Cattle futures can be frustrating to follow

Jerry Nine

Woodward
Livestock
Auction
Woodward, OK

There seems to be a lot of jacking around going on in the cattle futures. Some say maybe we went too high but most of us selling feeder cattle didn't think so. And then they say we probably fell too far.

One commodity guy said yes and when they drop like that they want to burn down our building but when they

are going up they feel it is very justified. Yes, I would admit most of us are very greedy. I don't know about your expenses but everything I buy is higher. And then our interest rates have doubled.

We did receive a nice snow and you very rarely hear me use those two words together. We got 6 to 7 inches of snow so hopefully that is at least a half of an inch of moisture.

On Tuesday during the day January feeders had moved \$8.25 per hundredweight, so early then fell over \$4 per hundredweight and

then rebounded where they were about that much higher than the previous day. Last Friday and Monday was close to a blood bath in the cattle futures. January feeder futures from their highs to last Monday had fallen \$55 per hundredweight. So with our rally on Tuesday hopefully we can gain some more ground and go higher.

It is nice to see some wheat pasture around the country. In our area you see some wheat barely planted some 3 or 4 inches tall with one farmer saying he had some 14 inches tall. I haven't seen any of that.

Last week we were preg checking some heifers. There was a 7-year-old boy there. One heifer that calved early had a 300-pound calf. So one man told him he would give him \$50 to ride that calf. So two of us penned the calf against the corral and he got on but we had to pry his hands off the fence. It was fun and brought back memories of when my boys were younger.

Some of you had a little break here at Thanksgiving. But husbands need a break a lot of times during the year cause it is hard being the best thing that ever happened to their wife. Oh, I think some temperatures just went up on a few females

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow." Mike Nesmith-Elk City, Oklahoma

WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Elk City Crash: Driver Formally Charged With Illegal Re-entry

December 4, 2023 - The man accused of causing a collision that killed six people in Elk City was formally charged with illegal reentry after removal from the United States.

According to a press release from U.S. Attorney Robert J. Troester's Office, 43-year-old Jose Paxtor-Oxlaj was the driver of a vehicle that crashed on November 21. One of the people killed in the collision was a 4-year-old.

The collision also left one person critically injured.

An investigation by Immigration and Customs Enforcement revealed that Paxtor-Oxlaj was ordered to be removed from the U.S. to Guatemala in 2010. He did not have permission to reenter the U.S., according to ICE investigators.

If found guilty, he could spend up to 20 years in federal prison.

Paxtor-Oxlaj was charged with six counts of first degree manslaughter last week in Beckham County.

OSBI Investigating Granite Shooting

November 29, 2023 - On Tuesday, the District 3 Drug and Violent Crimes Task Force requested the Oklahoma State Bureau of Investigation to assist with a double shooting in Granite.

A press release stated that around 9:30 a.m. that morning, the Granite Police Department responded to a home near Cottonwood Street and West Seventh Street. When officers got to the scene, they discovered an adult male and female with gunshot wounds. Both individuals were quickly transported to local hospitals, where they unfortunately succumbed to their injuries.

There are no suspects at large and the events that led up to the shooting are still under investigation at this time.

Along with the OSBI, the Granite Police Department, Greer County Sheriff's Office, District 3 Drug and Violent Crimes Task Force, and the Mangum Police Department assisted with the investigation.

Elk City High School Placed on Temporary Lockdown

December 4, 2023 - Elk City High School was placed on lockdown Monday morning for about 15 minutes says Superintendent Mike Sparks.

He said the lockdown was initiated after a student reported through the school district's app, that there may be a gun on campus.

"Within about two minutes of receiving the alert, the school resource officer got involved and did locate a gun in a trash can on the high school campus."

Sparks said the gun was secured and the student was taken into custody.

According to a post on the Elk City Police Department's Facebook page, the student taken into custody is 14-years-old, and the unloaded gun was found in a bathroom.

The name of the student, or why the student brought the gun to the school has not been released.

THE NEW BD7600 BOX DRILL

Introducing the new BD7600 Series Box Drills – with legendary durability and performance.

- NEW feeder cups meter by speed, adjusting for different application rates by changing the meter wheel rpm
- NEW box design and structure demonstrate industry-leading durability and flexibility
- The disc blade coulters are offset with alternating leading edges to enhance stability and reduce side-shifting
- Optional hydraulic drive reduces moving parts for easy operation
