make a good set of replacement heifers. And he was right because after sorting them no matter who buys them they are going to have to replace their corrals. We had to let one out at a time and slam the gate before the next replacement heifer went with her.

I was at a motel this past weekend and let me admit I cannot be good all the time. An older man was a little crippled and his wife was following him and they were trying to go down a few stairs with his luggage so I said, "Let me carry your luggage for you." He said OK.

It had a green sweater on top of the luggage. I said, "I'll just put it here by the coffee pot and after you eat breakfast you can get it." His wife, said, "No, I'll take it to our table." I said, "No one's going to steal that ugly ole sweater." She said, "I beg your pardon that is my sweater."

I said, "Oh, I thought it was his." She said, "No, you didn't."

So in a few minutes I went to their table and said, "That is the prettiest sweater I have ever seen."

*"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."*

## Oklahoma Corrections to Launch Orange Alert Notification System

October 27, 2023 - The Oklahoma Department of Corrections announced today that the new Orange Alert notification system is operational and ready for citizens to opt in. ODOC worked with Rave Mobile Safety to set up the text message network to ensure Oklahomans can conveniently register to receive alerts about prison escapes.

The idea for the Orange Alert system came to Katie Edelen after county jail escapees took her aunt hostage. Edelen decided to help all Oklahomans be safer when an inmate walks away or escapes from a prison. While attending a legislative camp held at the State Capitol in 2022, the then-high school senior drafted legislation to institute an alert system that notifies citizens of such times when inmates unlawfully leave a correctional facility.

Rep. Anthony Moore learned of her proposed legislation and decided it needed to be an actual law. Moore and Sen. Darcy Jech co-authored HB 1546, which passed unanimously in both chambers during the 2023 legislative session. Gov. Kevin Stitt signed it into law on May 17, 2023, and it takes effect on Nov. 1.

Unlike an Amber Alert, the Orange Alert is an optional system and is not location-based. Citizens may opt-in to receive notifications by texting a keyword to 77295. Each facility’s keyword can be found at orangealert.ok.gov. In the event of a walkaway or escape, the alert will be issued to those on the specific facility’s list.

ODOC is excited to bring Katie’s idea to life as we continue efforts to keep Oklahomans safe.

## Bulls’ Home Opener Nears

October 27, 2023 - A double dose of hoops hysteria arrives as western Oklahoma’s professional basketball team begins its first season with a two-day home stand.

The Western Oklahoma Bulls will play their home openers November 4 and 5 against the Colorado Rise at the Elk City Arrowhead Center.

“Our team is pumped and ready to rock the arena,” said team owner Jonathan Reed. “We’ve got some surprises up our sleeves, and we can’t wait to share them with our awesome fans. Join us for a fantastic weekend of basketball!”

Tipoff for the November 4 home game is at 6:00 p.m., and the November 5 game begins at 1:00 p.m.

The games will be played at Elk City’s Arrowhead Center, 600 N. Western Drive.

Tickets are available online at Arrowhead Center | WesternOK Bulls | Tickets or by calling the Arrowhead Center directly at (580) 303-4140.

If you’re interested in making each home gameday an unforgettable experience, become a part of the Bulls’ volunteer crew, the “Bulls’ Game Changers.” Contact the Arrowhead Center for more information.

As a proud member of the American Basketball Association (ABA), the Bulls are dedicated to bringing high-energy, fast-paced basketball action to the heart of Western Oklahoma.

Let’s rock the Arrowhead Center November 4 and 5 and cheer on the Bulls, making the atmosphere electric.
