And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow.'"

## Cattle price run overall looks positive

**Jerry Nine**  
Woodward  
Livestock  
Auction  
Woodward, OK

This is quite a business we are in when you are talking about the cattle business. It has been a very good run as far as prices and it looks like it should stay good for quite a while.

But as far as feeder cattle and feeder futures they have lowered quite a bit and after the futures started falling it appeared the funds jumped in and started selling the market. Some funds are traded without a human

making a decision but rather the computer reacting to the movement of the market and speed of movement.

Most of us do not mind if the futures are pushed higher by the funds but we can sure get aggravated

when they push the market lower. But hopefully it will rebound some.

A man called this week from southeast Oklahoma and wondered what my opinion was on the number of cows around our area compared to a few years ago. He felt in his area there are probably 75% of cows compared to a few years ago. He asked me if I felt it was the same in our area. I told him I would imagine it is the same here.

And then after the drought, cows picked up in price enough that brought more cows to the auction. He told me in that area of southeast Oklahoma three big ranchers have been sold to hunters that do not plan on running any cattle on them. I thought they said they are stocking it with Red Boar.

There is a gal who attends the sale every week that is from the Slapout, Oklahoma, area where I grew up. And I think she feels like her calling in life is to help keep me on the straight and narrow. And sometimes that is quite a task. She was talking about planting good things in a person's life. I said, "Yeah I think sometimes I am planting weeds." She said, "And I am going along behind and spraying Round-up."

Our destiny is not a matter of chance. You may say I'm a self-made person. No one is totally self-made. The devil is a liar and will try to convince you that God is not helping you and it is not working for you. Just be thankful. We don't realize how fortunate we are.

*"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."*

## Combative Inmate Receives Additional Charges

November 16, 2023 - An El Reno man being held on an arson charge inside the Custer County Jail received additional charges after allegedly being combative with jail employees.

According to court records, 46-year-old Dennis James Cokeley was charged on November 6 with assault with intent to commit a felony, placing body fluid on a government employee, and attempted escape from detention after the incident that occurred on November 2.

A probable cause affidavit showed that on that date Cokeley allegedly attempted to walk away from the prison after returning from receiving medical treatment. When the deputy in charge of transporting Cokeley grabbed the prisoner by the arm, Cokeley allegedly punched the deputy in the eye. After being grabbed again and forced inside the jail, Cokeley would allegedly spit in the deputy's face.

A second affidavit revealed that Cokeley had allegedly assaulted a medical professional on separate occasion by throwing a piece of medical equipment at her.

Cokeley was originally being held in the Custer County Jail on charges of fourth degree arson after a house fire in Clinton on August 15.

## Amazon Adding Solar Farm in Kiowa County

November 20, 2023 - Amazon is adding to its renewable energy projects in Oklahoma with the construction of its first solar farm in the state.

The company announced it will be a 100 megawatt farm in Kiowa County. It will be in addition to Amazon's wind farms in Caddo, Pontotoc and Beaver counties.

Amazon stated the solar farm as well as the wind farms will help power its local operations such as fulfillment centers, sorting centers and delivery stations.

In a statement, Amazon officials say the farm will help "create jobs, support local businesses, and boost the local tax base".

Amazon started 2023 by setting a corporate record for the most renewable energy announced by a company in one year. In January, the firm was the largest corporate buyer of renewable energy.

The company has a total of 479 wind and solar projects around the globe.

Amazon has expanded its renewables portfolio into 26 countries and 21 U.S. states, with new projects in not only Oklahoma but also Arkansas, Georgia, Maryland, Michigan, Mississippi, Missouri, Oklahoma, and Virginia so far this year, as well as Canada, Greece, and South Korea.

## Scary Pursuit on Halloween Night – Sayre Man Charged

November 17, 2023 More information has been released that details a scary high speed pursuit through Elk City streets on Halloween night.

As a result, a Sayre man was arrested after wrecking his pickup at the end of the pursuit.

According to a probable cause affidavit filed by Elk City Police, the pursuit was initiated at the intersection of 20th Street and Pioneer Avenue just before midnight on October 31, when an officer on routine patrol attempted to pull over 36-year-old Frankie Don Balderas for speeding.

The affidavit said that while traveling eastbound on 20th, Balderas would increase speeds that would reach 75 mph.

Police said that the suspect would turn north onto Randall Avenue, disregarding stop signs, and at one point reach speeds up to 80 mph going through the intersection of Randall and 7th Streets.

The affidavit said that once the pursuit on Randall exited the city limits on the north side, speeds would eventually increase to 100 mph, and on two occasions caused oncoming traffic to swerve into the ditch to avoid hitting the oncoming Balderas vehicle.

Eventually, while eastbound on a county road, police said Balderas would lose control of his vehicle, wrecking it.

Balderas would be arrested and eventually booked into the Beckham County Jail after being checked out at Great Plains Regional Medical Center.

He received one felony charge of eluding police.

**Sedation Dentistry Calms Fears...**  
Take a *pill* and *snooze* through your  
dental appointment.

**F**or many Americans, going to the dentist is a  
frightful event. If you are one of the 145 million  
people who avoid the dentist due to fear, we  
have the solution... Sedation Dentistry.

You can now experience your dental appointment  
through a totally relaxed and comfortable environ-  
ment. With the help of Sedation Dentistry, you will  
wake up to find that your dental appointment is over  
and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish  
more dentistry in one appointment which means fewer  
visits to the dentist.

Sedation Dentistry is available for everything from  
simple restoration to the most complex procedures.  
We are very sensitive to our patients needs, especial-  
ly those with high fear and apprehension. Now we  
can put an end to anxiety with this safe and wonderful  
technique of sedation.

We are proud to be able to offer Sedation Dentistry  
and offer hope to those who have been avoiding the  
dentist due to fear. If you would like to know more,  
call our team with your questions.
