### Sedation Dentistry Calms Fears...

Take a *pill* and *snooze* through your dental appointment.

**F**or many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

## Keep believing and praying in tough times

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

I have a friend who has cancer. He is a believer but he is also concerned. It is an aggressive cancer.

I reminded him that he is not going to die one day sooner than he is supposed to. However, I firmly believe that his family and friends could pray for him and get a few years extra life or even the cancer to disappear. God knows the before and after and he knows whether those friends are going to pray for him and he'll be

granted extra life. So, God still knows the day he is going to die.

Otherwise if there were no hope there would be no reason to pray at all. Even some atheists claim they do not

believe but when they have no one to turn to they grasp for hope.

The cattle market has slipped some but is still good. Sometimes you get the futures selling off and then other big players follow suit. A lot of the bigger feedlots are full but there are not many true hard yearlings available. There are quite a lot of calves off the cow available but even those numbers are less than usual. I wish the majority of sellers who do not wean their calves sold them two months earlier or two months later rather than in the middle of 50- to 60-degree swings in the temperature.

My opinion is the 7 to 8 million people that we let freely come into this country will go down in history as the worst mistake any administration has ever done. There are bound to be a lot that want a better life and willing to work but there will be way more than we want to think that came in the middle of the glut that want to do damage to America and sadly probably will. We already have a lot of people protesting America. If you don't like it, then leave.

I'm glad our country is staying friendly to Israel. If you read the Bible, you will know they will not lose.

One man said to me, "I can see why you stay so limber." I said, "Why is that?" He said, "Cause you always have your foot in your mouth."

A friend said to me that I am not the stupidest man in the world, but I better hope that he doesn't die.

A man stopped me at the sale and he said, "I can get by with saying more stuff that he could never get by with." I said, "What did I say?" He said, "You ran that cow and calf in the ring to sell and said she has a nice pair."

*"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."*

According to the Oklahoma Highway Patrol, the accident occurred just after 4 p.m. Saturday on a county road a mile and a half northeast of Erick.

Troopers said the cause of the accident and what happened is still under investigation, but did say a 12-year-old was driving the ATV at the time of the crash. ## Possible New Sales Tax Discussed at Weatherford

November 2, 2023 - During the latest meeting of the Weatherford City Commission on Tuesday, Mayor Mike Brown introduced a new sales tax proposal that would go towards a new aquatic center.

Brown proposed the idea of a new partnership with Great Plains YMCA for the project that would see a community center built that he says would be used for recreation and the aquatic center with an indoor and outdoor pool.

Still in the development stage, the duration or amount of a new sales tax was not discussed. Commissioners could vote on to put the proposition on the ballot in December. If passed, Weatherford citizens could decide on the matter early next year.

Currently, a half penny sales tax is set to expire on June 30.

## Shoplifting Leads to Fentanyl Discovery

November 3, 2023 - An attempted shoplifting incident at the Weatherford Walmart lead to the discovery of fentanyl and other illegal drugs.

According to a probable cause affidavit, 27-year-old Cayla Rae Ray of Edmond was arrested on October 20 after she allegedly put items into a suitcase and leave the store without paying for them.

After police arrested her, a search of her purse would turn up a little over 15 grams of fentanyl, 0.73 grams of cocaine, 0.93 of methamphetamine and other drug paraphernalia.

Ray was charged with aggravated trafficking in illegal drugs, two counts of possession of a controlled dangerous substance, unlawful possession of drug paraphernalia, and larceny.

Bond was set at \$25,000. Her first court date is scheduled for November 13.

**CAPITALIZE ON YOUR INVESTMENT BY PROTECTING YOUR HERD FROM EXTERNAL PARASITES ALL YEAR LONG!**

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."
